C. render all decisions based on the available facts and independent judgment, refusing to surrender that judgment to individuals or special interest groups;

D. encourage the free expression of opinion by all Board members and seek systematic communications among the Board and students, staff, and all elements of the community;

E. work with the other Board members to establish effective Board policies and delegate authority for the administration of the Academy;

G. inform themselves concerning current educational issues through individual study and participation in programs, which provide relevant information;

H. support the employment of persons best qualified to serve as staff, and insist on regular and impartial evaluations of all staff;

I. avoid conflict of interest and refrain from using their Board positions for personal or partisan gain;

0144.3 **Conflict of Interest**
MCL 15.323; 380.1203, 450.2545a

Board members shall perform their official duties free from any conflict of interest. To this end, no Board member shall use his/her position as a Board

© National Charter Schools Institute

member to benefit either himself/herself or any other individual or agency, apart from the total interest of the Academy.

When a member of the Board suspects the possibility of a personal interest conflict, he/she should disclose his/her interest (such disclosure shall become a matter of record in the minutes of the Board) and thereafter abstain from any participation in both the discussion of the matter and the vote thereon.

If a Board member's financial interest pertains to a proposed contract with the Academy, the following requirements must be met:

A. The Board member shall disclose the financial interest in the contract to the Board with such disclosure made a part of the official Board minutes. If his/her direct financial interest amounts to $250 or more, or five percent (5%) or more of the contract cost to the Academy, the Board member shall make the disclosure in one of two (2) ways:

   1. In writing, to the Board President (or, if the member is the Board President, to the Board Secretary) at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Board Operating Policy 0165.)

   2. By verbal announcement at a meeting at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The Board member must use this method of disclosure if his/her financial interest amounts to $5,000 or more.

B. Any contract in which there is a conflict of interest, as defined by this Policy and the related statute (MCL 15.321 et seq.), must be approved by a vote of not less than two-thirds (2/3) of the full Board (excluding the vote of any Board member with a financial interest).

   However, if a majority of the members of the Board are required to abstain from voting on a contract or other financial transaction due to a financial interest, then for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board and only a majority of those members eligible to vote is required for approval of the contract or financial transaction.

C. A member of the Board is presumed to have a conflict of interest if the member or his/her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction or is an employee of or at the Academy.

   Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

   "Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's

spouse; or a person's parent or parent's spouse, and includes these relationships as created by adoption or marriage.

A Board member is not considered to have a financial interest in any of the following instances:

1. A contract or other financial transaction between the Academy and any of the following:

    a. A corporation in which the individual is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of $25,000.00 or less if the stock is listed on a stock exchange.

    b. A corporation in which a trust, if the individual is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of $25,000.00 or less if the stock is listed on a stock exchange.

    c. A professional limited liability company organized pursuant to the Michigan limited liability company act, if the individual is an employee but not a member of the company.

2. A contract or other financial transaction between the Academy and any of the following:

    a. A corporation in which the individual is not a director, officer, or employee.

    b. A firm, partnership, or other unincorporated association, in which the individual is not a partner, member, or employee.

    c. A corporation or firm that has an indebtedness owed to the individual.

3. A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This does not apply to any amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

D. The official minutes of the Board must disclose the name of each party involved in the contract, the nature of the financial interest, and the terms of the contract, including the duration; financial consideration between the parties; facilities or services of the Academy included in the contract; and the nature and degree of assignment of school staff needed to fulfill the contract.

E. A Board member with a conflict of interest in a contract may not participate in the discussion of nor vote on the contract.

Board members shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds, except that a Board member may accept an unsolicited gift of nominal value.

F. A Board member may serve as a volunteer coach or supervisor of a student extra-curricular activity if ALL of the following conditions are present:

1. The Board member receives no compensation as a volunteer coach or supervisor;
2. The Board member abstains from voting on issues before the Board concerning the program in which he is involved during the period of time s/he serves as a volunteer coach or supervisor; and
3. The appointing authority has received the results of a criminal history check and criminal records check from the Michigan State Police and the Federal Bureau of Investigation for the Board member.

0144.4 **Indemnification**
MCL 691.1408, 450.2561 – 2569

The Board may hold Directors and Officers harmless and may indemnify, pay, settle, or compromise a judgment against a Board member to the extent allowed under the law. The Board may also purchase Errors and Omissions insurance coverage for the Board of Directors.

0145 **Discriminatory Harassement**
MCL 37.1101 et seq., 37.2101 et seq.

The intent of the Board of Directors is to provide an environment that fosters the respect and dignity of each person. To this end, the Board is committed to the maintenance of an environment free of harassment and intimidation.

Harassment of students, persons providing services to the Academy, and employees on the basis of their race, color, national origin, sex, disability, age, religion, or any other legally protected characteristic in its educational programs or activities is prohibited and will not be tolerated. The proposed agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President.

The agenda of the regular monthly meeting or special meetings shall be accompanied by a report from the Educational Service Provider/School Leader on information relating to the Academy with such recommendations as s/he shall make. Each agenda shall contain the following statement:

"This meeting is a meeting of the Board of Directors in public for the purpose of conducting the Academy's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in the agenda."

Any person or group wishing to place an item on the agenda shall register their intent with the Educational Service Provider prior to the meeting and include:

A. name and address of the participant;

B. group affiliation, if and when appropriate;

C. topic to be addressed.

Such requests shall be subject to the final approval of the Educational Service Provider or the Board President.

The agenda for each regular meeting shall be mailed, emailed, faxed or delivered to each Board member so as to provide proper time for the member to study the agenda. Generally, the agenda and supporting documentation for items in the agenda, should be mailed no later than three (3) days prior to the meeting, or delivered so as to provide time for the study of the agenda by the member. A member of the Board may request any item to be removed from the consent resolution and defer it for a specific action and more discussion. No vote of the Board will be required to remove an item from the consent agenda. A single member's request shall cause it to be relocated as an action item eligible for discussion. Any item on the consent agenda may be removed and discussed as a non-action item or be deferred for further study and discussion at a subsequent Board meeting if the Educational Service Provider/School Leader or any Board member thinks the item requires further discussion.

0167 **Conduct**

0167.1 **Voting**

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public, except as permitted by the Open Meetings Act. No act shall be valid unless approved at a meeting of the Board by a majority vote of the members elected or appointed to and serving on the Board who are authorized to vote (see

Voting as defined in Bylaw 0100) and a proper record made of the vote. Meetings of the Board shall be public and no person shall be excluded there from.

Unless specifically authorized by Michigan conflict of interest laws, any Board member's decision to abstain shall be recorded and be deemed to acquiesce in the action taken by the majority. Failure to vote, absent a statutory exception or other reasonable ethical basis, constitutes a breach of the Board member's duty as a public official. In situations in which a specified number of affirmative votes are required and abstentions have been noted, the motion shall fail if the specified number of affirmative votes have not been cast. In situations in which there is a tie vote and the abstention represents the deciding vote, the motion shall fail for lack of a majority. 184 Michigan App 681, 684 (1990)

All actions requiring a vote may be conducted by voice, show of hands, or roll call provided that the vote of each member be recorded. Proxy voting shall not be permitted. If a vote is not conducted by roll call, any member may request a roll call vote.

MCL 380.506(a), MCL 15.261, et. seq.

0167.2 **Closed Session**

Per the Open Meeting Act, the Board may, by means of a roll call vote, meet in a closed session, one closed to the public, for the following purposes:

A. to consider the dismissal, suspension, or disciplining of, or to hear complaints or charges brought against, or to consider a periodic personnel evaluation of, a public officer, staff member, or individual agent, if the named person requests a closed hearing (a majority vote is required) where contractual arrangement between the Board and Educational Service Provider is in force this provision would not apply for Educational Service Provider employees;

B. to consider the dismissal, suspension, or disciplining of a student only if the student or student's parents request a closed hearing (a majority vote is required) (Also see Operating Policy 0169, Student Disciplinary Hearings);

C. for strategy and negotiation sessions connected with the negotiation of a collectively-bargained agreement if either negotiating party requests a closed hearing (a majority vote is required) where contractual arrangement between the Board and Educational Service Provider is in force this provision would not apply for Educational Service Provider employees;

D. to consider the purchase or lease of real property up to the time an option to purchase or lease that real property is obtained (a two-third (2/3) vote is required);

E. to consult with its attorney regarding trial or settlement strategy in connection with specific pending litigation, but only if an open meeting would have a detrimental financial effect on the litigating or settlement position of the public body (a two-third (2/3) vote is required);

F. to consider materials exempt from discussion or disclosure under State or Federal statute, including by way of example only, written opinions of legal counsel, and school safety plans (a two-third (2/3) vote is required); and/or

G. to review the specific contents of an application for employment or appointment if the candidate requests that the application remain confidential (a two-third (2/3) vote is required).

H. to consider security planning to address existing threats or prevent potential threats to the safety of the students or staff. (a majority vote is required)

However, all interviews for employment or appointment of the School Leader shall be held in an open meeting of the Board.

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions. The only exceptions will be discussions with the Academy's legal counsel or as directed by an order of a court with proper jurisdiction.

It is expected that Board members shall not record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

MCL 15.267, 15.268

0167.3 **Public Participation at Board Meetings**

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions. The only exceptions will be discussions with the Academy's legal counsel or as directed by an order of a court with proper jurisdiction.

It is expected that Board members shall not record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

MCL 15.267, 15.268

The Board of Directors recognizes the public's right to comment on educational issues and the value of allowing members of the public to express themselves on Academy matters.

To permit fair and orderly public expression, the Board shall provide a period for public participation at public meetings of the Board and publish rules to govern such participation in Board meetings and in Board committee meetings. The rules shall be administered and enforced by the presiding officer of the meeting.

The presiding officer shall be guided by the following rules:

A. Public participation shall be permitted as indicated on the order of business.

B. Anyone with concerns related to the operation of the schools or to matters within the authority of the Board may participate during the designated public participation portion(s) of a meeting.

C. Attendees must register their intention to participate in the public participation portion of the meeting upon their arrival at the meeting.

D. Participants must first be recognized by the presiding officer and will be requested to preface their comments by an announcement of their name; address; group affiliation, if and when appropriate.

E. Each statement made by a participant shall be limited to three (3) minutes duration as established by Board Policy.

F. During the portion of the meeting designated for public participation, no participant may speak more than once on the same topic.

G. Participants shall direct all comments to the Board and not to staff or other participants.

The presiding officer may:

A. interrupt, warn, or terminate a participant's session when they make comments that are repetitive, obscene, and/or comments that constitute a true threat (i.e., statements meant to frighten or intimidate one (1) or more specified persons into believing that they will be seriously harmed by the speaker or someone acting at the speaker's behest);

B. request any individual to stop speaking and/or leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct and/or orderly progress of the meeting;

C. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the conduct and/or orderly conduct of the meeting as to warrant such action; and/or

D. request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting.

The Board permits individuals who attend meetings remotely to participate in public participation, subject to the same rules that apply to individuals who attend in person. The Board is not responsible for any technology failures that prevent or disrupt any individual from attending and/or participating remotely.

Audio or video recordings are permitted subject to the following conditions:

A. No obstructions are created between the Board and the audience.

B. No interviews are conducted in the meeting room while the Board is in session.

MCL 15.263(4)(5)(6)

0167.4 **Administrative Participation**

Administrative Staff participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

0167.5 **Use of Electronic Mail**

Since e-mail is a form of communication that could conflict with the Open Meetings Act, it will be used to conduct business of the Board only for the purposes of communicating:

A. messages between Board members or between a Board member and employee(s) which do not involve deliberating or rendering a decision on matters pending before the Board;

B. possible agenda items between the Educational Service Provider/School Leader and the Board President;

C. times, dates, and places of regular or special Board meetings;

D. a Board meeting agenda or public record information concerning items on the agenda;

E. requests for public record information from a member of the administration, staff, or community pertaining to Academy operations; or

F. responses to questions posed by members of the public, administrators, or Academy staff.

Under no circumstances shall Board members use e-mail to discuss among themselves Board business that is only to be discussed in an open meeting of the Board, is part of an executive session, or could be considered an invasion of privacy if the message were to be monitored by another party.

There should be no expectation of privacy for any messages sent by e-mail. Messages that have been deleted may still be accessible on the hard drive, if the space has not been occupied by other messages. Messages, deleted or otherwise, may be subject to disclosure under the Freedom of Information Act, unless an exemption would apply.

0167.6 **Use of Social Media**

Social Media, as defined in Bylaw 0100, shall not be used to conduct any form of Board business.

0168 **Minutes**

0168.1 **Open Meeting**

The Secretary, or a temporary secretary appointed by the presiding officer, shall designate a person to keep minutes of each meeting showing the date, time, place, members present, members absent, any decisions made at a meeting open to the public, and the purpose or purposes for which a closed session is called. These minutes must be approved by the Board and endorsed by the Secretary at the next meeting. The minutes shall include all roll-call votes taken at the meeting. Proposed minutes shall be available for public inspection not later than eight (8) business days after the meeting to which the minutes refer. Approved minutes shall be available for public inspection not later than five (5) business days after the meeting at which the minutes are approved. The minutes shall be available for inspection at the main office of the Academy and shall be available for purchase at a fee estimated by the business office to cover the cost of printing and copying. The official minutes shall be bound together by years and kept in the office of the Board of Directors.

The Board Secretary shall not include in or with its minutes any personally identifiable information on any student of the School/Academy which if released, would prevent the public body from complying with the Family Educational Rights and Privacy Act of 1974.

Minutes of the preceding meetings shall be approved by the Board as its first order of business at its next meeting. The minutes shall show only action taken.

MCL 15.269, 380.1201

0168.2 **Closed Meeting**

The Board shall designate a person to keep separate minutes of each closed meeting of the Board. These minutes shall be retained by the Secretary of the Board, but shall not be available to the public and shall only be disclosed if required by a civil action filed under MCL 15.270 et seq. These minutes may be destroyed one (1) year and one (1) day after approval of the minutes of the regular meeting at which the closed session was approved.

MCL 15.267, 15.269, 15.270-71, 15.273

0168.3 **Committee Meetings**

Any Board committee, whether standing or appointed ad hoc, which exercises governmental or proprietary authority must comply with the Open Meetings provisions in 0168.1 and 0168.2, and Public Participation provisions in 0167.3. Committees that are empowered to take

action, make recommendations or otherwise deliberate in place of the Board are subject to this requirement.

0169 **Student Disciplinary Hearings**

0169.1 **Closed Session Requested**

If parent or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: "To consider a student disciplinary matter, pursuant to the request of the parent/guardian" [NOTE: Do not need to use the name since that could identify the student]. A majority is required to go into a closed session.

Those invited into closed session should include the student, parent(s) and/or representative(s) and Academy administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student/parents.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration shall call and question witnesses as it determines appropriate. The Administrator may testify as a witness to the results of his/her investigation of the incident and the student's past record.

The student, parent, or representative (only one (1)) should be allowed to ask the witness(es) questions related to issues reasonably related to the discipline. Additional questioning by the Administration, the student/representative and/or the Board may be allowed at the Board's discretion.

The student, parent, or representative may then present witnesses or statements to the Board. The Administration and/or the Board may ask questions of these individuals. The Board may allow additional questioning at its discretion.

When the presentation of evidence is concluded, the Board will deliberate. It may exclude both the Administration and the student and representatives, or allow both sides to remain. If the Board desires clarification of any testimony during its deliberation, it shall assure that both the Administration and the student are present to hear the information.

The Board shall not take any action in the closed session. To act on the discipline the Board must return to open session where a majority vote is required to confirm any Board action.

During the open session the name of the student shall not be used in voting on the discipline, to protect student privacy under the Federal Family Education Rights and Privacy Act. The student may be referred to by a Code Number or Pseudonym (i.e. Student A). Only the reference code shall be indicated in the Board minutes, NOT the student's actual name. The reference code shall be listed in the student's discipline file.

If, at any time during the hearing, the student, parent or authorized representative withdraws the request for a closed hearing, the matter shall proceed under the open hearing provisions.

0169.2 **Open Hearing**

If the student, parent or authorized representative does not request a closed hearing, the Board must still assure that the Family Education Rights and Privacy Act is not violated.

The parents (or student if eighteen (18) or older) should sign an authorization to release student record information to allow discussion of the student's information in the public forum (Form 8330 F4). If the parents refuse to sign the authorization or information relating to other students must be presented at the hearing, it should be done anonymously by referring to students by Code Numbers or Pseudonyms. If this is not possible, then the Board may go into closed session to receive student identifiable information pursuant to a two-thirds (2/3) roll

call vote for the announced purpose of "Considering material exempt from discussion or disclosure by State or Federal law."

In all other respects the hearing shall proceed as outlined under the Closed Hearing.

The Board must deliberate and act on the discipline in open session. The student, parents, administration and public will be allowed to be present. Students/parents who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents have signed an authorization for public disclosure, then the student's name may be used in the motion and recorded in the Board minutes.

ACADEMY ADMINISTRATOR AND SCHOOL LEADER EVALUATION

Reference: MCL 380.1249; 380.1249b

The Board of Directors shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

A. Evaluates the School Leader and all other academy administrator's job performances at least annually in a year-end evaluation, while providing timely and constructive feedback.

The Educational Service Provider shall perform the academy administrators' evaluations. The Educational Service Provider shall perform the School Leader's evaluation. A School Leader or academy administrator rated highly effective on three (3) consecutive year-evaluations may be evaluated every other year at the Board's discretion.

B. Establishes clear approaches to measuring student growth and assessment data and provides the School Leader or academy administrators with relevant data on student growth.

C. Evaluates a School Leader or academy administrator's job performance as highly effective, effective, minimally effective or ineffective, using multiple rating categories that take into account student growth and assessment data. For the 2018-2019 school year twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2019-2020 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:

1. The effectiveness of the School Leader or academy administrators, so that they are given ample opportunities for improvement;

2. Promotion, retention, and development of the School Leader or academy administrators, including providing relevant coaching, instruction support, or professional development.

3. Removing ineffective School Leaders or academy administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

E. The portion of the annual year-end evaluation that is not based on student growth and assessment data shall be based on at least the following:

1. The School Leader or academy administrator's training and proficiency in conducting teacher performance evaluations if s/he does so or his/her designee's proficiency and training if the administrator designates such duties.

© National Charter Schools Institute

2. The progress made by the academy in meeting the goals established in the academy improvement plan.

3. Student attendance.

4. Student, parent and teacher feedback and other information considered pertinent by the Board.

F. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Educational Service Provider shall adopt and implement one (1) or more of the evaluation tools for teachers, or administrators, if available, that are included on the list established and maintained by the Michigan Department of Education. However, if the Educational Service Provider has one (1) or more local evaluation tools for administrators or modifications of an evaluation tool on the list, and the academy complies with G., below, the academy may conduct annual year-end evaluations for School Leaders or academy administrators using one (1) or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by the Academy so that all similarly situated academy administrators are evaluated using the same measures.

G. The Board shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:

1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDOE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

6. A description of the plan for providing evaluators and observers with training.

© National Charter Schools Institute

H. The Educational Service Provider shall also:

1. Provide training to school administrators on the measures used by the Academy in its performance evaluation system and on how each of the measures is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.

2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The evaluation system shall ensure that if the School Leader or academy administrator is rated as minimally effective or ineffective, the person(s) conducting the evaluation shall develop and require the School Leader or academy administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the School Leader or academy administrator on his/her next annual year-end evaluation. A School Leader or academy administrator rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment with the academy.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If a School Leader or academy administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").[1] Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;

B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and

C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

[1] Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

© National Charter Schools Institute

Individuals working in multiple Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.

© National Charter Schools Institute

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

For purposes of this policy, "military status" refers to a person's status in the uniformed services, which includes the performance of duty, on a voluntary basis, or involuntary basis, in a uniformed service including active duty, active duty for training, initial active duty for training, inactive duty for training, full-time National Guard duty. It also includes the period of time for which a person is absent from employment for the purpose of an examination to determine the fitness of the person to perform any such duty as listed above.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Male/Female Coordinator
2650 Caniff
Hamtramck, MI 48212
(313) 872-2000

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is available upon request from the CO.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy official so that the Board may address the conduct. Any administrator, supervisor, or other Academy official or official who receives such a report shall file it with the CO within two (2) days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or a Third Party, or received reports that are initially filed with another Educational Service Provider employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Educational Service Provider employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such

© National Charter Schools Institute

observations to one of the COs within two (2) business days. Additionally, any Educational Service Provider employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the Complainant within two (2) business days to advise of the Board's intent to investigate the wrongdoing.

Investigation and Complaint Procedure (See Form 1422 F2)

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

© National Charter Schools Institute

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the Educational Service Provider or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate concerns to the Respondent.

B. Distributing a copy of Policy 1422—Non-Discrimination and Equal Employment Opportunity to the individuals in the school building or office where the Respondent works.

C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a principal, the CO, Educational Service Provider, or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e.,

© National Charter Schools Institute

when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 1422 - Non-Discrimination and Equal Employment Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. Interviews with the Complainant;

B. Interviews with the Respondent;

C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. Consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

© National Charter Schools Institute

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the Educational Service Provider must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a final written decision as described above.

If the Educational Service Provider determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Educational Service Provider must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct.

© National Charter Schools Institute

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as "unlawful harassment"), and encourages those within the Academy community as well as third parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate or cause to be investigated all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take or cause to be taken immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action either from the Board or by recommendation of the Board to the Educational Service Provider.

Other Violations of the Anti-Harassment Policy

The Board will also take or cause to be taken immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.

B. Filing a malicious or knowingly false report or complaint of unlawful harassment.

C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or

investigating unlawful harassment charges comprises part of one's supervisory duties.

J. public humiliation; or

K. destruction of property.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;

B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or

C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.

B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.

C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

B. Unwanted physical and/or sexual contact.

C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.

D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;

K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.

L. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.

M. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.

N. Verbal, nonverbal or physical aggression, intimidation, or hostility based on

sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Anti-Harassment Compliance Officers

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, "the Compliance Officer(s)"):

Male/Female Coordinator
2650 Caniff
Hamtramck, MI 48212
(313) 872-2000

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All Educational Service Provider employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Educational Service Provider employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Educational Service Provider employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before

© National Charter Schools Institute

it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to one of the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the School Leader shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the School Leader informed of the status of the 3362 investigation and provide the Educational Service Provider with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Educational Service Provider with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure (See Form 1662 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Academy community or Third Party (e.g., visitor to the Academy) who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights and/or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Educational Service Provider employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the allegedly inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the Educational Service Provider.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within

© National Charter Schools Institute

fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant, may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, Educational Service Provider, or other Academy official. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and

© National Charter Schools Institute

provided with a copy of any relevant policies and/or Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;

B. interviews with the Respondent;

C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the Educational Service Provider must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Educational Service Provider must issue a final written decision as described above.

The decision of the Educational Service Provider shall be final.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representative within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to cause a complaint or report of unlawful harassment/retaliation to be investigate regardless of whether the member of the Academy community or third party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

© National Charter Schools Institute

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action by the Board up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual

© National Charter Schools Institute

exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy. This policy shall also apply to employees of an Educational Service Provider.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

STATEMENT OF PHILOSOPHY

The Board of Directors believes that the purpose of education is to facilitate the development of the potential of each student. In a free society, every individual has both the right and responsibility to make choices and decisions for himself/herself and for society. A prerequisite for every member of society in meeting those responsibilities is competence in the use of the rational thought processes needed to make intelligent, ethical choices and decisions. If our society, as originally conceived, is to survive and function effectively, its young people need to be prepared to exercise their rights and responsibilities in ways that benefit them and society. Likewise, if individuals are to be able to achieve their life goals in a free society, they need to be competent to choose among the myriad alternatives available to them.

With regard to expectations, people in this society are expected to be self-sufficient, meeting their own needs to the extent they are able, without inhibiting others' opportunity to do the same. People are further expected to fulfill their responsibilities to contribute to the "common good" by actively participating in affairs affecting all members of society.

The Board believes that the thought and action process involved in making intelligent, ethical decisions and taking like actions can be learned, just as any other set of procedures can be learned, provided students are given consistent, appropriate opportunities to accomplish the following:

A. see the procedures modeled;

B. learn what the procedures are;

C. practice using the procedures and correct the ineffective use of them;

D. apply the procedures to a variety of relevant situations.

The Academy is committed to ensuring adequate provision for such opportunities and to applying these procedures to the achievement of the other educational goals associated with the Academy's mission.

PARENT AND FAMILY ENGAGEMENT

Reference: Sec. 1112, 1116 ESEA
MCL 380.1294

The Board of Directors recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the Academy policy.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child's primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental and Family Engagement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental and Family Engagement Plan shall reflect the Board's commitment to the following:

A. <u>Relationships with Families</u>

1. cultivating school environments that are welcoming, supportive, and student-centered;

2. providing professional development for school staff that helps build partnerships between families and schools; [1,2]

3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers; [1,2]

4. providing coordination, technical support and other support to assist schools in planning and implementing family engagement activities. [2]

© National Charter Schools Institute

B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;

2. providing information to families about school policies, procedures, programs, and activities; [1,2]

3. promoting regular and open communication between school personnel and students' family members;

4. communicating with families in a format and language that is understandable, to the extent practicable; [1,2]

5. providing information and involving families in monitoring student progress; [2]

6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions; [1,2]

7. preparing families to be involved in meaningful discussions and meetings with school staff. [1,2]

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities; [2]

2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family engagement events. [2]

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school; [1,2]

2. working with families to establish learning goals and help their children accomplish these goals;

3. helping families to provide a school and home environment that encourages learning and extends learning at home. [1]

E. Engaging Families in Decision Making and Advocacy

1. engaging families as partners in the process of school review and continuous improvement planning; [2]

© National Charter Schools Institute

2. engaging families in the development of its Academy-wide parent and family engagement policy and plan, and distributing the policy and plan to families. [1,2]

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources; [1,2]

2. coordinating and integrating parent and family engagement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development. [1,2]

Implementation

The Educational Service Provider, will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The Academy's plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the Academy plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business

with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs")

Male/Female Coordinator
2650 Caniff
Hamtramck, MI 48212
(313) 872-2000

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

COs are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

The Educational Service Provider shall annually attempt to identify children with disabilities, ages 0-25, who do not receive a public education.

The Board is committed to educating (or providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, Educational Service Provider shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their

© National Charter Schools Institute

ability to participate in Academy programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the Academy will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225). The Educational Service Provider is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Educational Service Provider employees are required, and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the Academy community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or Third Party, or received reports that are initially filed with another Educational Service Provider employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Educational Service Provider or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within

© National Charter Schools Institute

two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant, if age eighteen (18) or older, or the Complainant parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: http://www.ed.gov/ocr.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are

© National Charter Schools Institute

available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Educational Service Provider or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant's wishes, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate concerns to the Respondent.

B. Distributing a copy of Policy 2260 – Non-Discrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other official at the student's school, the CO, Educational Service Provider, or another official who works at another academy or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal,

© National Charter Schools Institute

or other official at the student's academy, Educational Service Provider, or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deemed appropriate in consultation with the Educational Service Provider.

Within two (2) days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;

B. interviews with the Respondent;

C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

© National Charter Schools Institute

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Educational Service Provider must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a final written decision as described above.

If the Educational Service Provider determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Educational Service Provider must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Educational Service Provider shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.
The Complainant may be represented, at his/her own cost, at any of the above described meetings/hearings.

The parties may be represented, at their own cost, at any of the above described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be

© National Charter Schools Institute

maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Educational Service Provider shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participate or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The Academy will endeavor to assist the student and/or his/her parents in their access to Academy programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The District shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

34 C.F.R. Part 104
42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 (“Section 504”), the Americans with Disabilities Act of 1990, as amended (“ADA”) and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Directors does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aides and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to vocational education services, a qualified person with a disability means a person with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not deny a student with disabilities access to its vocational education programs or courses due to architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

Compliance Officer(s)

The Board designates the following individual(s) to serve as the Academy's 504 Compliance Officer(s)/ADA Coordinator(s) (hereinafter referred to as the "Compliance Officer(s)").

[NOTE: Academies may want to consider appointing both a male and a female Compliance Officer in order to provide complainants with the option to report their concerns to an individual of the gender with which they feel most comfortable. Additionally, by appointing two (2) Academy Compliance Officers, there should always be a Compliance Officer available to investigate a claim that pertains to the other Compliance Officer.]

Male/Female Coordinator
2650 Caniff
Hamtramck, MI 48212
(313) 872-2000

The names, titles, and contact information of this/these individual(s) will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) is/are responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of the implementing regulations, may be obtained from the Compliance Officer.

The Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Educational Service Provider will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See below). The Educational Service Provider will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. (See AG 2260.01B).

Training

The Compliance Officer(s) will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, Administrative Procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

© National Charter Schools Institute

The Educational Service Provider will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education, may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the Academy with persons who are not disabled to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities.

The Educational Service Provider shall develop Administrative Procedures for the proper implementation of this policy.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, including the right to participation by the student's parents or guardian and representation of counsel, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with the Compliance Officer within specified time limits. The Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1 Investigation by the Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be

© National Charter Schools Institute

filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Compliance Officer will notify the complainant in writing of his/her decision.

Step 2 — If the complaint is not resolved satisfactorily at Step 1, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Compliance Officers must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.
Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

TITLE I SERVICES

Reference: 20 USC 6301 et seq.
34 C.F.R. Part 200, et seq.

The Board of Directors elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Elementary and Secondary Education Act of 1965, as amended.

The Board Liaison Officer shall prepare and present to the State Department of Education a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The Academy will periodically review and revise the plan, as necessary.

Assessment

The Academy shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. Such assessment shall include performance measures mandated by the Department of Education as well as those determined by the Academy's professional staff that will assist in the diagnosis, teaching, and learning of the participating students.

Scope

The Academy shall determine whether the funds will be used to upgrade the educational program of the entire Academy in Title I Academies that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The schoolwide program, for an entire Academy and/or a Targeted Assistance Academy, shall include the components required by law as well as those agreed upon by participating staff and parents.

Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, School Leaders, paraprofessionals, specialized instructional support personnel, administrators and other appropriate academy personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1116 of the Act.

Comparability of Services

Title I funds will be used only to augment, not to replace, State and local funds. The Academy will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each academy on the same basis, regardless of whether an academy receives Title I funding. The Educational Service Provider shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in academies that are not receiving Title I assistance. The determination of the comparability of services may exclude, in accordance with Federal regulations, State and local funds expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the Academy.

© National Charter Schools Institute

The determination of comparability of services will not take into account unpredictable changes in student enrollments or personnel assignments that occur after the beginning of the school year.

In order to achieve comparability of services, the Educational Service Provider/School Leader shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the Academy.

Professional Development

Members of the professional staff may participate in the design and implementation of staff development activities that:

A. involve parents in the training, when appropriate;

B. combine and consolidate other available Federal and PSA funds;

C. foster cooperative training with institutions of higher learning and other educational organizations including other Academies;

D. allocate part of the staff development to the following types of strategies:

E. performance-based student assessment;

F. use of technology;

G. working effectively with parents;

H. meeting children's special needs; and

I. fostering gender-equitable education.

"Sexual assault" means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent, and the "nonforcible" sex offenses of Incest and Statutory Rape. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

1. *Rape* is the carnal knowledge of a person (i.e., penetration, no matter how slight, of the genita or anal opening of a person), without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

2. *Sodomy* is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

3. *Sexual Assault with an Object* is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.

4. *Fondling* is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

5. *Incest* is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.

6. *Statutory Rape* is sexual intercourse with a person who is under the statutory age of consent as defined by State law.

7. *Consent* refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving consent.

8. *Incapacitated* refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.

D. "Domestic violence" includes felony or misdemeanor crimes of violence committed by:

1. a current or former spouse or intimate partner of the victim;

2. a person with whom the victim shares a child in common;

3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;

4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or

5. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

E. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

F. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to – (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: "Complainant" means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: "Formal Complaint" means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the Academy investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the Academy, a Complainant must be participating in or attempting to participate in the Academy's education program or activity. A "document filed by a complainant'' means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or

otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: "Actual knowledge" means notice of Sexual Harassment or allegations of Sexual Harassment to the Academy's Title IX Coordinator, or any Academy official who has authority to institute corrective measures on behalf of the Board, or any Educational Service Provider employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the Academy. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only Academy official with actual knowledge is the Respondent.

Supportive Measures: "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the Academy's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the Academy's educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including academy buildings and facilities), and other similar measures.

Education Program or Activity: "Education program or activity" refers to all operations of the Academy, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on academy grounds or on other property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-academy property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

Academy community: "Academy community" refers to students and Educational Service Provider employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: "Third Parties" include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Inculpatory Evidence: "Inculpatory evidence" is evidence that tends to establish a Respondent's responsibility for alleged Sexual Harassment.

Exculpatory Evidence: "Exculpatory evidence" is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.

© National Charter Schools Institute

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays),

Eligible Student: "Eligible Student" means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

The Educational Service Provider shall also prominently display the Title IX Coordinator's(s') contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es) – and this policy on the Academy's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Educational Service Provider employees, and all unions or professional organizations holding collective bargaining or professional agreements.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The Academy's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the Academy's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Students, Board members, and Educational Service Provider employees are required, and other members of the Academy community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Educational Service Provider employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the School Leader or Educational Service Provider, or another Educational Service Provider employee who, in turn, will notify the School Leader and Educational Service Provider of the report. The School Leader and/or Educational Service Provider will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or third-party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies the applicable Student Code of Conduct, applicable collective bargaining agreement, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Educational Service Provider employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, an Educational Service Provider employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Educational Service Provider employee must also comply with mandatory reporting responsibilities pursuant to M.C.L. 722.623 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Educational Service Provider employee's knowledge is based on another individual bringing the information to the Educational Service Provider employee's attention and the reporting individual submitted a written complaint to the Educational Service Provider employee, the Educational Service Provider employee must provide the written complaint to the Title IX Coordinator.

If an Educational Service Provider employee fails to report an incident of Sexual Harassment of which the Educational Service Provider employee is aware, the Educational Service Provider employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the Academy to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the Academy may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the Academy determines the student Respondent poses such a threat, it will so notify the student Respondent and the student

© National Charter Schools Institute

Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the Academy may place the Respondent on administrative leave during the pendency of the grievance process.

For all other Respondents, including other members of the Academy community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its academy grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the School Leader and/or Educational Service Provider, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the Academy will follow its Grievance Process, as set forth herein. Specifically, the Academy will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct and the Employee/Administrator Handbook.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The Academy will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities. The Title IX Coordinator will provide the parties with reasonable updates on the status of the grievance process.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

© National Charter Schools Institute

A. Notice of the Board's grievance process, including any informal resolution processes;

B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:

    1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;

    2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

    3. inform the parties of any provision in the Student Code of Conduct, this policy, and/or Employee/Administrator Handbook that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The Academy shall investigate the allegations in a Formal Complaint, *unless* the conduct alleged in the Formal Complaint:

A. would not constitute Sexual Harassment (as defined in this policy) even if proved;

B. did not occur in the Academy's education program or activity; or

C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the Academy may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator *may* dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;

B. the Respondent is no longer enrolled in the Academy or employed by the Board; or

© National Charter Schools Institute

C. specific circumstances prevent the Academy from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular ‘‘party,’’ ‘‘Complainant,’’ or ‘‘Respondent’’ include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

A. the allegations;

B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and

C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

© National Charter Schools Institute

The informal resolution process is not available to resolve allegations that an Educational Service Provider employee or another adult member of the Academy community or Third Party sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the Academy, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The Academy is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the Academy with voluntary, written consent to do so; if a student party is not an Eligible Student, the Academy must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and

B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The Academy may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

C. Board Policy 2461 – Recording of Academy Meetings Involving Students and/or Parents controls whether a person is allowed to audio record or video record any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The Academy will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of one (1) days' notice with respect to investigative interviews and other meetings.

© National Charter Schools Institute

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Academy does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the investigator or Title IX Coordinator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;

B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

© National Charter Schools Institute

C. findings of fact supporting the determination;

D. Conclusions regarding the application of the applicable code of conduct to the facts;

E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the Academy impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the Academy's education program or activity should be provided by the Academy to the Complainant(s); and

F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. Informal Discipline

1. writing assignments;

2. changing of seating or location;

3. pre-school, lunchtime, after-school detention;

4. in-school discipline;

5. Saturday school;

B. Formal Discipline

1. suspension of bus riding/transportation privileges;

2. removal from co-curricluar and/or extra-curricluar activity(ies), including athletics;

3. emergency removal;

4. suspension for up to ten (10) school days;

5. long-term suspension or expulsion;

6. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the School Leader and/or Educational Service Provider of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.02 - In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

© National Charter Schools Institute

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. oral or written warning;

B. written reprimands;

C. performance improvement plan;

D. required counseling;

E. required training or education;

F. demotion;

G. suspension with pay;

H. suspension without pay;

I. termination, and any other sanction authorized by any applicable Employee/Administrator Handbook and/or collective bargaining agreement.

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the School Leader and Educational Service Provider of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law, Board policy, and applicable provisions of any relevant collective bargaining agreement.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the Academy community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. oral or written warning;

B. suspension or termination/cancellation of the Board's contract with the third-party vendor or contractor;

C. mandatory monitoring of the third-party while on academy property and/or while working/interacting with students;

D. restriction/prohibition on the third-party's ability to be on academy property; and

E. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including imposition of sanctions. The Title IX Coordinator will notify the School Leader and Educational Service Provider of the recommended remedies, so appropriate action can be taken.

© National Charter Schools Institute

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the School Leader and Educational Service Provider will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The Academy's resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process, the School Leader and/or Educational Service Provider may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:

A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);

B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

D. The recommended remedies (including disciplinary sanctions/consequences) are unreasonable in light of the findings of fact (i.e., the nature and severity of the Sexual Harassment).

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the School Leader and/or Educational Service Provider from implementing appropriate remedies, however, excluding disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

© National Charter Schools Institute

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. The decision-maker(s) for the appeal shall determine when each party's written statement is due.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-makers(s') determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance process set forth above. The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The Academy will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal

Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the Academy's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

Training

The Academy's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

A. the definition of Sexual Harassment (as that term is used in this policy);

B. the scope of the Academy's education program or activity;

C. how to conduct an investigation and implement the grievance process, appeals and informal resolution processes, as applicable; and

D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

All Educational Service Provider employees will be trained concerning their legal obligation to report Sexual Harassment to the Title IX Coordinator. This training will include practical information about how to identify and report Sexual Harassment.

Recordkeeping

As part of its response to alleged violations of this policy, the Academy shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the Academy shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Academy's education program or activity. If the Academy does not provide a Complainant with supportive measures, then the Academy will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the Academy in the future from providing additional explanations or detailing additional measures taken.

The Academy shall maintain for a period of seven (7) calendar years the following records:

A. each Sexual Harassment investigation including any determination regarding responsibility, any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or

preserve equal access to the Academy's education program or activity

B. any appeal and the result therefrom

C. any informal resolution and the result therefrom, and

D. all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

The Academy will make its training materials publicly available on its website. If a person is unable to access the Academy's website, the Title IX Coordinator will make the training materials available upon request for inspection by members of the public.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Educational Service Provider employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The School Leader and/or Educational Service Provider may delegate functions assigned to a specific Educational Service Provider employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the School Leader and/or Educational Service Provider at any time.

Discretion in Application

The Board retains discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.
The provisions of this policy are not contractual in nature, whether in their own right, or as part of any other express or implied contract. Accordingly, the Board retains discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.

RELIGION IN THE CURRICULUM

Reference: U.S. Constitutional Amendment 1
M.C.L. 380.1170

Based on the First Amendment protection against the establishment of religion in the schools, no Board employee will promote religion in the classroom or in the Academy's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may be developed to include instruction about the religions of the world, as appropriate to the various ages and attainment of the students.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the Academy frequently contain religious references or concern moral issues traditionally the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the Academy. The Board directs that such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the Academy's students, not for its conformity to religious principles. Students should receive unbiased instruction in the Academy, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a required course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when students are free to associate.

FIELD AND OTHER ACADEMY-SPONSORED TRIPS

Reference: MCL 380.502, 380.503

The Board of Directors recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the Academy. Properly planned and executed field trips should accomplish the following:

A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the classroom;

B. arouse new interests among students;

C. help students relate classroom experiences to the reality of the world outside of school;

D. bring the resources of the community - natural, artistic, industrial, commercial, governmental, and educational - within the student's learning experience;

E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from the Academy premises that is under the supervision of a staff member and is an integral part of a course of study. Other Academy-sponsored trips shall be defined as any planned, student travel activity that is approved as part of the Academy's total educational program.

The Administration shall approve all proposed field trips.

All other trips must be approved by the Educational Service Provider.

Students may be charged fees for Academy-sponsored trips, but no student shall be denied participation for financial inability. Nonparticipation shall not be penalized academically.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent of the Academy who takes students on trips not approved by the Board or the Educational Service Provider. No staff member may solicit students of this Academy for such trips within the facilities or on the school grounds of the Academy without permission from the School Leader. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the Administrative Procedures for Extended Trips.

The Educational Service Provider shall prepare Administrative Procedures for the operation of both field and other Academy-sponsored trips, including athletic trips, which shall ensure the following:

A. the safety and well-being of students is secure;

© National Charter Schools Institute

B. parental permission is sought and obtained before any student leaves the Academy on a trip;

C. each trip is properly planned and, if a field trip, is integrated with the curriculum, evaluated, and followed up by appropriate activities to enhance its usefulness;

D. the effectiveness of field trip activities is judged in terms of demonstrated learning outcomes;

E. each trip is properly monitored;

F. student behavior while on all field trips complies with the Student Code of Conduct and on all other trips complies with an approved code of conduct for the trip;

G. a copy of each student's Emergency Medical Authorization Form is in the possession of the staff member in charge.

A professional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled or where changes or substitutions beyond his/her control have frustrated the purpose of the trip.

In any instance in which the itinerary of a trip is altered, the professional staff member in charge shall notify the administrative superior immediately.

EDUCATIONAL OPTIONS

Reference: MCL 388.1621(b)

The Board of Directors recognizes the need to provide alternative means by which students achieve the goals of the Academy.

An optional plan to meet the recognized educational needs of a student shall be approved by the Educational Service Provider. The Educational Service Provider shall prepare a plan of educational options for use in meeting special needs.

Such options may include, but not be limited to, tutorial programs, independent study, correspondence courses, educational travel, mentorship programs, summer school, early college entrance, etc.

Credit may be granted to the student upon complete evaluation of the program.

The credit shall be placed on the student's transcript. The amount of credit counting toward graduation shall comply with the Academy graduation requirements.

The Educational Service Provider shall establish Administrative Procedures whereby each educational option is properly analyzed, planned, and implemented and complies with all applicable requirements of the State.

ON-LINE/BLENDED LEARNING PROGRAM

Reference: M.C.L. 388.1621
Michigan Department of Education Guidance on Best Practices as Defined in M.C.L. 388.1622f

The Academy shall provide eligible students the option of participating in on-line or blended learning courses. The purpose of the program is to make instruction available to eligible students using on-line and distance education technology in both traditional and nontraditional classroom settings. The Academy must make all eligible students and their parents or guardians aware of this program.

A. Definitions

1. On-Line Learning- Means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which students and their teachers are separated by time or location, or both, and in which the teacher is responsible for determining appropriate instructional methods for each student, diagnosing learning needs, assessing student learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.

2. Blended Learning- A hybrid instructional delivery model where students are provided content, instruction, and assessment in part at the classroom, with a teacher, and in part through internet-connected learning environments with some degree of student control over time, location, and pace of instruction.

B. Program Eligibility

The Academy shall offer a program for students in Grades 6-12.

C. Student Eligibility

1. Students eligible for the Academy on-line/blended learning program must meet at least one of the following conditions:

   a. The student has spent the prior school year in attendance at a public school in this State and was enrolled and reported by a public school district.

   b. The student is a dependent child of a member of the United States Armed Forces who was transferred within the last twelve (12) months to Michigan from another state or foreign country pursuant to the parent's permanent change of station orders.

2. Only students enrolled in grades 6 to 12 are eligible to enroll in an On-Line Learning course. Students in grades K-5 are only eligible to participate in Blended Learning Courses.

© National Charter Schools Institute

D. Course Availability and Access

1. The Academy shall provide access to enroll and participate in the available courses and shall award credit, as may be appropriate, for successful completion. Access shall be available to eligible students during or after the school day and during summer school enrollment. The Academy will provide at least one of the following:

    1. On-Line Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-D.

    2. Virtual Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.

    3. Independent Study, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.

2. The Academy shall enroll an eligible student in up to two (2) on-line courses as requested by the student during an academic term, semester, or trimester. Consent from the student's parent or legal guardian must be obtained for students under the age of eighteen (18).

3. The Academy will provide two or fewer courses per semester in Grades K-5 and one or more courses per semester in Grades 6-12. If students are taking more than two courses per semester, the guidance found in the Pupil Accounting Manual 5-O-B shall be followed and seat time waivers obtained.

4. An eligible student may enroll in an on-line course published in the Academy on-line course syllabus, as described in section 8 below, or the statewide catalog of on-line courses maintained by the Michigan virtual university.

5. The Academy may deny a student enrollment in an on-line course if any of the following apply, as determined by the Academy:

    a. The student has previously gained the credits provided from the completion of the on-line course.

    b. The on-line course is not capable of generating academic credit.

    c. The on-line course is inconsistent with the remaining graduation requirements or career interests of the student.

    d. The student does not possess the prerequisite knowledge and skills to be successful in the on-line course or has demonstrated failure in previous on-line coursework in the same subject.

    e. The on-line course is of insufficient quality or rigor. If the Academy denies a student enrollment for this reason, the Academy shall make a reasonable effort to assist the student to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.

© National Charter Schools Institute

f. If a student is denied enrollment in an on-line course by the Academy, the student may appeal the denial by submitting a letter to the Educational Service Provider. The appeal must include the reason provided by the Academy for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Educational Service Provider shall respond to the appeal within five (5) days after it is received. If the Educational Service Provider determines that the denial of enrollment does not meet one (1) or more of the reasons specified in subsection 4(E)i.-vi., the Academy shall allow the student to enroll in the on-line course.

g. An on-line learning student shall have the same rights and access to technology in his or her Academy's facilities as all other students enrolled in that Academy.

h. If a student successfully completes an on-line course, as determined by the Academy, the Academy shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A student's school record and transcript shall identify the on-line course title as it appears in the on-line course syllabus.

i. The enrollment of a student in one (1) or more on-line courses shall not result in a student being counted as more than 1.0 full-time equivalent students under this act.

E. Nonresident Applications

1. The Academy shall determine whether or not it has capacity to accept applications for enrollment from nonresident applications in on-line courses and may use that limit as the reason for refusal to enroll an applicant.

2. If the number of nonresident applicants eligible for acceptance in an on-line course does not exceed the capacity of the Academy to provide the on-line course, the Academy shall accept for enrollment all of the nonresident applicants eligible for acceptance.

3. If the number of nonresident applicants exceeds the Academy's capacity to provide the on-line course, the Academy shall use a random draw system.

F. Requirements Specific to On-Line Learning Courses

SEX EDUCATION

References: M.C.L 380.1507. 380.1169. 388.1766

In accordance with Michigan statute, the Board of Directors authorizes instruction in sex education. Such instruction may include family planning, human sexuality, and the emotional, physical, psychological, hygienic, economic, and social aspects of family life. Instruction may also include the subjects of reproductive health and the recognition, prevention, and treatment of sexually transmitted disease.

The instruction described in this policy shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

Such instruction shall be elective and not a requirement for graduation.

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the student excused from the class. The Michigan Board of Education shall determine the form and content of the notice required in this policy.

Upon the written request of a student or the student's parent or legal guardian, the student shall be excused, without penalty or loss of academic credit, from attending a class described in this policy. If a parent or guardian submits a continuing written notice, the student will not be enrolled in a class described in this policy unless the parent or guardian submits a written authorization for that enrollment.

The Academy shall provide the instruction by teachers qualified to teach health education. The Board shall establish a sex education advisory board and shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the Academy's population. The Board shall appoint two (2) co-chairs for the advisory board, at least one (1) of whom is a parent of a child attending an Academy. At least (one-half) 1/2 of the members of the sex education advisory board shall be parents who have a child attending an Academy, and a majority of these parent members shall be individuals who are not employed by an Academy. The sex education advisory board shall include students of the Academy, educators, local clergy, and community health professionals. Written or electronic notice of a sex education advisory board meeting shall be sent to each member at least two (2) weeks before the date of the meeting.

The sex education advisory board shall:

A. Establish program goals and objectives for student knowledge and skills that are likely to reduce the rates of sex, pregnancy, and sexually transmitted diseases. Additional program goals and objectives may be established by the sex education advisory board that are not contrary to Michigan law.

B. Review the materials and methods of instruction used and make recommendations to the Board for implementation. The advisory board shall take into consideration the Academy's needs, demographics, and trends,

including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.

C. At least once every two (2) years, evaluate, measure, and report the attainment of program goals and objectives established by the advisory board. The Board shall make the resulting report available to parents in the Academy.

Before adopting any revisions in the materials or methods used in instruction under this policy, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for Board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1169.

Each person who provides instruction to K to 12 students in accordance with this policy shall receive training based on Academy approved standards and in accordance with training requirements of the Michigan Department of Education (MDE) and the Michigan Department of Health and Human Services (MDHHS).

No person shall dispense or otherwise distribute in an Academy or on Academy property a family planning drug or device. Additionally, any academy official, member of the Board, or employee of the Board who is not the parent or legal guardian of the student involved is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

For purposes of this policy, “family planning” means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.

P.L. 98-377

The Board of Directors believes the goals and objectives of this Academy are best achieved by a diversity of learning experiences, especially those directly related to the curriculum, conducted either inside or outside of the classroom.

Activities directly related to the curriculum shall enable students to explore a wider range of individual interests than may be available in the Academy's courses of study, but are still directly related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131.

For purposes of this policy, such curricular-related activities are defined as those activities in which the following occur:

D. participation results in a grade.

No such curricular-related activity shall be considered to be under the sponsorship of this Board unless it meets the criteria stated above and has been approved by the School Leader.

Curricular-related activities, (as well as extra-curricular activities not directly related to the curriculum) may be conducted on or off Academy premises by clubs, associations, and organizations of students sponsored by the Board and directed by a staff advisor.

The Board shall allow non-Academy-sponsored, student clubs and activities during non-instructional time, in accordance with the provisions in Policy 5730 -- Equal Access For Student Clubs and Activities Not Sponsored by the Academy.

A non-Academy-sponsored organization may not use the name of the Academy or any other name which would associate the activity with the Academy.

Students shall be fully informed of the curricular-related activities available to them and the eligibility standards established for participation in these activities. Academy-sponsored activities shall be available to all students who elect to participate and meet eligibility standards. Whenever a student becomes a member of a school-established student group or national organization (e.g., the National Honor Society), in order to remain a member, he/she must continue to meet all of the eligibility criteria and abide by the principles and practices established by the group or organization.

The Educational Service Provider shall prepare Administrative Procedures for curricular-related clubs and activities. Such procedures should ensure the needs and interests of the students are properly assessed and procedures are established for continuing evaluation of each club and activity.

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

It is the philosophy and position of the Board of Directors that the primary responsibility for the administration and delivery of special education programs and services should be within the Academy and at the Academy a student would regularly attend, whenever appropriate.

Further, the Board endorses a commitment to the provision of a continuum of special education programs and services to disabled students in cooperation with the Wayne County Intermediate School District. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. 1. No staff member shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his/her duties and responsibilities.    No staff member may solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds, except that a staff member may accept the gift of an unsolicited item of nominal value.

4. Staff members shall not engage in business, private practice of their profession, the rendering of services, or the sale of goods of any type where advantage is taken of any professional relationship they may have with any student, client, or parents of such students or clients in the course of their employment.

   Included, by way of illustration rather than limitation, are the following:

   a. the provision of any private lessons or services for a fee;

   b. the use, sale, or improper divulgence of any privileged information about a student or client gained in the course of the employment or through his/her access to Academy records;

   c. the referral of any student or client for lessons or services to any private business or professional practitioner, if there is any

expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;

d. the requirement of students or clients to purchase any private goods or services provided by a staff member or any business or professional practitioner with whom the staff member has a financial relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations

5. Staff members shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples would be using facilities before, during, or after regular business hours for service to private practice clients or checking out items from an instructional materials center for the purpose of private practice.

Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and will be disclosed to the Educational Service Provider before entering into any private relationship.

Violation of this policy shall result in discipline, which may include termination from employment.

CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board of Directors hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").[1] Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;

B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and

C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy or non-public school in the State, the Board may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

[1] Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

© National Charter Schools Institute

Individuals working in multiple Schools/Academies may authorize the release of a prior criminal history records check with another Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the Board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school, Intermediate School District, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract to regularly and continuously work in the schools prior to January 1, 2006, must undergo a criminal history records check, regardless of whether they have previously had such a check prior to 2006. The School Leader shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The School Leader may confirm with the Department of Education from results it maintains that the current regular substitute teacher does not have a criminal history.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Board shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

© National Charter Schools Institute

An applicant must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Any employee on staff must submit, at no expense to the Board, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

TEACHER EVALUATION

Reference: MCL 380.1249 (as amended)

The Board of Directors shall ensure that its Educational Service Provider establishes and implements a rigorous, transparent, and fair performance evaluation system that does all of the following:

A. Evaluates the employee's job performance at least annually in a year-end evaluation, while providing timely and constructive feedback. Teachers rated highly effective on 3 consecutive year-end evaluations may be evaluated every other year, at the Board's discretion.

B. Establishes clear approaches to measuring student growth and provides professional staff with relevant data on student growth. The yearend evaluation of student growth shall be based on the most recent 3 consecutive school years of student growth data, or all available student growth data if less than 3 years is available.

C. Evaluates an employee's job performance, using rating categories of highly effective, effective, minimally effective and ineffective, which take into account data on student growth as a significant factor in the evaluation in accordance with State law student growth and assessment data. For the 2016 - 2017 and 2017 - 2018 school years twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2018 - 2019 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

   For these purposes, student growth shall be measured by the following:

   1. Beginning with the 2016 - 2017 school year, the portion of a teacher's annual year-end evaluation that is not based on student growth and assessment data shall be based primarily on a teacher's performance as measured by the Educational Service Provider as described below.

   2. Beginning with the 2018 - 2019 school year, for core content areas in grades and subjects in which state assessments are administered, fifty (50) percent of student growth must be measured using the state assessments, and the portion of student growth not measured using state assessments must be measured using multiple research-based growth measures or alternative assessments that are rigorous. Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.

   3. The portion of a teacher's evaluation that is not measured using student growth and assessment data or using the evaluation tool developed or adopted by the Educational Service Provider shall incorporate criteria enumerated in section M.C.L. 380.1248(1)(b)(i) to (iii) that are not otherwise evaluated under the tool.

© National Charter Schools Institute

4. If there are student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on the student growth and assessment data for the most recent three (3) consecutive-school-year period. If there are not student growth and assessment data available for a teacher for at least three (3) school years, the annual year-end evaluation shall be based on all student growth and assessment data that are available for the teacher.

D. uses the evaluations, at a minimum, to inform decisions regarding all of the following:

1. the effectiveness of employees, so that they are given ample opportunities for improvement

2. promotion, retention, and development of employees, including providing relevant coaching, instruction support, or professional development

3. removing ineffective employees after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures

E. includes classroom observations in accordance with the following:

1. must include review of the lesson plan, State curriculum standards being taught and student engagement in the lesson

2. must include multiple observations unless the teacher has received an effective or higher rating on the last two (2) yearend evaluations
3. observations need not be for an entire class period

4. at least one (1) observation must be unscheduled;

5. the school administrator responsible for the teacher's performance evaluation shall conduct at least one (1) of the observations;

Other observations may be conducted by other observers who are trained in the use of the evaluation tool as described below. These other observers may be teacher leaders.

6. the Educational Service Provider shall ensure that, within thirty (30) days after each observation, the teacher is provided with feedback from the observation.

F. For the purposes of conducting annual year-end evaluations under the performance evaluation system, Educational Service Provider will adopt and implement one (1) or more of the evaluation tools for teachers that are included on the list established and maintained by the Michigan Department of Education ("MDE").

G. The Board will post on its public website all of the following information about the measures it uses for its performance evaluation system for teachers:

© National Charter Schools Institute

1. The research base for the evaluation framework, instrument, and process or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

2. The identity and qualifications of the author or authors or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Educational Service Provider adapts or modifies an evaluation tool from the MDE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

6. A description of the plan for providing evaluators and observers with training.

H. The Educational Service Provider will provide training to teachers on the evaluation tool(s) used by the Educational Service Provider in its performance evaluation system and how each evaluation tool is used. This training may be provided by the Educational Service Provider or by a consortium consisting of 2 or more public school academies.

The Educational Service Provider will ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Educational Service Provider, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Educational Service Provider may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. A teacher rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed

from employment as a teacher with the Board. In such an instance, all relevant evaluation documents may be used in the proceedings.

Beginning with the 2018 - 2019 school year, the Board shall not assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. If the Board is unable to comply with this and plans to assign a student to be taught in the same subject area for two (2) consecutive years by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations, the Board will notify the student's parent or legal guardian in writing not later than July 15 immediately preceding the beginning of the school year for which the student is assigned to the teacher, that the Board is unable to comply and that the student has been assigned to be taught in the same subject area for a second consecutive year by a teacher who has been rated as ineffective on his/her two (2) most recent annual year-end evaluations. The notification shall include an explanation of why the Board is unable to comply.

ADMISSION OF STUDENTS

Reference: MCL 380.502(3)(e)(iii); MCL 380.504

The Board of Directors will allow students who reside in Michigan, regardless of their citizenship or immigration status to enroll in the Academy in accordance with limits established by the Board of Directors. The Board shall meaningfully communicate material information about enrollment requirements and procedures with parents, including parents who have limited proficiency in English. Access to information regarding enrollment requirements and procedures shall be available on the Academy's web site. Because space is limited, each student must enroll each year. Preferences will be in writing and given to:

A. pupils who were enrolled in the Academy in the immediately preceding school year;

B. siblings of enrolled students.

When maximum enrollment for a grade has been reached, applicants shall be placed on a waiting list and admitted on the basis of a lottery system.

The Educational Service Provider shall develop Administrative Guidelines for the proper implementation of this policy. Any such denial shall be reported to the Board at its next regular meeting.

HOMELESS STUDENTS

References: 42 U.S.C. 11431 et seq. (McKinney - Vento Homeless Act)

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The Academy shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The Academy shall regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

A. share the housing of other persons due to loss of housing, economic hardship, or similar reason

B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations

C. live in emergency or transitional shelters

D. are abandoned in hospitals

E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or

F. live in a car, park, public space, abandoned building, substandard housing[1], bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

---

[1] According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing."

Services to Homeless Children and Youth

The Academy will provide services to homeless students that are comparable to other students in the Academy, including:

A. transportation services;

B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:

1. programs for children with disabilities;

2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP));

3. programs in career and technical education;

4. programs for gifted and talented students;

5. school nutrition programs; and

6. before - and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the Educational Service Provider. Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01.

School Stability

Maintaining a stable school environment is crucial to a homeless student's success in school. To ensure stability, the Academy must make school placement determinations based on the "best interest" of the homeless child or youth based on student-centered factors. The Academy must:

A. continue the student's education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or

B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth's best interest, the Academy must assume that keeping the homeless student in the school of origin is in that student's best interest, except when doing so is contrary to the request of the student's parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or enrolled in when permanently housed, including a public preschool. The school of origin also

© National Charter Schools Institute

includes the designated receiving school at the next level for feeder school patterns, when the student completes the final grade level at the school of origin.

When determining the student's best interest, the Academy must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student's parent or guardian, or youth (if an unaccompanied youth). The Academy also considers the school placement of siblings when making this determination.

If the Academy finds that it is not in the student's best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the Academy must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The Academy has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or Academy. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the Academy will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, the Academy should consider giving homeless children and youth's priority if there is a waitlist for these schools, programs, and activities.

Transportation

The Academy provides homeless students with transportation services that are comparable to those available to non-homeless students. The Academy also provides or arranges for transportation to and from the school of origin at the parent or guardian's request, or the liaison's request in the case of an unaccompanied youth. Transportation is arranged promptly to allow for immediate enrollment and will not create barriers to a homeless student's attendance, retention, and success. The following procedures also apply subject to a determination of the student's best interest:

© National Charter Schools Institute

A. If the homeless student moves but continues to live within the area covered by the Academy's charter the Academy is considered the school of origin and the school of residence and, therefore, transportation will be provided or arranged for the student's transportation to or from the school of origin by the Academy.

B. If the homeless student moves to an area outside of the Academy's charter, though continuing his/her education at the school of origin, the Academy and the public school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the Academy and the public school district cannot agree upon such a method, the responsibility and costs will be shared equally.

C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The Academy determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The Academy will work with the State to resolve transportation disputes with other Academies. If the disputing Academy is in another State, the Academy will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the Academies.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the Academy must follow its dispute resolution procedures, consistent with the State's procedures. If such a dispute occurs, the Academy will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, Academy and Board of Directors policies, the Academy will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the Academy or State, along with a written explanation of appeal rights.

The Academy's notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school's decision and information related to the eligibility or best interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The Academy must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The Academy will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

© National Charter Schools Institute

The Academy ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominate language is not English, the Academy will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws. The Academy will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Homeless Children in Preschool

Homeless preschool-aged children and their families shall be provided equal access to the educational services for which they are eligible, including preschool programs, including Head Start programs, administered by the Academy. Additionally, the homeless child must remain in the public preschool of origin, unless a determination is made that it is not in the child's best interest. When making such a decision on the student's best interest, the Academy takes into account the same factors as it does for any student, regardless of age. It also considers pre-school age specific factors, such as 1) the child's attachment to preschool teachers and staff; 2) the impact of school climate on the child, including school safety; the quality and availability of services to meet the child's needs, including health, developmental, and social-emotional needs; and 3) travel time to and from school.

The Academy must also provide transportation services to the school of origin for a homeless child attending preschool. It is the Academy's responsibility to provide the child with transportation to the school of origin even if the homeless preschooler who is enrolled in a public preschool in the Academy moves to another Academy that does not provide widely available or universal preschool.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the Academy shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the Academy shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student's living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The Academy shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

Reference: Interstate Compact on Educational Opportunity for Military Children MCL 3.1041

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The intent of this policy is to minimize the potential challenges to educational success for children of military families because of frequent moves and deployment of their parents by:

A. facilitating the timely enrollment and placement of children of military families in educational and other school programs and activities;

B. facilitating the on-time graduation of children of military families; and

C. providing for the uniform collection and sharing of information between and among schools and military families.

The Educational Service Provider shall develop Administrative Procedures for implementation of this policy which are consistent with the Compact and State law.

These procedures shall apply to children of military families within the state as well as between member states.

CHILDREN AND YOUTH IN FOSTER CARE

References: 45 C.F.R. 1355.20

The Board of Directors recognizes the importance of educational stability for children and youth in foster care. Further, the Board recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports in order to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, the Academy will collaborate with the Michigan Department of Education (MDE), other Academy's, and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. The Academy shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). The Academy shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, "foster care" means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

A. foster family homes;

B. foster homes of relatives;

C. group homes;

D. emergency shelters;

E. residential facilities;

F. child care institutions; and

G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).

Academy Stability

The Academy shall remove barriers to the enrollment and retention of children and youth in foster care in the Academy. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

The Academy shall meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. The Academy shall identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. Academy staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

A. a child/youth in foster care shall remain in his/her academy of origin, unless it is determined that remaining in the academy of origin is not in that child's best interest;

B. if it is not in the child's best interest to stay in his/her academy of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and

C. the new (enrolling) academy shall immediately contact the academy of origin to obtain relevant academic and other records, including the student's Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

Academy of Origin

The Academy of origin is the academy in which a student is enrolled at the time of placement in foster care. If a student's foster care placement changes, the academy of origin would then be considered the academy in which the child is enrolled at the time of the placement change. A student in foster care shall remain in his/her academy of origin, if it is determined to be in the student's best interest, for the duration of the student's placement in foster care.

When a student exits foster care, the Academy will continue to prioritize the student's educational stability in determining placement, supports, and services deemed to be in the child's best interests.

A student who has exited foster care shall be permitted to remain in the academy of origin until the end of the academy year.

Best Interest Determination

In making the best interest determination, the Academy will follow the guidelines established by MDE and the State or tribal custodial agencies. The Academy shall utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations, and shall make such determination within five (5) academy days of the child's placement in foster care or change in child's living arrangement. Once a determination is made the Academy shall provide the decision in writing to all relevant parties, in collaboration with the

© National Charter Schools Institute

appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, the Academy shall provide all required special educational and related services and supports provided in the least restrictive placement where the child's unique needs, as described in the student's IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used.

The Academy's representatives shall collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what the Academy believes is in the best interest of the child.

To the extent feasible and appropriate, the child will remain in his/her academy of origin while disputes are being resolved in order to minimize disruption and reduce the possible number of moves between academies. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) academy days of the child's placement in foster care or change in the child's living arrangement.

All notifications and reports regarding foster care placement, changes in academy enrollment, transportation services, and changes in the child's living arrangements shall be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The Educational Service Provider shall designate and make public a local point of contact who will perform the duties as assigned by the Educational Service Provider. The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular academy attendance of students in foster care.

Records

The Academy shall provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Services to Children and Youth in Foster Care

Foster care children and their families shall be provided equal access to the educational services for which they are eligible comparable to other students in the Academy including:

A. educational services for which the student in foster care meets eligibility

© National Charter Schools Institute

criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

B. preschool programs;

C. programs in vocational and technical education;

D. programs for gifted and talented students;

E. academy nutrition programs; and

F. before - and after-academy programs.

Transportation Services

The Academy must ensure that transportation is provided for children in foster care consistent with the procedures developed by the Academy in collaboration with the State or local child welfare agency. These requirements apply whether or not the LEA already provides transportation for children who are not in foster care.

In order for a student in foster care in his/her academy of origin, when in his/her best interest, transportation services shall be provided, arranged, and funded for the duration of the child's placement in foster care. The Academy's transportation services will provide that:

A. Children in foster care needing transportation to their academies of origin will promptly receive that transportation in a cost effective manner and in accordance with Section 475(4)(A) of the Social Security Act; and

B. If there are additional costs incurred in providing transportation to the academy of origin, the Academy shall provide such transportation if 1) the local child welfare agency agrees to reimburse the Academy for the cost of such transportation; 2) the Academy agrees to pay for the cost; or 3) the Academy and the local child welfare agency agree to share the cost. (ESEA 1112(c)(5)(B)).

Additional costs incurred in providing transportation to the academy of origin should reflect the difference between what the Academy would otherwise spend to transport a student to his/her assigned academy and the cost of transporting the foster care student to the academy of origin. The Academy will collaborate with the State Education Agency (SEA), other LEAs, and child welfare agencies to pursue possible funding sources and arrangements to deal with transportation costs.

Since foster care placements may occur across Academy, county, or State boundary lines, coordination among multiple agencies may be necessary. The Academy will work with appropriate State and local agencies to address such placement and transportation issues that arise. The Academy shall provide or arrange for adequate and appropriate transportation to and from the academy of origin while any disputes are being resolved.

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or academy success of children and youth in foster care.

Plyler v Doe, 457 U.S. 202 (1982)

The Board of Directors recognizes the positive cultural benefits to the students, staff, and the community in meeting students from other countries and in having foreign students as members of the student body of this Academy.

In accordance with other admissions policies, the Board will permit the admission of foreign students and foreign-exchange students (from recognized and approved student exchange programs) who are either deemed legal residents of the State of Michigan under applicable law or are permitted under MCL 380.504(3).

Student and Exchange Visitor Program for Nonimmigrant Students with F-1 Visas

Provided such petition is not prohibited by the Academy's authorizer, the Board authorizes the Academy to petition for approval to provide a Student and Exchange Visitor Program (SEVP). As an authorized SEVP provider, the Academy will issue the certificate of eligibility to nonimmigrant students who complete the application process successfully, which will enable them to apply for an F-1 Visa. All students entering under this section must be deemed residents of the State of Michigan or be permitted under MCL 380.504(3).

Participation by nonimmigrant students in this program will be consistent with Federal law that requires the following:

A. the student possess sufficient English language proficiency to participate in the high school curriculum

B. the student's participation does not exceed an academic year

C. the student pays to the Board the full amount of tuition prior to the commencement of the academic term of attendance

D. the student otherwise maintains his/her lawful temporary immigration status

Other Nonimmigrant Students

This policy does not apply to nonimmigrant students with citizenship in countries other than the United States who are not participating in an approved exchange visitor program or who are not sponsored by the Academy so they can attend the Academy as participants in the student and exchange visitor program (SEVP) on a valid F-1 visa.

All other nonimmigrant students with citizenship in countries other than the United States who seek to enroll in the Academy are subject to State law and the Academy's policies regarding enrollment and, if applicable, tuition. All such students must be deemed to be residents of the State of Michigan under applicable law or be permitted under MCL 380.504(3).

WITHDRAWAL FROM THE ACADEMY

Reference: MCL 380.1561, 388.1705

Although Michigan law requires attendance of each student until sixteen (16) years of age, the Board of Directors affirms that the best interests of both students and the community are served when they complete the educational program that equips them with skills and increases their chances for a successful and fulfilling life.

Whenever a student wishes to withdraw from the Academy, the Board directs that efforts be made to determine the underlying reason for the desire to withdraw. The Board further directs that the resources of the Academy be used to assist the student in reaching his/her career goals while remaining in the Academy.

No student under the age of eighteen (18) will be permitted to withdraw without the written consent of a parent or the approval of the Board of Directors

The Educational Service Provider shall develop Administrative Procedures for withdrawal from the Academy to accomplish the following:

A. make counseling services available to any student who wishes to withdraw;

B. make every effort to satisfy the student's future educational needs;

C. help the student define his/her own educational goals and help plan the realization of those goals;

D. inform the student of the G.E.D.;

E. assure the timely return of all Academy-owned supplies and equipment in the possession of the student.

PERSONAL COMMUNICATION DEVICES

While students may possess personal communication devices (PCDs) in school, on school property, during after school activities (e.g., extra-curricular activities) and at school-related functions, they must be powered completely off (i.e., not just placed into vibrate or silent mode) and stored out of sight during school hours during after school activities (e.g., extra-curricular activities), and on school buses or other Board-provided vehicles. [END OF OPTION]

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.)), telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person shall have their PCD confiscated and held until a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

The use of PCDs that contain built-in cameras (i.e., devices that take still or motion pictures, whether in a digital or other format) is prohibited in classrooms, gymnasiums, locker rooms, shower facilities, and/or rest/bathrooms.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in

© National Charter Schools Institute

disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in Academy custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

MISSING AND ABSENT CHILDREN

Reference: MCL 380.1134, 1135

It is the intent of this Board of Directors to cooperate with local, state, and national efforts to decrease the number of missing children.

ABSENCES FOR RELIGIOUS INSTRUCTION

Reference: MCL 380.1561(3c)
AC Rule R340.71, R340.74

The Board of Directors desires to cooperate with those parents who wish to provide for religious instruction for their children. However, the Board recognizes its responsibility to enforce the attendance requirements of the State.

Given a signed request from a student's parent, the Board will allow exceptions to the student's continuous attendance for religious instruction outside the Academy building for no more than two (2) class hours per week and for attendance at confirmation classes, provided the child is twelve (12) or thirteen (13) years of age and the instructional period is no longer than five (5) months in either of those years.

A student must be properly registered for religious instruction, and a copy of such registration must be filed with the School Leader.

The time of release for religious instruction shall be arranged by the School Leader, in keeping with the regulations of the State Board of Education. The School Leader will also assure the appropriate continuance of the instructional program in the Academy during such release times.

No solicitation for attendance at religious instruction shall be permitted on Academy premises. Members of the staff shall neither encourage nor discourage participation in any program of religious instruction.

The Educational Service Provider shall develop Administrative Procedures regarding absences for Religious Instruction.

LATE ARRIVAL AND EARLY DISMISSAL

It is necessary that a student be in attendance throughout the school day to benefit fully from the educational program of the Academy.

However, the Board of Directors recognizes that compelling circumstances occasionally require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of this Academy, the School Leader shall require that the Academy be notified in advance of such absences by written of the student's parent stating the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the School Leader.

If one parent has been awarded custody of the student by the courts, the custodial parent shall provide the Academy with a copy of the custody order and inform the Academy in writing of any limitations in the rights of the non-custodial parent. Absent such notice, the Academy will presume that the student may be released into the care of either parent.

No student who has a medical disability that may be incapacitating will be released without a person to accompany him/her. No student shall be released to anyone who has not been authorized such custody in writing by the parents.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

HEALTH SERVICES

Reference: 20 USC 1232(h)

In compliance with law, the Board of Directors may require students to submit to periodic health examinations for the following purposes:

A. to protect the Academy community from the spread of communicable disease;

B. to determine that each student's participation in health, safety, and physical education courses meets his/her individual needs;

C. to ensure that the learning potential of each child is not lessened by a remediable, physical disability.

The Academy shall specify the need for services which may include, but not be limited to student physical examinations;

Any health services program shall also include instruction to staff members on the observance of students for conditions that indicate physical defect or disability.

The Educational Service Provider shall directly notify the parents of students, at least annually, at the beginning of the school year, of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening is scheduled or expected to be scheduled for students - if the examination or screening is required as a condition of attendance, administered by the Academy and scheduled by the Academy in advance, and not necessary to protect the immediate health and safety of a specific student or other students.

The term “invasive physical examination” means any medical examination that involves the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision or scoliosis screening.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

IMMUNIZATION

Reference: MCL 333.9201 et seq., 380.1177, 380.1177a
AC 325.176

The Board believes immunization is one of the most cost-effective measures to protect children from vaccine-preventable diseases. Accordingly, the Board requires that all students be properly immunized at the time of registration or not later than the first day of school pursuant to the provisions of the Department of Health and Human Services (DHHS) regulations.

However, students who do not meet the immunization requirements shall be admitted in accordance with Administrative Procedures. Transfer students shall not be admitted without proof of immunization as required by the State.

There are three (3) circumstances in which a required vaccine may be waived or delayed:

A. A valid medical contraindication exists to receiving the vaccine. The child's physician must certify the contraindication.

B. The parent(s)/guardian(s) hold religious or philosophical beliefs against receiving a vaccination. Any parent or guardian who wants to claim a nonmedical waiver must receive education regarding the benefits of vaccination and the risks of disease from a county health department before obtaining the certified nonmedical waiver form through the Local Health Department, and present same to the appropriate Academy personnel.

C. The child has received at least one (1) dose of each immunizing agent and the next dose(s) are not due yet.

When the Academy provides information on immunizations, infectious disease, medications, or other school health issues to parents and guardians of pupils in at least grades 6, 9, and 12, then with that information the Board is required to include information about meningococcal meningitis and the vaccine for meningococcal meningitis as well as about the human papillomavirus and the vaccine for human papillomavirus. The information shall include at least the causes and symptoms of meningococcal meningitis, how it is spread, and the risks associated with human papillomavirus. In addition, the information shall include sources where parents and guardians may obtain additional information about both diseases and where they may obtain the associated vaccinations.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

USE OF MEDICATIONS

Reference: MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

Neither the Board of Directors nor the Educational Service Provider shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, "medication" shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. "Treatment" refers both to the manner in which a medication is administered and to health-care procedures which require special training, such as catheterization.

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician accompanied by the written authorization of the parent.

Before any non-prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent who must also authorize any self-medication by his/her child. Medications will be administered by the Academy in accordance with the Educational Service Provider’s guidelines.

Only medication in its original container; labeled with the date, if a prescription; the student's name; and exact dosage will be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with both knowledge of the Academy’s policy and procedures and the administration of medications or treatment. Where possible, this training should be provided by a licensed registered nurse, a licensed physician’s assistant, or a licensed physician.

All medication shall be kept in a locked storage case in the Academy office.

The Board shall permit the administration by staff of any medication requiring intravenous or intramuscular injection or the insertion of a device into the body when both the medication and the procedure are prescribed by a physician and the staff member has completed any necessary training.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;

B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;

C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

B. Unwanted physical and/or sexual contact.

intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Anti-Harassment Compliance Officers

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, "the Compliance Officer(s)"):

© National Charter Schools Institute

Male/Female Coordinator
2650 Caniff
Hamtramck, MI 48212
(313) 872-2000

The names, titles, and contact information of these individuals will be published annually on the Academy's web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy's efforts to comply with applicable Federal and State laws and regulations, including the Academy's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the Educational Service Provider or will oversee the preparation of such recommendations by a designee. All Educational Service Provider employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Educational Service Provider employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Educational Service Provider employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Educational Service Provider employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Academy official who receives such a report shall file it with the Academy's Anti-Harassment Compliance Officer within two (2) days of receiving the report of harassment.

© National Charter Schools Institute

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the School Leader shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the School Leader informed of the status of the 3362 investigation and provide the Educational Service Provider with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the Educational Service Provider with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the

© National Charter Schools Institute

filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a [Educational Service Provider employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the allegedly harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (3) to the Educational Service Provider; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.

B. Distributing a copy of this anti-harassment policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within

© National Charter Schools Institute

fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy official at the student's school, the Compliance Officer, Educational Service Provider, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, Educational Service Provider, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the Educational Service Provider.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Educational Service Provider will not conduct an investigation unless directed to do so by the Compliance Officer.

© National Charter Schools Institute

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;

B. interviews with the Respondent;

C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the Educational Service Provider that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the Educational Service Provider.

Absent extenuating circumstances, within ten (10) days of receiving the report of the Compliance Officer/designee, the Educational Service Provider must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Educational Service Provider's final decision will be delivered to both the Complainant and the Respondent.

If the Educational Service Provider requests additional investigation, the Educational Service Provider must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the Educational Service Provider shall issue a written decision as described above.

The decision of the Educational Service Provider shall be final.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the

© National Charter Schools Institute

formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the complainant, the Respondent, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer/designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or Educational Service Provider, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or

© National Charter Schools Institute

State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a student under the age of eighteen (18) or that a person with a disability receiving services as a student from the academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Educational Service Provider.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Educational Service Provider shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

BULLYING

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

BULLYING AND CYBERBULLYING ARE PROHIBITED

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

DEFINTION OF BULLYING

"Bullying" means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.

B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.

C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

"Cyberbullying" means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.

B. Adversely affecting the ability of a pupil to participate in or benefit from the school district's or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.

© National Charter Schools Institute

C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since "bullying" also includes "cyberbullying," any reference in this policy to "bullying" shall also be deemed to refer to "cyberbullying."

Bullying and cyberbullying are prohibited at school. "At school" is defined as on school premises, at school- sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. "Telecommunications access device" and "telecommunications service provider" mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur "at school," as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

REPORTING AND INVESTIGATING REPORTS OF BULLYING

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the Educational Service Provider. Complaints against the Educational Service Provider shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The Educational Service Provider or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Board may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

A. Are initiated by the victim;

B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim;

C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and

D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

CONFIDENTIALITY

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader’s designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator’s parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publically disclosed.

NOTIFICATION

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

REPORTING

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Directors recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom he/she has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/Student Handbook provided annually.

INTERROGATION OF STUDENTS

Reference: MCL 722.627
Attorney General's Opinion No 6869, September 6, 1995

The Board of Directors is committed to protecting students from harm that may or may not be directly associated with the academy environment but also recognizes its responsibility to cooperate with law enforcement State's child protection agency.

Whenever it has been determined that an agency has a legitimate purpose in interrogating a student within the confines of the District, the Principal or representative shall be present throughout the proceedings. S/He should also verify that the student(s) has been informed of his/her rights to refuse to answer questions, to be informed that anything s/he says may be used against him/her in court, and to consult with and be advised by legal counsel.

Such agencies should be encouraged to investigate alleged violations of the law off academy property if at all possible. An investigation can take place immediately on academy property at the request of the Educational Service Provider if the alleged violation of law took place on academy property or in emergency situations.

When police or other authorities arrive at the school and wish to interview a student or investigate an alleged violation of law, they must contact the Educational Service Provider indicating the nature of their investigation and their desire to question a student or students.

The Educational Service Provider shall ask the investigator whether s/he may contact the parents prior to the interview and document the response. Unless the investigator specifically requests that s/he not contact the parents, the Educational Service Provider shall attempt to contact the parents prior to questioning.

Before the student(s) is (are) questioned as a witness to or suspect in an alleged violation of law, the building administrator shall attempt to contact the parent prior to questioning and shall request to remain in the room during the questioning.

If the student is the subject of a child abuse/neglect investigation, the building administrator shall attempt to contact the parent prior to questioning, and s/he or a designated guidance counselor will make every effort to remain in the room during questioning. If an agency investigating child abuse/neglect indicates that the parent or a family member is believed to be the perpetrator, the Educational Service Provider will not contact either parent prior to the interview if so requested by the investigator. All attempts to notify the parents should be documented.

When an *authorized law enforcement officer or child protection* agency *removes a* student, the building *administrator* will record the name of the investigator, the public agency involved and the destination of the student if possible. S/he shall also notify the parent and the Superintendent.

No school official may release personally identifiable student information in education records to the police or children's services agency without prior written permission of the parent, a lawfully-issued subpoena, or a court order, unless it is an emergency situation involving the health or safety of the involved student or other students. Proper directory information may be disclosed upon request. (See Board Policy 8330)

STUDENT DISCIPLINE

The Board of Directors acknowledges conduct is closely related to learning and an effective instructional program requires an orderly school environment, as reflected in the behavior of students.

The Board believes the best discipline is self-imposed, with students assuming responsibility for their own behavior and the resulting consequences.

The Board shall require each student of this Academy to adhere to the Code of Conduct established by the administration and submit to such disciplinary measures, appropriately assigned for infraction of those rules. Such rules shall require students to do the following:

A. conform to reasonable standards of socially acceptable behavior;

B. respect other persons and their property;

C. preserve the degree of order necessary for the educational program in which they are engaged;

D. respect the rights of others;

E. obey the constituted authority and respond with respect to those who hold that authority.

The Educational Service Provider shall develop Administrative Procedures for student conduct (Code of Conduct) that carry out the purposes of this policy and have the following characteristics:

A. focus on the need to maintain a school environment conducive to learning;

B. do not discriminate among students;

C. do not demean students;

D. do not violate any individual rights constitutionally guaranteed to students.

The Educational Service Provider shall also designate sanctions, excluding corporal punishment, for the infractions of rules in the Code of Conduct. The sanctions shall accomplish the following:

A. relate in kind and degree to the infraction;

B. require the student to take responsibility for his/her actions;

C. reduce the effects of any harm caused by the student's misconduct.

© National Charter Schools Institute

The Academy shall publish to all students and their parents the rules of this Academy regarding student conduct, the sanctions which may be imposed, and the due process procedures to be followed in administering the Code of Conduct.

The School Leader shall have the authority to assign discipline to students, subject to Administrative Procedures (Code of Conduct) and the student's due process right to notice, hearing, and appeal.

Staff members with authority over students shall have the authority to take the necessary means to control any disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this Board.

EMERGENCY REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

Reference: M.C.L. 380.1301, 380.1309, 380.1310d, 380.1311
20 U.S.C. 3351
State Board of Education, Resolution to Address School Discipline Issues Impacting Student Outcomes, Adopted June 12, 2012

The Board of Directors is continually concerned about the safety and welfare of Academy students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

Factors to be Considered Before Suspending or Expelling a Student

The Board of Directors also recognizes that exclusion from the educational program of the academy's is a severe sanction that should only be imposed after careful and appropriate consideration. Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion of a student is considered, the Board and the Educational Service Provider shall consider the following factors prior to making a determination of whether to suspend or expel:

A. the student's age

B. the student's disciplinary history

C. whether the student has a disability

D. the seriousness of the violation or behavior

E. whether the violation or behavior committed by the student threatened the safety of any student or staff member

F. whether restorative practices will be used to address the violation or behavior

G. whether a lesser intervention would properly address the violation or behavior

The Educational Service Provider will exercise discretion over whether or not to suspend or expel a student. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Board can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Educational Service Provider will still consider these factors in making the determination.

Restorative Practices

The Board and the Educational Service Provider shall consider using restorative practices as an alternative to or in addition to suspension or expulsion. If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and academy community caused by the student's misconduct.

© National Charter Schools Institute

Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption and harassment and cyberbullying.

If the Educational Service Provider decides to utilize restorative practices as an alternative to or in addition to suspension or expulsion, the restorative practices may include victim-offender conferences that:

A. are initiated by the victim;

B. are approved by the victim's parent or legal guardian or, if the victim is at least fifteen (15), by the victim;

C. are attended voluntarily by the victim, a victim advocate, the offender, members of the academy community, and supporters of the victim and the offender (the "restorative practices team");

D. would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Due Process

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without appropriate due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

In all cases resulting in short-term suspension, long-term suspension or expulsion, appropriate due process rights described in Policy 5611 and AG 5610 must be observed. The Educational Service Provider shall check to make sure the student is not classified as disabled under Section 504. Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under Federal law.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The Educational Service Provider may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.

© National Charter Schools Institute

Emergency Removal or Short-Term Suspension

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the Educational Service Provider. A student so removed may be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will be entitled to the process for short-term suspensions outlined in AG 5610. A student removed from the same class for more than ten (10) days will be entitled to the process for long-term suspensions outlined in AG 5610. The Board designates the Educational Service Provider as its representative at any hearings regarding the appeal of a suspension.

Long-Term Suspension or Expulsion

Due process set out in Policy 5611 and AG 5610 shall be followed in all circumstances in which a student may be expelled or suspended for a period of more than ten (10) days.

The Educational Service Provider may recommend to the Board a long-term suspension or that a student be expelled.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed. In determining whether a student is to be suspended or expelled, the Board and Educational Service Provider shall use a preponderance of evidence standard.

The Educational Service Provider shall develop procedures to implement this policy that shall include the following:

A. strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;

B. standards of behavior for all students in accordance with Academy Board policy on student discipline;

C. procedures that ensure due process; and

D. provision for make-up work at home, when appropriate.

When making a determination whether or not a student will be expelled or permanently excluded under this policy, the Educational Service Provider shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy’s records retention schedule.

Persistent Disobedience or Gross Misconduct/CSC Against Another Academy Student

Any student may be removed from the classroom, and/or, after consideration of the factors identified above, suspended or expelled for persistent disobedience or gross misconduct or if the student commits criminal sexual conduct against another student enrolled in the Academy regardless of the location of the conduct. A student may not be expelled or excluded from the regular academy program based on pregnancy status.

Physical and Verbal Assault

Unless a different determination is made after consideration of the factors identified above, the Academy shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above and may discipline, suspend or expel at student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at the Academy against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at an academy building, property, or at an academy-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At the Academy" means in a classroom, elsewhere on academy premises, on an academy bus or other academy-related vehicle, or at an academy-sponsored activity or event whether or not it is held on academy premises.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, and unless a different determination is made after consideration of the factors identified above, the Academy shall expel any student who possesses a dangerous weapon, other than a firearm, in the Academy's weapon-free school zone (except as noted below), commits either arson or criminal sexual conduct in an academy building or on academy property, including academy buses and other Academy transportation, or pleads to, is convicted of or is adjudicated of criminal sexual conduct against another student enrolled in the Academy.

In compliance with State and Federal law, the Academy shall expel any student who possesses a firearm in the Academy's weapon-free school zone in violation of State law, unless the student can establish the mitigating factors relating to possession of a dangerous weapon set out below, by clear and convincing evidence.

For purposes of this policy, a "dangerous weapon" is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a

© National Charter Schools Institute

mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term "firearm" is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Academy need not expel a student for possession of a dangerous weapon, including a firearm, if the student can establish in a clear and convincing manner the following mitigating factor(s) to the satisfaction of the Board the:

A. object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon; or

B. weapon was not knowingly possessed; or

C. student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or

D. weapon was possessed at the suggestion, request, direction of, or with the express permission of the Educational Service Provider or the police.

There is a rebuttable presumption that expulsion for possessing the weapon is not justified if the Board determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the Educational Service Provider shall provide that the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the Educational Service Provider shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with Federal law, the Educational Service Provider shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the Educational Service Provider shall send a copy of this policy to the State Department of Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be

© National Charter Schools Institute

reinstated before ninety (90) school days from the expulsion date.

B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.

C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after one hundred and fifty (150) school days from the date of the expulsion, but the student may not be reinstated before one hundred eighty (180) school days from the expulsion date.

D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the Educational Service Provider.

E. Within ten (10) school days after receiving the petition, the Board shall appoint a committee consisting of two (2) Board members, an academy administrator, a teacher, and an academy-parent representative. During this time period, the Educational Service Provider shall prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:

1. extent to which reinstatement would create a risk of harm to students or academy staff;

2. extent to which reinstatement would create a risk of academy or individual liability for the Board or academy staff;

3. age and maturity of the student;

4. student's academy record before the expulsion incident;

5. student's attitude concerning the expulsion incident;

6. student's behavior since the expulsion and the prospects for remediation;

7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for example, might include a written agreement by the

© National Charter Schools Institute

student and/or a parent who filed the reinstatement request to accomplish the following:

a. abide by a behavior contract involving the student, his/her parents, and an outside agency;

b. participate in an anger management program or other counseling activities;

c. cooperate in processing and discussing periodic progress reviews;

d. meet other conditions deemed appropriate by the committee;

e. accept the consequences for not fulfilling the agreed upon conditions.

8. student's behavior since the expulsion and the prospects for remediation.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another academy requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with the procedures set forth above or upon any standards and with any procedures it determines appropriate under the circumstances.

The Educational Service Provider shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible suspension or expulsion under this policy.

In-School Discipline

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the Educational Service Provider for offenses found in the Student Code of Conduct.

The Educational Service Provider is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See Policy 5630.01)

Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

A. Students Subject to Short-Term Suspension

Except when emergency removal is warranted, a student must be given at least oral notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The Educational Service Provider or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the Educational Service Provider whose decision will be final.

B. Students Subject to Long-Term Suspension and Expulsion

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another academy.

The Educational Service Provider shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

© National Charter Schools Institute

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

A. restrain or remove a student who refuses to comply with a request to behave or report to the office;

B. quell a disturbance threatening physical injury to self or others;

C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or

D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.
The Educational Service Provider shall provide guidelines, including a list of alternatives to corporal punishment.

Removal, Suspension, and Expulsion of Students with Disabilities

The Academy shall abide by Federal and State laws in matters relating to discipline, suspension, and expulsion of disabled students.

DUE PROCESS RIGHTS

The Board of Directors recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines which the Educational Service Provider shall use when dealing with students:

A. Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the Educational Service Provider whose decision will be final.

B. Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and of the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student's request, the hearing may be private, but the Board must act publicly. The Board shall act on any appeal, which must be submitted in writing, to an expulsion, to a request for reinstatement, or to a request for admission after being permanently expelled from another district (Policy 5610).

In determining whether disciplinary action set forth in this policy is to be implemented, the Board and Educational Service Provider shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The Academy is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

A. promote the care, safety, welfare and security of the academy community and the dignity of each student;

B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and

C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the Academy will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the Academy will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

EMERGENCY SECLUSION

A. Prohibited Practices and Limitations on Use

The following practices are prohibited under all circumstances, including emergency situations:

1. confinement of students who are severely self-injurious or suicidal

2. corporal punishment, as defined in M.C.L. 380.1312(1) of the revised school code, 1976 PA 451

3. the deprivation of basic needs

8. seclusion as a form of discipline or punishment

9. seclusion as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS

10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

B. Definition of Emergency Seclusion

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by academy personnel of the student and the room or area used for confinement:

1. must not be locked

2. must not prevent the student from exiting the area should staff become incapacitated or leave that area

3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student

4. must comply with State and local fire and building codes

C. Time and Duration Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:

1. fifteen (15) minutes for an elementary school student;

2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

a. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)

© National Charter Schools Institute

b. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

A. Prohibited Practices

The following procedures are prohibited under all circumstances, including emergency situations:

1. mechanical restraint

2. chemical restraint

3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act

4. the deprivation of basic needs

5. anything constituting child abuse

6. restraint that is used for the convenience of academy personnel

7. restraint as a substitute for an educational program

8. restraint as a form of discipline or punishment

9. restraint as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS

10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

11. any restraint that negatively impacts breathing, including any positions, whether on the floor, facedown, seated or kneeling, in which the student's physical position (e.g., bent over) is such that it is difficult to breathe, including situations that involve sitting or lying across an individual's back or stomach

12. prone restraint (the restraint of a person face down)

    NOTE: academy personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

    A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint

15. any other type of restraint not expressly allowed

B. Definition of Restraint

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. An emergency situation requires an immediate intervention. Emergency physical restraint may not be used in place of appropriate less restrictive interventions.

There are three (3) types of restraint: physical, chemical, and mechanical.

1. Physical restraint involves direct physical contact.

   Restraint does not include actions undertaken for the following reasons:

   a. to break up a fight

   b. to take a weapon away from a student

   c. to briefly hold the student (by an adult) in order to calm or comfort him/her

   d. to have the minimum contact necessary to physically escort a student from one area to another

   e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration

   f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)

   g. to stop a physical assault as defined in M.C.L. 380.1310

   h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action

2. Chemical Restraint is the administration of medication for the purpose of restraint.

© National Charter Schools Institute

Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.

3. Mechanical Restraint means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)

b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on school transportation)

C. Time and Duration

Restraint should not be used:

1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and

2. generally no longer than ten (10) minutes.

If an emergency restraint lasts longer than ten (10) minutes, all of the following are required:

1. additional support, which may include a change of staff, or introducing a nurse, specialist, or additional key identified personnel

2. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

USE OF EMERGENCY SECLUSION/RESTRAINT

A. When to Use Emergency Seclusion/Restraint

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

B. General Procedures for Emergency Seclusion/Restraint:

1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.

© National Charter Schools Institute

2. Emergency seclusion/restraint shall be performed in a manner that is:

   a. safe;

   b. appropriate; and

   c. proportionate to and sensitive to the student's:

      1) severity of behavior;

      2) chronological and developmental age;

      3) physical size;

      4) gender;

      5) physical condition;

      6) medical condition;

      7) psychiatric condition; and

      8) personal history, including any history of physical or sexual abuse or other trauma.

3. academy personnel shall call key identified personnel for help from within the academy building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for academy personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.

4. While using emergency seclusion/restraint, staff must do all of the following:

   a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student

   b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern

   c. document observations

   d. ensure to the extent practicable, in light of the ongoing emergency situation, that the emergency seclusion/restraint does not interfere with the student's ability to communicate using the student's primary mode of communication

   e. ensure that at all times during the use of emergency seclusion/restraint there are school personnel present who

© National Charter Schools Institute

can communicate with the student using the student's primary mode of communication

5. Each use of an emergency seclusion/restraint and the reason for each use shall be documented and reported according to the following procedures:

   a. document in writing and report in writing or orally to the building administration immediately

   b. report in writing or orally to the parent or guardian immediately

   c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days

6. After any use of an emergency seclusion/restraint, staff must make reasonable efforts to debrief and consult with the parent or guardian, or the parent or guardian and the student (as appropriate) regarding the determination of future actions.

C. Students Exhibiting a Pattern of Behavior

1. If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, academy personnel should do the following:

   a. conduct a functional behavioral assessment

   b. develop or revise a PBIS plan to facilitate the reduction or elimination of the use of seclusion/restraint

   c. develop an assessment and planning process conducted by a team knowledgeable about the student, including at least:

      1) the parent or guardian

      2) the student (if appropriate)

      3) people who are responsible for implementation of the PBIS plan

      4) people who are knowledgeable in PBIS

   d. develop a written emergency intervention plan ("EIP") to protect the health, safety, and dignity of the student. An EIP may not expand the legally permissible use of emergency seclusion/restraint.

      The EIP should be developed by a team in partnership with

© National Charter Schools Institute

the parent or guardian. The team shall include:

1) a teacher;

2) an individual knowledgeable about legally permissibly use of seclusion/restraint; and

3) an individual knowledgeable about the use of PBIS to eliminate the use of seclusion/restraint.

The EIP should be developed and implemented by taking all of the following documented steps:

a. describe in detail the emergency intervention procedures

b. describe in detail the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses

c. inquire of the student's medical personnel (with parent or guardian consent) regarding any known medical or health contraindications for the use of seclusion/restraint

d. conduct a peer review by knowledgeable staff

e. provide the parent or guardian with all of the following, in writing and orally:

1) A detailed explanation of the PBIS strategies that will reduce the risk of the student's behavior creating an emergency situation.

2) An explanation of what constitutes an emergency, including examples of situations that would fall within and outside of the definition.

3) A detailed explanation of the intervention procedures to be followed in an emergency situation, including the potential use of emergency seclusion/restraint.

4) A description of possible discomforts or risks.

5) A detailed explanation of the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses.

6) Answers to any questions.

A student who is the subject of an EIP should be told or shown the circumstances under which emergency intervention could be used.

D. Data Collection and Reporting

1. The building administrator shall develop a system of data collection, collect the data and forward all incident reports and data regarding the use of seclusion/restraint to the School Leader/Educational Service Provider.

   The data must:

   a. be analyzed to determine the efficacy of the academy's academy-wide system of behavioral support;

   b. be analyzed in the context of suspension, expulsion, and dropout data;

   c. be analyzed for the purposes of continuous improvement of training and technical assistance toward the reduction or elimination of seclusion/restraint;

   d. be analyzed on a schedule determined by the Michigan Department of Education (MDE);`

   e. be reported to the MDE, if and as required;

   f. include a list of appropriately trained, identified personnel and their levels of:

      1) education;

      2) training; and

      3) knowledge.

NOTE: The Academy must report to the MDE on the use of seclusion and restraint periodically. MDE will develop guidelines that outline the process for reporting redacted, aggregated data regarding the emergency use of seclusion and restraint.

Training Framework

A comprehensive training framework will be implemented which includes the following:

A. awareness training for all academy personnel who have regular contact with students; and

B. comprehensive training for key identified personnel.

All substitute teachers must be informed of and understand the procedures regarding the use of emergency seclusion and emergency restraint. This requirement may be satisfied using online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

Civil Rights Act of 1964, 42 USC 2000e

The Board of Directors will not permit the use of school facilities by non-school- sponsored student clubs and activities or school-sponsored extra-curricular clubs and activities during instructional hours. During non-instructional time, however, no group of students, regardless of the size of the group, will be denied an opportunity to meet on the basis of religion, politics, philosophy, or other basis.

An application for permission for non-school-sponsored student clubs and activities to meet on Academy premises shall be made to the School Leader, who shall grant permission, provided he/she determines the following:

A. the activity is initiated by students;

B. attendance at the activity is voluntary;

C. no agent or employee of the Academy is promoting, leading, or participating in the activity;

D. the activity does not materially and substantially interfere with the orderly conduct of instructional activities in the Academy;

E. non-school persons are not directing, conducting, controlling, or regularly attending the activity.

A student-initiated group granted permission to hold an activity on Academy premises shall be provided the same rights and access and shall be subject to the same Administrative Procedures that govern the activities of student organizations sponsored by this Board, except as provided by this policy. Participation in a student-initiated activity must be available to all students who wish to attend and cannot be denied on the basis of a student's gender, religion, race, color, national origin or ancestry, age, disability, height, weight, marital status, social or economic status, and/or any other legally protected characteristic. In addition, there shall be no discrimination on the basis of the religious, political, philosophical, or other content of the speech at the activity.

A professional staff member may be assigned to attend a student initiated activity in a custodial capacity but shall not participate directly in the activity. No professional staff member shall be compelled to attend a student-initiated activity if the content of the speech at the activity is contrary to his/her beliefs. The School Leader may take such actions as may be necessary to maintain order and discipline on Academy premises and to protect the safety and well-being of students and staff members.

© National Charter Schools Institute

The Board will not permit the organization of a fraternity, sorority, or secret society. A student initiated activity may be attended by no more than one (1) outside resource person(s). The School Leader may exclude non-students from directing, controlling, or attending any such activities of students.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

SEARCH AND SEIZURE

Reference: MCL 380.1306
US Constitution, 4th Amendment

The Board of Directors has charged Academy authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, Academy authorities may search school property such as lockers and computers used by students and/or the students' personal property, including vehicles, in accordance with the following policy:

Academy Property

The Board acknowledges the need for in-school storage of students' possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy to prevent examination by a Academy official. The Board directs the School Leader to conduct a routine inspection, at least annually, of all such storage places. In the course of any search, student's privacy rights will be respected regarding any items that are not against Board policy.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the School Leader has reasonable suspicion that illegal drugs or devices may be present in the Academy. This means of detection shall be used only to determine the presence of drugs in locker areas and other places in the where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and is not to be used to search students, unless either a warrant or parental permission has been obtained prior to the search.

Student Person and Possessions

The Board recognizes that the privacy of a student and his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Reasonable suspicion that a communication device has been used to violate Academy policies or Administrative Procedures shall be subject to disciplinary action and may result in the communication device being confiscated.

Administrators are authorized to arrange for a breath-test instrument, according to the School Leader's Administrative Procedures, for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

© National Charter Schools Institute

Except as provided below, a request for the search of a student or a student's possessions will be directed to the School Leader. He/she shall attempt to obtain the freely-offered consent of the student to the inspection; however, provided there is reasonable suspicion, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the School Leader in the presence of the student and another staff member. A search, prompted by the reasonable belief that health and safety are immediately threatened, will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened.

The School Leader shall be responsible for the prompt recording, in writing, of each student search, including the following information: reasons for the search; information received that established the need for the search; the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The School Leader shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

The Educational Service Provider shall prepare Administrative Procedures to implement this policy.

POSSESSION OF WEAPONS

Reference: MCL 380.1311, 380.1312(1), 380.1313
20 USC 7151

The Board of Directors prohibits students from possessing, storing, making, or using a weapon in any setting under the control and supervision of the Academy for the purpose of school activities approved and authorized by the Academy, including, but not limited to, property leased, owned, or contracted for by the Academy, a school-sponsored event, including athletic events, or in a school vehicle.

The term *weapon* means any object capable of inflicting serious bodily harm or property damage or endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including spring, air and gas-powered guns (whether loaded or unloaded) that will expel a BB, pellet, or paintballs, knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives or any other weapon described in 18 USC 921.

This policy shall also encompass such actions as look-alike items, false fire alarms, bomb threats, or intentional calls to falsely report a dangerous condition.

The Educational Service Provider will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action up to, and including, expulsion.

This policy will be published annually in all Academy student and staff handbooks. Publication is not a precondition to enforcement of this policy.

STUDENT/PARENT RIGHTS

Reference: 20 USC 1232(h)

The Board of Directors recognizes that students possess both the right to an education and the rights of citizenship.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, including respect for the rights of others, obedience to properly constituted Academy authority, and compliance with the procedures and rules of the Academy.

The Board realizes as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, he/she may authorize those Academy matters previously handled by his/her parents, but, as an adult, he/she also assumes the responsibility for his/her performance in the Academy, attendance, and compliance with Academy rules.

Administrators, counselors, and teachers shall not provide a supporting affidavit for students who have petitioned the court to grant them the status of emancipated minors unless prior approval has been obtained from the School Leader.

Parents also have the right to know about their student’s educational experience, emancipated or not. Specific rights are listed in topic areas of these policies.

In addition, parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. Instructional materials means instructional content, regardless of format, provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as materials accessible through the Internet). Instructional material does not include academic tests or academic assessments.

The Educational Service Provider in consultation with parents, shall develop a procedure addressing the rights of parents and procedures, assuring timely response to parental requests to review instructional material. The procedure shall also address reasonable notification to parents and students of their rights to review these materials.

This policy shall not supersede any rights under the Family Education Rights and Privacy Act.

STUDENT FUNDRAISING

Reference: MCL 380.1272b
7 CFR Parts 210 and 220
42 USC 1779

The Board of Directors acknowledges the solicitation of funds from students must be limited, because a student is a "captive donor" due to compulsory attendance laws and because solicitations disrupt the program of the Academy.

For purposes of this policy *student fundraising* shall include the solicitation and collection of money from students for any purpose and the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities. "Student fundraising also includes giving away goods or services, but suggesting a monetary donation."

The Board will permit student fundraising by students in the Academy, on school property, or at any school sponsored event only when the profit is to be used for school purposes or for an activity connected with the Academy.

Fundraising by approved Academy organizations (with funds managed by the Academy) may be permitted in the Academy by the Educational Service Provider. Such fundraising that occurs off school grounds may also be permitted by the Educational Service Provider.

The Board permits two(2) fundraisers week per school that involve the sale of food items and/or beverages that are an exception to the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools regulations for consumption on campus during the school day by students.

Other than approved non-compliant fundraisers, the food and/or beverage items to be sold for any other fundraisers by student clubs and organizations, parent groups, or booster clubs and consumed on campus, shall comply with the current USDA Dietary Guidelines for Americans, and the USDA Smart Snacks in Schools nutrition standards, and also be consistent with requirements set forth in Policy 8500 – Food Services.

If approved, fundraisers that involve the sale of food items or beverages to students on campus must be consistent with regulations established in Policy 8500, Food Services, pertaining to the sale of foods and beverages during food-service hours, whether those food items and beverages are complaint with, or an exception to, the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools nutrition standards.

If an exception is granted to the requirement that food items and beverages are complaint with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools nutrition standards, the Educational Service Provider shall also maintain records for each exception, including, but not limited to, the length of the fundraiser, the type, quantity, and price of the food item and/or beverage sold, and the gross and net amount raised.

Fundraising by students on behalf of school-related organizations and Academy support organizations (with funds not managed by the Academy) may be permitted on school grounds by the Educational Service Provider. All fundraising by Academy-related organizations and Academy support organizations shall be done in accordance with Policy 9211 and Policy 9700.

The Educational Service Provider shall establish Administrative Procedures for the solicitation of funds that shall accomplish the following:

A. specify the times and places in which funds may be collected;

B. describe permitted methods of solicitation, without placing undue pressure on students;

C. limit the kind and amount of advertising for solicitation;

D. require that the Educational Service Provider approve the distribution or liquidation of monies remaining in a student activity account when the organization is defunct or disbanded; and

E. limit the number of fundraising events.

Advisors for approved Academy organizations shall not accept any form of compensation from vendors that might influence their selection or a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser. Furthermore, advisors for approved Academy organizations shall not accept any compensation from a vendor after a decision has been made regarding a fundraising activity or a product that will be sold as a fundraiser. In addition, advisors for approved Academy organizations who make the selection of a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser shall not enter into a contractual arrangement whereby an advisor receives compensation in any form from the vendor that provides a fundraising activity or a product that will be sold as a fundraiser.

Such compensation includes, but is not limited to, cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that an advisor of an approved Academy organization receives such compensation, albeit unsolicited, from a vendor, the individual shall notify the Board President or designee, in writing, that s/he received such compensation and shall thereafter properly transmit said compensation to the Board President or designee at his/her earliest opportunity.

The Educational Service Provider shall distribute this policy and the procedures that implement it to each organization granted permission to solicit funds.

No student otherwise eligible for participation in an Academy social event will be denied participation as a punitive device.

Participation in Academy events is not a right and may be denied to any student who has demonstrated disregard for the rules of the Academy.

The Educational Service Provider shall develop Administrative Procedures for the conduct of student social events which shall include the following:

1. designation of a staff member to be the employee responsible for the event;

2. provision for chaperonage, adult supervision, and/or police protection required by the circumstances of the event;

AUTHORIZATION TO ACCEPT AND DISTRIBUTE ELECTRONIC RECORDS AND TO USE ELECTRONIC SIGNATURES

Reference: 15 U.S.C. 7001 et seq
M.C.L. 450.831-450.849

Unless a provision of law specifically prohibits the use of an electronic record for the specified purpose, the Board of Directors authorizes the acceptance and distribution/transmission of electronic records and electronic signatures to and from Academy staff and other persons, as well as between Academy staff members. The Board further authorizes Academy staff to create, generate, send, communicate, receive, store, process, use, and rely upon electronic records and electronic signatures. The Educational Service Provider shall put in place measures to protect the integrity, security, and accessibility of electronic signatures and electronic records to comply with mandates of State and Federal agencies or programs, including Medicaid.

All Academy staff shall comply with all provisions of the Uniform Electronic Transaction Act when creating, generating, sending, communicating, receiving, storing, processing, using, and relying upon electronic records. Further, all Academy staff and other persons who use electronic signatures when completing transactions with the Board shall do so in compliance with State law.

The Educational Service Provider is authorized to develop administrative guidelines concerning the acceptance and distribution/transmission of electronic records and electronic signatures. After giving due consideration to security, the Educational Service Provider may specify the following:

A. The manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored, and the systems established for those purposes.

B. If electronic records must be signed by electronic means, the type of electronic signature that is required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that must be met by any third party used by a person filing a document to facilitate the process.

C. Control processes and procedures as appropriate to provide for adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records.

D. Any other required attributes for electronic records that are specified for nonelectronic records or reasonably necessary under the circumstances.

GRANT FUNDS

Compliance Supplement for Single Audits of State and Local Governments
20 U.S.C. 7906

It is the objective of the Board of Directors to provide equal educational opportunities for all students at the Academy. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the Academy that would benefit students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance educational opportunities, the educational environment, and the physical and mental growth for each student.

The Educational Service Provider shall review new Federal education legislation and prepare proposals for programs deemed to be of aid to the students of this Academy. The Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local schools districts, public school academies, and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the Academy shall be used (1) to develop or distribute materials, or operated programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual, (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on Academy grounds, (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Grant Proposal Development

A. All grant proposals must support at least one (1) Academy goal or priority.

B. For projects where grant funds will not cover the entire cost of project implementation, additional fund sources must be identified, documented, and approved during the internal review process.

C. Each grant proposal shall be reviewed and approved by the Educational Service Provider prior to submission to the funding source.

Grant Administration

A. The administration of grants will adhere to all applicable Federal, State, local, and grantor rules and regulations, including the terms and conditions of the Federal awards, as well as Academy policies and administrative procedures/guidelines.

B. The Educational Service Provider is responsible for the efficient and effective administration of grant awards through the application of sound management practices.

© National Charter Schools Institute

C. The Educational Service Provider is responsible for administering grant funds in a manner consistent with underlying agreements, applicable statutes, regulations, and program objectives, and the terms and conditions of the grant award.

D. The Educational Service Provider, in recognition of its unique combination of staff, facilities, and experience, shall employ internal controls and the organizational and management strategies necessary to assure proper and efficient administration of grant awards.

E. All Federal funds received by the Academy will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. The Educational Service Provider shall require that each draw of Federal monies be aligned with the Academy's payment process (whether reimbursement, cash advance or a combination). If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

Financial Management

The financial management of grant funds shall be in compliance with all applicable Federal, State, local, and grantor rules, regulations, and assurances as well as Academy policies and administrative procedures/guidelines.

At a minimum, the Academy shall provide for the following:

A. Identification, in Academy accounts, of all grant awards received and expended and the programs under which they were received. For Federal programs and awards, identification shall include the Catalog of federal Domestic Assistance (CFDA) title and number, Federal award identification number and year, name of the Federal agency and name of the pass-through entity, as applicable.

B. The Academy shall develop a procurement policy (or revise its current procurement policy) to comply with all grants which it is awarded. Further, to the extent applicable, the Academy shall adhere to the requirements of the Education Department General Administrative Regulations.

C. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements of the grant.

D. Records that adequately identify the source and application of funds provided for Federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

E. Effective control over, and accountability for, all funds, property, and other assets. The Academy must adequately safeguard all assets and assure that

they are used solely for authorized purposes.

Further, the Academy must:

1. establish and maintain effective internal control over the Federal award that provides reasonable assurance that the Academy is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award;

2. comply with Federal statutes, regulations and the terms and conditions of the Federal award;

3. evaluate and monitor the Academy's compliance with statutes, regulations and the terms and conditions of the Federal award;

4. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings;

5. take reasonable measures to safeguard protected personally identifiable information and other information the Federal awarding agency or pass-through entity designates as sensitive consistent with applicable Federal, State, local, and tribal laws regarding privacy and obligations of confidentiality.

F. Comparison of expenditures with budget amounts for each Federal award.

G. Recordkeeping and written procedures to the extent required by Federal, State, local, and grantor rules and regulations pertaining to the grant award and accountability, including but not limited to, the following areas:

1. cash management

2. allowability

3. conflict of interest

4. procurement

5. equipment management

6. conducting technical evaluations of proposals and selecting recipients

7. compensation and fringe benefits

8. travel

awarding agency or pass-through agency in accordance with applicable Federal policy.

l. Insurance coverage for real property and equipment, if applicable, equivalent to such property owned by the Academy.

Unless it has received prior approval to use a different method or the terms and conditions of the grant authorize a different method, the Academy uses the deduction method of accounting for program income. Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the Academy is otherwise directed by the Federal awarding agency or pass-through entity.

INTERNAL CONTROLS

The Educational Service Provider shall establish and maintain effective internal control over financial grants and awards that provide reasonable assurance that the program and funds are managed in compliance with applicable statutes, regulations and the terms and conditions of the awards.

The internal controls must provide reasonable assurance that transactions are properly recorded and accounted for in order to permit the preparation of reliable financial statements and Federal reports; maintain accountability over assets; and demonstrate compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. The internal controls must also provide reasonable assurance that these transactions are executed in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal award, as well as any other Federal statutes and regulations that are identified in the Compliance Supplement. Finally, the internal controls must provide reasonable assurance that all Federal funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

The Academy shall:

A. comply with Federal statutes, regulations, and the terms and conditions of the Federal awards;

B. evaluate and monitor its compliance with statutes, regulations, and the terms and conditions of the award;

C. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and

D. take reasonable measures to safeguard protected personally identifiable information and other information the awarding agency or pass-through entity designates as sensitive or the Academy considers sensitive information consistent with applicable Federal, state, local, and tribal laws and Academy policies regarding privacy and obligations of confidentiality.

CASH MANAGEMENT OF GRANTS

Reference: 2 CFR 200.305

In order to provide reasonable assurance that all assets, including Federal, State, and local funds, are safeguarded against waste, loss, unauthorized use, or misappropriation, the Educational Service Provider shall implement internal controls in the area of cash management.

The Academy's payments methods shall minimize the time elapsing between the transfer of funds from the United States Treasury or the Michigan Department of Education (MDE) (pass-through entity) and disbursement by the Academy, regardless of whether the payment is made by electronic fund transfer, or issuance or redemption of checks, warrants, or payment by other means.

The Academy shall use forms and procedures required by the grantor agency or pass-through entity to request payment. The Academy shall request grant funds payments in accordance with the provisions of the grant. Additionally, the Academy's financial management systems shall meet the standards for fund control and accountability as established by the awarding agency.

The Educational Service Provider is authorized to submit requests for advance payments and reimbursements at least monthly when electronic fund transfers are not used, and as often as deemed appropriate when electronic transfers are used, in accordance with the provisions of the Electronic Fund Transfer Act (15 U.S.C. 1693-1693r).

When the Academy uses a cash advance payment method, the following standards shall apply:

A. The timing and amount of the advance payment requested will be as close as is administratively feasible to the actual disbursement for direct program or project costs and the proportionate share of any allowable indirect costs.

B. The Academy shall make timely payment to contractors in accordance with contract provisions.

C. To the extent available, the Academy shall disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.

D. The Academy shall account for the receipt, obligation and expenditure of funds.

E. Advance payments will be deposited and maintained in insured accounts whenever possible.

F. Advance payments will be maintained in interest bearing accounts unless the following apply:

1. The Academy receives less than $120,000 in Federal awards per year.

© National Charter Schools Institute

2. The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on Federal cash balances.

3. The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non-Federal cash resources.

G. Pursuant to Federal law and regulations, the Academy may retain interest earned in an amount up to $500 per year for administrative costs. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System ("PMS") through an electronic medium using either Automated Clearing House ("ACH") network or a Fedwire Funds Service payment. Remittances shall include pertinent information of the payee and nature of payment in the memo area (often referred to as “addenda records” by Financial Institutions) as that will assist in the timely posting of interest earned on Federal funds. Pertinent details include the Payee Account Number ("PAN") if the payment originated from PMS, or Agency information if the payment originated from Automated Standard Application for Payment ("ASAP"), National Science Foundation ("NSF") or another Federal agency payment system.

COST PRINCIPLES - SPENDING FEDERAL FUNDS

Reference:
2 CFR. 200.344(b), 2 CFR. 200.403-.407, 200.413(a)-(c), 200.430(a), 200.431(a), 200.439(b)(2), 200.458,

The Educational Service Provider is responsible for the efficient and effective administration of grant funds through the application of sound management practices. Such funds shall be administered in a manner consistent with all applicable Federal, State and local laws, the associated agreements/assurances, program objectives and the specific terms and conditions of the grant award.

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the Academy or the proper and efficient performance of the Federal award;

2. the restraints or requirements imposed by such factors as sound business practices, arm's length bargaining, Federal, State, local, tribal and other laws and regulations;

3. market prices for comparable goods or services for the geographic area;

4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and

5. whether the cost represents any significant deviation from the established practices or Board policy which may unjustifiably increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the "necessary" element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the Academy can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:

a. the cost is needed for the proper and efficient performance of the grant program;

b. whether the cost is identified in the approved budget or application;

c. whether there is an educational benefit associated with the cost;

d. whether the cost aligns with identified needs based on results and findings from a needs assessment

e. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This standard is met if the cost: is incurred specifically for the Federal award; benefits both the Federal award and other work of the Academy and can be distributed in proportions that may be approximated using reasonable methods; and is necessary to the overall operation of the Academy and is assignable to the Federal award in accordance with cost principles mentioned here.

B. Conform to any limitations or exclusions set forth in the cost principles in Part 200 or in the terms and conditions of the Federal award.

C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the Academy.

D. Be accorded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to a Federal award as an indirect cost under another award.

E. Be determined in accordance with generally accepted accounting principles.

F. Be representative of actual cost, net of all applicable credits or offsets.

The term "applicable credits" refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.

H. Be adequately documented:

1. in the case of personnel services, the Educational Service Provider shall implement a system for Academy personnel to account for time and efforts expended on grant funded programs to assure that only permissible personnel expenses are allocated;

2. in the case of other costs, all receipts and other invoice materials shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.

I. Be incurred during the approved budget period.

The budget period means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which recipients are authorized to carry out authorized work and expend the funds awarded, including any funds carried forward or other revisions pursuant to the law. Prior written approval from the Federal awarding agency or State pass through entity may be required to carry forward unobligated balances to subsequent budget periods, unless waived.

Selected Items of Cost

The Educational Service Provider shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, the Educational

Service Provider shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, Academy and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and Academy personnel shall follow those rules as well.

The following rules of allowability must apply to equipment and other capital expenditures:

A. Capital expenditures for general purpose equipment, buildings, and land are unallowable as direct charges, except with the prior written approval of the Federal awarding agency or pass-through entity.

B. Capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of $5,000 or more have the prior written approval of the Federal awarding agency or pass-through entity.

C. Capital expenditures for improvements to land, buildings, or equipment that materially increase their value or useful life are unallowable as a direct cost except with the prior written approval of the Federal awarding agency, or pass-through entity.

D. Allowability of depreciation on buildings, capital improvements, and equipment shall be in accordance with 2 CFR 200.436 and 2 CFR 200.465.

E. When approved as a direct cost by the Federal awarding agency or pass-through entity under Sections A-C, capital expenditures will be charged in the period in which the expenditure is incurred, or as otherwise determined appropriate and negotiated with the Federal awarding agency.

F. If the Academy is instructed by the Federal awarding agency to otherwise dispose of or transfer the equipment, the costs of such disposal or transfer are allowable.

Cost Compliance

The Educational Service Provider shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs, but may not be double charged or inconsistently charged as both.

Determining Whether a Cost is Direct or Indirect:

A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

   These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; program evaluation costs or other institutional service operations; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.). Direct costs may also include capital expenditures if approved by the Federal awarding agency or pass-through entity, as well as capital expenditures for special purpose equipment with a unit cost of less than $5,000.

B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

   These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the Academy, the Board, compensation of the School Leader, compensation of the chief executive officer of any component of the Academy, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity.
2. Individuals involved can be specifically identified with the project or activity.
3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.
4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Equipment and other capital expenditures are unallowable as indirect costs.

Timely Obligation of Funds

Financial obligations are orders placed for property and services, contracts and subawards made, and similar transactions that require payment. This term is used when referencing a recipient's or subrecipient's use of funds under a Federal award.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

A. Acquisition of property - on the date which the Academy makes a binding written commitment to acquire the property.
B. Personal services by an employee of the Academy or Educational Service Provider - when the services are performed.
C. Personal services by a contractor who is not an employee of the Academy on the date which the Academy makes a binding written commitment to obtain the services.
D. Performance of work other than personal services - on the date when the Academy makes a binding written commitment to obtain the work.
E. Public utility services - when the Academy receives the services.
F. Travel - when the travel is taken.
G. Rental of property - when the Academy uses the property.

H. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E - Cost Principles - on the first day of the project period.

Period of Performance

All financial obligations must occur during the period of performance. Period of performance means the total estimated time interval between the start of an initial Federal award when the Academy is permitted to carry out the work authorized by the grant and the planned end date. The period of performance may include one or more funded portions or budget periods. The period of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, financial obligations under a grant may not be made until the application is approved or is in substantially approvable form, whichever is later. In the case of a direct grant, a grantee may use grant funds only for obligations it makes during the grant period, unless an agreement exists with the awarding agency or the pass-through entity (e.g., MDE) to reimburse for pre-approval expenses.

If a Federal awarding agency or pass-through entity approves an extension, or if the Academy extends under C.F.R. 200.308(e)(2), the Period of Performance will be amended to end at the completion of the extension. If a termination occurs, the Period of Performance will be amended to end upon the effective date of termination. If a renewal is issued, a distinct Period of Performance will begin.

For both State-administered and direct grants, regardless of the period of availability, the Academy shall liquidate all financial obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Educational Service Provider shall closely monitor grant spending throughout the grant cycle.

TIME AND EFFORT REPORTING

Reference: 2 C.F.R. 200.430, 200.431

As a recipient of Federal funds, the Academy shall comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Code of Federal Regulations requires certification of effort to document salary expenses charged directly or indirectly against Federally-sponsored projects. This process is intended to verify that compensation for employment services, including salaries and wages, is allocable and properly expended, and that any variances from the budget are reconciled.

Compensation for employment services includes all remuneration, paid currently or accrued, for services of employees, whether employed by the Board or an Educational Service Provider, rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits, which are addressed in 2 C.F.R. 200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of these regulations, and that the total compensation for individual employees:

A. is reasonable for the services rendered, conforms to the Academy's established written policy where applicable, and is consistently applied to both Federal and non-Federal activities; and

B. follows an appointment made in accordance with the Academy's written policies and meets the requirements of Federal statute, where applicable.

Time and Effort Reports

The reports:

A. are supported by a system of internal controls which provide reasonable assurance that the charges are accurate, allowable, and properly allocated;

B. are incorporated into the official records of the Educational Service Provider;

C. reasonably reflect the total activity for which the employee is compensated by the Educational Service Provider, not exceeding 100% of the compensated activities;

D. encompass both Federally assisted and other activities compensated by the Educational Service Provider on an integrated basis;

E. comply with the Academy's established accounting policies and practices;

F. support the distribution of the employee's salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award, a Federal award and non-Federal award, an indirect cost activity and a direct cost activity, two or more indirect activities which are allocated using different allocation bases, or an unallowable activity and a direct or indirect cost activity.

© National Charter Schools Institute

The Educational Service Provider will also follow any time and effort requirements imposed by the pass-through entity to the extent that they are more restrictive than the Federal requirements. The Educational Service Provider is responsible for the distribution, collection, and retention of all employee effort reports. Individually reported data will be made available only to authorized auditors.

Reconciliations

Budget estimates are not used as support for charges to Federal awards. However, the Academy may use budget estimates for interim accounting purposes. The system used by the Academy to establish budget estimates produces reasonable approximations of the activity actually performed. Any significant changes in the corresponding work activity are identified by the Educational Service Provider and entered into the Academy's records in a timely manner.

The Academy's internal controls require the Educational Service Provider to review after-the-fact interim charges made to a Federal award based on budget estimates and ensure that all necessary adjustments are made so that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

STUDENT FEES, FINES, AND SUPPLIES

Reference:
MCL 388.1904 [Suggested/Referred to, but not required]

Fees

The Board of Directors may assess certain fees to pay the costs for extra-curricular and noncredit activities. Such fees might be made for expendable items such as magazines, workbook materials, paperback selections, laboratory supplies, materials for clubs, independent study or special projects, transportation costs, and admission/participation fees for school-sponsored trips and activities.

If an eligible student enrolled in an eligible course offered by a career and technical preparation program does not complete the course, other than for reasons related to a family or medical emergency, the student shall repay to the Academy any funds expended by the Academy for the course that are not refunded by the career and technical preparation program, and may also be subject to such sanctions as are provided for in procedures prepared by the Academy administration.

No student, however, shall be deprived of participation in any mandatory school activity or required curriculum activity due to a lack of financial ability to pay. Fees will not be charged for such activities. Extracurricular activities for which fees will be charged may not be used in determining credit or grades in any course.

A fee shall not exceed the combined cost of the service(s) provided and/or materials used. An accurate accounting of all fees collected and all fees expended shall be provided to the School Leader (or his/her designee) for each fee-based activity, at the conclusion of the activity, along with a record of the remission of any fees not expended.

Fines

The late return of borrowed books or materials from the Academy libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

Any fees or fines collected by members of the staff are to be given to the Educational Service Provider within twenty-four (24) hours after collection.

In the event the above course of action does not result in the collection of the fee or fine, the Board authorizes the Educational Service Provider to take the student and/or his/her parents to Small Claims Court for collection.

Supplies

The Academy will provide all basic supplies needed by the student to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or to conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies.

The Board shall ensure that adequate funds are reserved for the General Fund to maintain a secure financial position whereby the fund equity shall not fall below five percent (5%) of the preceding year's expenditures.

A proposed budget requires the critical analysis of every member of the Board prior to approval. Once adopted, the budget deserves the support of all members of the Board, regardless of their position before its adoption.

BUDGET HEARING

Reference: MCL 141.411 et. seq.

The annual budget adopted by the Board of Directors represents the Board's position on the allocation of resources required to operate an appropriate system of education. PURCHASING

Source: MCL 380.1267, 380.1274 et seq.

Procurement of all supplies, materials, equipment, and services paid for from Academy funds shall be made in accordance with all applicable federal and State statutes, Board policies, and administrative procedures. Standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts are established in Policy 1130, Policy 3110, and Policy 4110 (as applicable) – Conflict of Interest.

All procurement transactions shall be conducted in a manner that encourages full and open competition and in accordance with good administrative practice and sound business judgment.

Each year the State of Michigan informs the Academy of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board that the Educational Service Provider adhere to the following:

A. Seek informal price quotations on purchases that are under fifty percent (50%) of the amount allowed by State statute for a single item, except in cases of emergency or when the materials purchased are of such a nature that price negotiations would not result in a savings to the Academy.

B. When the purchase of, and contract for, single items of supplies, materials, or equipment is:

    A. in excess of fifty percent (50%) but less than the amount allowed by State statute the Educational Service Provider shall whenever possible, require three (3) competitive price quotations.

    B. less than the amount allowed by State statute, but exceeds $10,000 the Educational Service Provider shall whenever possible, require three (3) competitive price quotations.

    C. less than the amount allowed by State statute, but exceeds $10,000 the Educational Service Provider shall whenever possible, have at least three (3) competitive bids.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

<u>Competitive Bids</u>

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to M.C.L.A. 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs $100,000 or more.

© National Charter Schools Institute

Bids shall be sealed and shall be opened by the Board President or designee in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

A. the quality of the item(s) to be supplied;

B. its conformity with specifications;

C. suitability to the requirements of the Academy;

D. delivery terms;

E. past performance of vendor.

In addition to the factors above, the Board may consider and provide a preference to bidders which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under MCL 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan

B. have filed a Michigan income tax return showing income generated in or attributed to Michigan

C. withheld Michigan income tax from compensation paid to the bidder's owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Bid Protest

A bidder who wishes to file a bid protest must file such notice and follow procedures prescribed by the Request For Proposals (RFP) or the individual bid specifications package, for resolution. Bid protests must be filed in writing with the Educational Service Provider within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the Educational Service Provider shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

General Provisions

The Educational Service Provider is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase was not contemplated during the budgeting process.

The Educational Service Provider is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the Academy in operation. Such purchases shall be brought to the Board's attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the Academy, the Board requires that the Educational Service Provider periodically estimate requirements for standard items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the Educational Service Provider shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the Academy. All purchase orders shall be numbered consecutively.

In the interests of economy, fairness, and efficiency in its business dealings, the Board requires that:

A. opportunity be provided to as many responsible suppliers as possible to do business with the Academy;

B. a prompt and courteous reception, insofar as conditions permit, be given to all who call on legitimate business matters;

C. where the requisitioner has recommended a supplier, the Educational Service Provider may make alternate suggestions to the requisitioner if, in his/her judgment, better service, delivery, economy, or utility can be achieved by changing the proposed order;

D. upon the placement of a purchase order, the Educational Service Provider shall commit the expenditure against a specific line item to guard against the creation of liabilities in excess of appropriations.

The Educational Service Provider shall determine the amount of purchase which shall be allowed without a properly signed purchase order. Employees may be held personally responsible for anything purchased without a properly signed purchase order or authorization.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The Educational Service Provider shall maintain a procurement and contract administration system in accordance with the United States Department of Education requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

M.C.L. 380.1264

Before commencing construction of any new academy building or the major renovation of an existing academy building, the Board shall consult on the plans for construction or major renovation regarding academy safety issues with the law enforcement agency that is the first responder for the academy building at issue. For purposes of this paragraph, academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Before beginning construction of a new academy building, or addition to or repair or renovation of an existing academy building, except repair in emergency situations, the Board, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing academy building, which exceeds the State statutory limit.

The Board shall advertise for the bids required under subsection

A. by placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least two (2) weeks on the department of management and budget website on a page on the website maintained for this purpose or on a website maintained by a academy organization and designated by the department of management and budget for this purpose.

B. If the department of management and budget designates an academy organization website for this purpose, the department of management and budget shall indicate this fact on its website and include a link on its Web site to the academy organization website.

C. The advertisement for bids shall do all of the following:

1. Specify the date and time by which all bids must be received by the Board at a designated location.

2. State that the Board will not consider or accept a bid received after the date and time specified for bid submission.

3. Identify the time, date, and place of a public meeting at which the Board or its designee will open and read aloud each bid received by the Board by the date and time specified in advertisement.

4. State that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the Board or the School Leader of the Academy. A Board shall not accept a bid that does not include this sworn and notarized disclosure statement.

D. The Board shall require each bidder for a contract under this policy, to file with the Board security in an amount not less than 1/20 of the amount of the bid conditioned to secure the Academy from loss or damage by reason of the

F. At a public meeting identified in the advertisement for bids described in subsection three (3) of this policy, the Board or its designee shall open and read aloud each bid that the Board received at or before the time and date for bid submission specified in the advertisement for bids. The Board may reject any or all bids, and if all bids are rejected, shall readvertise in the manner required by this policy.

G. *The competitive bid threshold amount specified in this policy ($24,459 for 2019)* is adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the twelve (12) months ending August 31st of the year in which the adjustment is made differs from that index's average for the twelve (12) months ending on August 31st of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The current exempt amount must be confirmed with the Michigan Department of Education prior to issuing contracts for construction, renovation, or repairs which exceed the amount listed in this policy.

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or Academy matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The Educational Service Provider shall have and use a procurement and contract administration system in accordance with the USDOE requirements (2 CFR 200.317-.326), including affirmative steps for small and minority businesses and women's business enterprises, for the administration and management of Federal grants and Federally-funded programs. The Educational Service Provider shall maintain oversight that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. All Academy employees, whether employed by the Board or by an Educational Service Provider, all officers of the Academy, and all agents of the Academy who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, whether employed by the Board or by an Educational Service Provider, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 1130 and Policy 3110– Conflict of Interest.

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. And, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions for the acquisition of property or services required under a Federal award paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

A. unreasonable requirements on firms in order for them to qualify to do business;

C. noncompetitive pricing practices between firms or between affiliated companies;

F. specification of only a "brand name" product instead of allowing for an "*or equal*" product to be offered and describing the performance or other relevant requirements of the procurement; and

G. any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services that are subject to this policy, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

The Academy shall require that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to provide maximum open and free competition. The Academy shall not preclude potential bidders from qualifying during the solicitation period.

Solicitation Language (Purchasing Procedures)

The Academy shall have written procurement procedures that require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.

Procurement Methods

The Academy shall have and use documented procedures, consistent with the standards described above for the following methods of procurement:

A. Informal Procurement Methods

When the value of the procurement for property or services under a Federal award does not exceed the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are not required. The Academy may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative burden and cost. The informal methods used for procurement of property or services at or below the simplified acquisition threshold include:

1. Micro-purchases

Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed $10,000. To the maximum extent practicable, the Academy should distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if Educational Service Provider considers the price to be reasonable based on research, experience, purchase history or other relevant information and documents are filed accordingly. The Academy shall maintain evidence of this reasonableness in the records of all purchases made by this method.

Unless otherwise defined by State or local law, Academies are responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of the risk, and its documented procurement procedures. The micro-purchase threshold used by the Academy shall be authorized or not prohibited under State, local, or tribal laws or regulations. An Academy which is qualified as a low-risk auditee for the most recent audit (C.F.R. 200.520) may increase the micro-purchase threshold up to $25,288. An eligible Academy may self-certify the micro-purchase threshold on an annual basis (not to exceed $ 25,288) after completing the annual internal institutional risk assessment to identify, mitigate, and manage financial risks. The self-certification, in accordance with C.F.R. 200.334, must include a justification, clear identification of the threshold, and supporting documentation of the qualifications listed above.

2. Small Purchases

Small purchases include the acquisition of property or services, the aggregate dollar amount of which is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold of the Michigan Department of Education limit. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.

© National Charter Schools Institute

Academies are responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures which must not exceed the threshold established in the Federal Acquisition Regulations (FAR). When applicable, a lower simplified acquisition threshold used by the non-Federal entity must be authorized or not prohibited under State, local, or tribal laws or regulations.

B. Formal Procurement Methods

When the value of the procurement for property or services under a Federal award exceeds the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are required. Formal procurement methods require following documented procedures. Formal procurement methods also require public advertising unless a non-competitive procurement method can be used in accordance with the standards on competition in C.F.R. 200.319 or non-competitive procurement. The formal methods of procurement are:

1. Sealed Bids

Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish an academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

a. a complete, adequate, and realistic specification or purchase description is available;

b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and

c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

a. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.

b. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.

© National Charter Schools Institute

c. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.

d. A firm fixed price contract award will be made in writing to the lowest responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.

e. The Board reserves the right to reject any or all bids for sound documented reason.

2. Proposals

Procurement by proposals is a method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid procedures.)

If this method is used, the following requirements apply:

a. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.

b. Proposals shall be solicited from an adequate number of sources.

c. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.

d. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

3. Noncompetitive Procurement

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

© National Charter Schools Institute

a. micro-purchases

b. the item is available only from a single source

c. the public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation

d. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the Academy

e. after solicitation of a number of sources, competition is determined to be inadequate

Domestic Preference for Procurement

As appropriate and to the extent consistent with law, the Academy shall, to the extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. Such requirements shall be included in all subawards including all contracts and purchase orders for work or products under the Federal award.

Contract/Price Analysis

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of $250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Time and Materials Contracts

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

© National Charter Schools Institute

Suspension and Debarment

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The Educational Service Provider shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.

Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the Educational Service Provider to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H)

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over $25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal government's System for Award Management, which maintains a list of such debarred or suspended vendors at www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C)

Bid Protest

The Academy maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the Educational Service Provider within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the Educational Service Provider shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

© National Charter Schools Institute

Maintenance of Procurement Records

The Academy shall maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

CONFLICT OF INTEREST - LEGAL COUNSEL, ADVISORS, OR CONSULTANTS

Reference: M.C.L. 380.1203

A person serving as the legal counsel to the Academy or otherwise acting as an advisor or consultant to the Board of Directors, who believes or has reason to believe that the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board shall disclose the conflict of interest to the Board before the vote on the contract or other financial transaction.

Such a person is presumed to have conflict of interest if the person or his/her family member has financial interest, or a competing financial interest in the contract or other financial transaction under consideration by the Board.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse; and includes these relationships as created by adoption or marriage.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

COOPERATIVE PURCHASING

Reference: MCL 124.1 et. seq.

The Board of Directors recognizes the advantages of centralized purchasing since buying in volume tends to maximize value for each dollar spent. The Board, therefore, encourages the Educational Service Provider to seek advantages in savings that may accrue to the Academy through joint agreements with the governing body of other governmental units for the purchase of supplies, equipment, or services.

The Board authorizes the Educational Service Provider to negotiate joint purchase agreements with governmental contracting units for services, supplies, and equipment required from time to time by the Board, which the Board may otherwise lawfully purchase for itself. Such purchase agreements must be in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

Cooperative or joint purchases require an agreement, approved by the Board and the participating contracting body, that specifies the categories of equipment and supplies to be purchased; the manner of advertising for bids and of awarding contracts; the method of payment by each participating party; and such other matters as may be deemed necessary to carry out the purposes of the agreement. Such agreements are subject to all legal bidding requirements.

For the purpose of this policy *beneficial interest* shall be determined in accordance with MCL 15.321 et seq.

Board members and **Educational Service Provider** personnel shall not accept any gifts or favors from vendors that might influence the eventual purchase of equipment, supplies, or services.

All sales persons, regardless of product, shall register with the School Leader's office before contacting any teachers, students, or other personnel of the Academy. Purchasing personnel shall not show any favoritism to any vendor. In accordance with the policies of the Board, each order shall be placed on the basis of quality, price, and delivery (with past service a factor if all other considerations are equal).

The Board of Directors directs the prompt payment of legitimate claims by suppliers of goods and services to the Academy.

TRAVEL PAYMENT & REIMBURSEMENT

Reference: 2 CFR 200.474

Travel expenses incurred for official business travel on behalf of the Board of Directors shall be limited to those expenses reasonably and necessarily incurred by the employee in the performance of a public purpose authorized, in advance, in accordance with any applicable administrative guidelines.

Payment and reimbursement rates for per diem meals, lodging, and mileage shall be approved by the Board annually. The Board shall utilize the Federal IRS prescribed mileage rate.

Employees are expected to exercise the same care incurring travel expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Unauthorized costs and additional expenses incurred for personal preference or convenience will not be reimbursed.

Unauthorized expenses include but are not limited to alcohol, movies, fines for traffic violations, and the entertainment/meals/lodging of spouses or guests.

Travel payment and reimbursement provided from Federal funds must be authorized in advance by the Federal awarding agency or pass-through entity and must be reasonable and consistent with the Academy's travel policy and administrative guidelines. For travel authorized by and paid for with Federal funds, the travel authorization must include documentation that demonstrates that (1) the participation in the event by the individual traveling is necessary to the Federal award; and (2) the costs are reasonable and consistent with the Academy's travel policy.

All costs incurred with Federal funds must meet the Academy's cost allowability standards.

To the extent that the Academy's policy does not establish the allowability of a particular type of travel cost, the rates and amounts established under 5 U.S.C. 5701-11, ("Travel and Subsistence Expenses; Mileage Allowances"), or by the Administrator of General Services, or by the President (or his/her designee), must apply to travel under Federal awards.

PETTY CASH

The Board of Directors recognizes the convenience afforded the day-by-day operation of the Academy by the establishment of a petty cash fund. The Board shall require the imposition of such controls necessary to prevent possible abuse of this fund.

The Educational Service Provider as custodian of the petty cash fund shall ensure that the funds in his/her care shall be disbursed only for minor expenditures not readily deferred. The petty cash fund may not be used to circumvent the purchasing procedures required by law and by the policies of this Board. A request for petty cash funds must be made in writing, must be signed by the person making the request, and must include appropriate supporting documentation. The petty cash box must be secured daily.

The custodian of the petty cash fund shall prepare a schedule of disbursements, when the funds available in petty cash have declined to less than twenty-five percent (25%) of the full amount authorized, and shall show the disbursements by line account numbers. The custodian of the fund shall submit the schedule to the School Leader, with a voucher requesting replenishment of the same amount.

The petty cash fund will be closed out for audit at the end of each school year, and unused funds will be returned to the depository.

The Educational Service Provider shall develop Administrative Procedures to ensure the proper implementation of this policy.

SYSTEM OF ACCOUNTING

Reference: M.C.L.A. 41.422 et seq., 141.421 et seq.
A.C. Rule R340.351 et seq.
GASB #34
GASB #54

It is the policy of the Board of Directors that a chart of accounts be established in accordance with the requirements of the State Department of Education for the accounting of all Academy funds. The Educational Service Provider is responsible for an accounting of all capital assets to protect the financial investment of the Academy against catastrophic loss. Further, the Educational Service Provider will establish procedures and regulations necessary to properly account for capital assets and comply with generally accepted accounting principles (GAAP) and ensure that the Academy's capital assets are properly insured.

GASB 84

The Academy's system of accounting shall comply with all applicable requirements of the Governmental Accounting Standards Board, Statement No. 84 (GASB 84). In accordance with GASB 84, the Academy will report applicable fiduciary activities as identified in either the private purpose trust fund or the custodial fund. Typically, these activities include recognized student and academy-related activity funds held in a bank account maintained by the Academy. These funds shall be subject to the accounting and requirements specified in the Michigan Public Schools Accounting Manual. An activity not identified as a fiduciary activity under GASB 84 will be deemed a governmental activity and will be reported in a governmental fund.

GASB 54

The Academy's system of accounting shall comply with all requirements of the Governmental Accounting Standards Board, Statement No. 54 (GASB 54). In accordance with GASB 54, the Academy will report its fund balances in the following categories:

A. *Nonspendable fund balance*—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)

B. *Restricted fund balance*—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation

C. *Committed fund balance*—amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint

D. *Assigned fund balance*—amounts the Board *intends* to use for a specific purpose; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority

E. *Unassigned fund balance*—amounts that are available for any purpose; these amounts are reported only in the general fund.

© National Charter Schools Institute

The Board authorizes the auditors and directs its Educational Service Provider to take all steps necessary to comply with the requirements of GASB 54. All revenue and funds will be designated to one of the above categories.

The Educational Service Provider shall be responsible for the proper accounting of all Academy funds. The Educational Service Provider shall ensure that expenditures are budgeted under and charged against those accounts which most accurately describe the purpose for which such monies are to be or have been spent. Wherever appropriate and practicable, salaries of individual employees, expenditures for single pieces of equipment, and the like shall be prorated under the several accounts which most accurately describe the purposes for which such monies are to be or have been spent.

The Educational Service Provider is responsible to implement procedures and practices that will determine:

A. Capitalization policies for Academy assets (i.e., which assets will be capitalized and depreciated over their estimated useful life versus which assets will be expensed in year of purchase);

B. Methods for calculating annual and accumulated depreciation expense for assets including estimates for asset lives, residual asset values, and depreciation methodology;

C. Procedures for recording gain or loss on sale of capital assets and proceeds from the sale of capital assets in compliance with GAAP Reporting of estimated cash values or replacement values to Academy insurance providers.

A report of the revenues and expenditures in the fund reporting categories established above shall be made to the Board on a monthly basis by the Educational Service Provider.

The Board's annual financial statements will include information such as: 1) beginning and ending balances of capital assets; 2) beginning and ending balances of accumulated depreciation, 3) total depreciation expense for the fiscal year.

Such reporting shall include description of significant capital asset activity during the fiscal year including: acquisitions through purchase or donation, sales or dispositions including the proceeds and gains or losses on the sale, changes in methods of calculating depreciation expense or accumulated depreciation, such as, estimates of useful life, residual values, depreciation methodology (e.g. straight line or other method).

Before implementing procedures or changing procedures, the Educational Service Provider will review the proposed procedure with the CPA appointed by the Board of Directors to conduct the Board's financial audit. The procedures established shall comply with all statutorily required standards and generally accepted accounting procedures.

The Educational Service Provider shall promulgate Administrative Procedures to ensure the proper implementation of this policy in accordance with law.

MCL. 28.425o
20 USC 4141(g)

The Board of Directors prohibits visitors from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the Board including, but not limited to, property leased, owned, or contracted for by the Academy, an Academy-sponsored event, or in an Academy vehicle.

The Board has a constitutional and statutory obligation to provide a free and appropriate education to all students who qualify. This includes the obligation to provide a safe and secure learning environment. The presence of dangerous weapons on school property or at school sponsored events, except under very controlled circumstances, creates a potentially dangerous situation for students, staff and visitors, and may trigger precautionary safety responses which disrupt the educational process and learning environment for students.

This prohibition applies regardless of whether the visitor is otherwise authorized by law to possess the weapon, including if the visitor holds a concealed weapons permit.

State law establishes a "Weapon-Free School Zone" that extends 1,000 feet from the boundary of any school property.

The term “weapon” means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, and/or, endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

The School Leader shall refer a visitor who violates this policy to law enforcement officials and may take any necessary steps to exclude the visitor from Academy property and Academy sponsored events.

Exceptions to this policy include:

A. weapons under the control of law enforcement personnel;

B. items approved by the Educational Service Provider as part of a class or individual presentation under adult supervision, if used for the purpose of and in the manner approved (explosives, knives, and working firearms and ammunition prohibited by law shall never be approved);

C. theatrical props used in appropriate settings; and

D. starter pistols used in appropriate sporting events.

The Educational Service Provider/School Leader shall take the necessary steps to prosecute a violation of the Weapon-Free School Zone.

GIFTS, GRANTS, AND BEQUESTS

The Board of Directors is duly appreciative of public interest in and good will toward the Academy, manifested through gifts, grants, and bequests. The Board reserves the right, however, to specify the manner in which gifts are made; to define the type of gift, grant, or bequest it considers appropriate; and to reject those it deems inappropriate or unsuitable. If accepted, the Board will attempt to carry out the wishes of the donor.

All gifts, grants, or bequests shall be accepted and acknowledged by the Board.

All gifts, grants, or bequests having a value of more than $100 shall be accepted by the Board. The School Leader may accept gifts of lesser value for the Board.

All accepted gifts, grants, or bequests shall be acknowledged by the Board.

Gifts, grants, and bequests shall become the property of the Board and will be subject to use by the Academy, as determined by the policies and the administrative procedures applying to all properties, equipment, materials, and funds owned by the Board.

Before any equipment is purchased by a parent organization for use in the Academy or at a school-related event, a written proposal shall be submitted to the Board for approval prior to purchase, so the Board can determine if the Academy would incur any liability by the use of the equipment. The Board reserves the right to not accept such liability and, thus, deny approval of the proposed purchase.

DISPOSITION OF SURPLUS PROPERTY

Reference: 2 CFR 200.312, 200.313

The Board of Directors requires the Educational Service Provider/School Leader to review the property of the Academy periodically and to dispose of that material and equipment which is no longer usable in accordance with the terms of this policy.

Instructional Material

The Academy shall review instructional materials (i.e. textbooks, library books, manuals, support materials, etc.) periodically to determine the relevance of such materials to the present world and current instructional programs. The following criteria will be used to review instructional materials for redistribution and possible disposal:

A. concepts or content that do not support the current goals of the curriculum

B. information that may not be current

C. worn beyond salvage

Equipment

The Academy shall inspect the equipment used in the instructional program periodically, to determine the condition and usability of such equipment in the current educational program. Should the equipment be deemed no longer serviceable or usable, the following criteria will be used to determine possible disposal:

A. repair parts for the equipment no longer readily available;

B. repair records indicate the equipment has no usable life remaining;

C. obsolete and no longer contributing to the educational program;

D. some potential for sale at an auction; and

E. creates a safety or environmental hazard.

Disposition

The Educational Service Provider/School Leader is authorized to dispose of obsolete instructional and other property by selling it to the highest bidder, by donation to appropriate parties, or by proper waste removal. When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, the Academy shall request disposition instructions from the Federal awarding agency, if required by the terms and conditions of the Federal award. Disposition of the equipment will then be made in accordance with disposition instructions of the Federal awarding agency.

If permitted by applicable law, items of equipment with a current per unit fair market value of $5,000 or less may be retained, sold or otherwise disposed of with no further obligation to the Federal awarding agency.

© National Charter Schools Institute

Except as provided by applicable regulations or if the Federal awarding agency fails to provide requested disposition instructions within 120 days, items of equipment with a current per-unit fair-market value in excess of $5,000 may be retained by the Academy or sold. The Federal awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the Federal awarding agency's percentage of participation in the cost of the original purchase. If the equipment is sold, the Academy may deduct and retain from the Federal share $500 or ten percent of the proceeds, whichever is less, for its selling and handling expenses.

The Academy may transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the Academy shall be entitled to compensation for its attributable percentage of the current fair market value of the property.

Such procedures are to include provision for Handicapped Parking signs that conform to State law.

SAFETY STANDARDS

Reference: MCL 380.1288
AC Rule 29.1 et. seq., 340.1301 et. seq.

The Board of Directors believes that the staff and students of this Academy, as well as visitors, are entitled to function in an environment as free from hazards as can reasonably be provided. In this regard and in accordance with the law, the Board will provide reasonable and adequate protection to the lives, safety, and health of its employees.

The Educational Service Provider shall be responsible for the maintenance of standards in the facilities to prevent accidents and minimize their consequences. He/She shall designate a staff member to conduct periodic audits of health and safety conditions within the facilities of the Academy in accordance with the Federal OSHA standards adopted by the State and shall take appropriate action on any violations to the School Leader. This staff member shall also have the authority to organize and direct the activities of an Academy Safety Committee.

At the beginning of each school year and as frequently thereafter as deemed necessary by the Educational Service Provider, he/she shall check the Academy's playground for safety. A record of each inspection shall be on file in the Academy office.

The School Leader shall assure that the staff members and students of this Academy are aware of their rights to an environment free of recognized hazards; that they are properly trained in safety methods; that protective devices and equipment are available to meet safety standards; and that proper rules and records are maintained to meet the requirements of the law.

In the event an inspection is made by a representative of the State, the Educational Service Provider shall report the results to the Board at the meeting following the receipt of the State report.

USE OF TOBACCO ON ACADEMY PREMISES

MCL 380.1170
MCL 750.473
20 USC 6081 et seq.
USDOE. Memorandum, 1995
MDE Board Policy on 24/7 Tobacco-Free Schools

The Board of Directors believes that the right of persons to use tobacco must be balanced against the right of those who do not use tobacco to breathe air untainted by tobacco.

The use of tobacco products of any kind, including but not limited to cigarettes, cigars, pipes, and chewing tobacco, and by any person, is prohibited on Academy property (including grounds, buildings, and vehicles) and during any Academy-sponsored activity or event.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco products on Academy premises (owned or leased), in academy vehicles, at all academy sponsored events and in all academy buildings owned and/or operated by the Academy.

For purposes of this policy,

A. "tobacco product" means a preparation of tobacco to be inhaled, chewed, or placed in a person's mouth.

B. "use of a tobacco product" means any of the following:

1. the carrying by a person of a lighted cigar, cigarette, pipe, or other lighted smoking device

2. the inhaling or chewing of a tobacco product

3. the placing of a tobacco product within a person's mouth

4. and/or the smoking of electronic, “vapor,” or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance.

The term “tobacco” includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUUL's"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, and because the Board does not condone smoking and/or the use of tobacco, the Board prohibits the use of tobacco or tobacco substitute products at all times within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or

operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to:

A. academy grounds,

B. athletic facilities,

C. any academy-related event,

Tobacco advertising or promotion is prohibited on signs, clothing (including hats or bags), or sponsorship of Academy events.

The School Leader shall:

A. Communicate the Academy's Tobacco-Free Policy to students, staff, family members, and visitors, at Academy events, through signage, and in the student code of conduct;

B. Develop and implement procedures for consistent and fair enforcement;

C. Develop educational alternatives to suspension;

D. Treat violators who are students or staff with disciplinary action in the same magnitude and manner as violations of other Academy policies;

E. Ensure that visitors who violate the policy discontinue using the tobacco product or leave the premises;

F. Include the expectation that the prohibition will be enforced in contracts with outside groups who use the building; and

G. Coordinate with local law enforcement agencies on enforcement of the Youth Tobacco Act and the Michigan Penal Code related to tobacco use.

The Academy may provide access to developmentally-appropriate tobacco cessation programs or information about community cessation programs.

Violations of this policy may result in removal from academy property or the academy activity in accordance with Policy 9150 – Academy Visitors.

The Educational Service Provider shall designate the individuals and the methods to monitor compliance with this policy.

FACILITY SECURITY

Buildings constitute the greatest financial investment of the Academy. It is in the best interest of the Board of Directors to protect the Academy's investment adequately. The buildings and equipment owned by the Board shall be protected from theft and vandalism in order to maintain the optimum conditions for carrying out the educational programs.

The Educational Service Provider shall develop and supervise a program for the security of the Academy's students, staff, visitors, school buildings, school grounds, and school equipment in compliance with State and Federal law. Such a program may include the use of video surveillance and electronic monitoring equipment in appropriate public areas in and around the schools and other school facilities, and on school buses.

Every effort shall be made to apprehend those who knowingly cause serious physical harm to students, staff, visitors and Board property and may require prosecution of those who bring harm to persons and/or property. The Board will seek repair to rectify the damage or payment of a fee to cover the cost of repair or replacement from the person(s) responsible. A reward may be offered for apprehending such persons.

Appropriate authorities may be contacted in the case of serious offenses.

The Educational Service Provider is authorized to install metal detectors and video surveillance/electronic monitoring equipment on school property in order to protect the health, welfare, and safety of students, staff, visitors and Board property, and other security devices that would assist in the detection of guns and dangerous weapons:

A. in school buildings;

B. on school property;

C. at Board-sponsored/controlled events.

The Educational Service Provider shall report to the Board, no later than the next Board meeting, any significant incident involving vandalism, theft, personal safety or other security risk and the measures being taken to address the situation.

VIDEO SURVEILLANCE AND ELECTRONIC MONITORING

Reference: FERPA, 20 U.S.C. 1232g
34 C.F.R. 99.1-99.67
Title I of the Electronic Communication Privacy Act of 1986
18 U.S.C. 2510-2521

In order to protect Board property, promote security and protect the health, welfare and safety of students, staff and visitors, the Board of Directors authorizes the use of video surveillance and electronic monitoring equipment on school property, and in school buildings and school buses. Information obtained through video surveillance/electronic monitoring may be used to identify intruders and persons breaking the law, Board policy, or the Student Code of Conduct (i.e., it may be used as evidence in disciplinary actions and criminal proceedings).

The Educational Service Provider is responsible for approving where and when to install and operate fixed-location video surveillance/electronic monitoring equipment in the Academy. The School Leader shall be responsible for recommending use of video surveillance/electronic monitoring. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g., school hallways, entryways, the front office where students, employees and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the School Leader or Board President, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g., restrooms, locker rooms, changing areas). The School Leader shall carefully consider and consult with Academy legal counsel before authorizing placement in, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms, or in individual classrooms during instructional times. Security staff and administrators are authorized to carry and use portable video cameras when responding to incidents.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Legible and visible signs shall be placed at the main entrance to buildings and in the areas where video surveillance/electronic monitoring equipment is in use. Signs shall be reasonably designed to notify people that their actions/behavior are being monitored/recorded. Additionally, the School Leader is directed to annually notify parents and students via Academy newsletters and the Student Handbook, and staff via the Staff Handbook, of the use of video surveillance/electronic monitoring systems in their schools.

Any information obtained from video surveillance/electronic monitoring systems may only be used to support the orderly operation of the Academy and facilities, and for law enforcement purposes, and not for any other purposes. As such, recordings obtained through the use of video surveillance/electronic monitoring equipment may be used as evidence in any disciplinary proceedings, administrative proceeding or criminal proceeding, subject to Board policy and regulations. Further, such recordings may become a part of a student's education record or staff member's personnel file.

Video recordings will be totally without sound.
The Educational Service Provider will not use video surveillance/electronic monitoring equipment to obtain information for the purpose of routine staff appraisal/evaluation or

© National Charter Schools Institute

monitoring. However, prerecorded lessons or observations of on-line virtual learning sessions may be included as part of an employee's evaluation in accordance with a Memorandum of Understanding approved by the Board.

Recordings of students will be treated as confidential, to the extent allowed by law. Copies of video recordings containing personally identifiable information about students shall not be released except as required or authorized by law. Parents or guardians of minor students, and students who are eighteen (18) years of age or older, who are charged with disciplinary violations may view relevant portions of any video recording related to the charge, upon written request to the School Leader, provided that viewing the recording does not violate State and/or Federal law (i.e., the privacy rights of any other students whose images appear on the recording). Likewise, school personnel may view relevant portions of any video relating to any disciplinary charge against them, upon written request to the building principal, provided that viewing the recording does not violate State and/or Federal law (i.e., the privacy rights of any students whose images appear on the recording). Absent a clear legal obligation, confidential recordings will only be released through subpoena or court order.

The Board shall maintain video surveillance/electronic monitoring recordings for a limited period. Any request to view a recording under this policy must be made within seven (7) days of the event/incident. Unless an investigation is being conducted, recordings shall be destroyed after thirty (30) days. If, however, action is taken by the Educational Service Provider as a result of a formal complaint or incident, recordings shall be kept for a minimum of one (1) year from the date of the action taken. Recordings may also be kept beyond the normal retention period if they are going to be utilized for training purposes.

This policy does not address or cover instances where Academy officials record a specific event (e.g., a play, music performance, athletic contest, graduation, or Board meeting), or an isolated instance where a classroom is videotaped for educational or research purposes. Authorized videotaping for educational, instructional and/or research purposes is permitted and is not addressed by this policy.

The Educational Service Provider is directed to develop Administrative Procedures to address the use of video surveillance/electronic monitoring equipment in school buildings, school buses and on property owned and/or operated by the Board.

Video surveillance is to be implemented in accordance with this policy and the related procedures. The Board will not accept or tolerate the improper use of video surveillance/electronic monitoring equipment and will take appropriate action in any cases of wrongful use of this policy.

Annually, the School Leader shall conduct a review to verify that this policy and its implementing procedures are being adhered to, and report to the Board on the use of video surveillance/electronic monitoring equipment in the Academy.

PROPERTY INVENTORY

As steward of this Academy's property, the Board of Directors recognizes that efficient management and full replacement upon loss requires accurate inventory and properly maintained property records.

The Board shall conduct a conduct and maintain a continuous inventory of all Academy-owned equipment and supplies in accordance with all applicable law.

For purposes of this policy, "equipment" shall mean a unit of furniture or furnishings, an instrument, a machine, an apparatus, or a set of articles which retains its shape and appearance with use, is nonexpendable, costs at least $5,000 to replace or as a single unit and does not lose its identity when incorporated into a more complex unit. When defining supplies for inventory purposes, no items will be counted whose total value is less than $5,000. [The Federal threshold for a supply designation is $5,000 regardless of length of useful life, however, the Academy may set an early acquisition cost level for designation as supply. Capital expenditures with a unit cost of $5,000 or more require prior written approval of the Federal awarding agency or pass-through entity.]

It shall be the duty of the Educational Service Provider to ensure that inventories are recorded systematically and accurately and property records of equipment are updated and adjusted annually by reference to purchase orders and withdrawal reports.

Major items of equipment shall be subject to annual spot check inventory to determine loss, mislocation, or depreciation; any major loss shall be reported to the Board.

Property records of consumable supplies shall be maintained on a continuous inventory basis.

The Educational Service Provider shall maintain a system of property records which shall show, as appropriate to the item recorded, the:

A. description and identification;

B. manufacturer;

C. year of purchase;

D. initial cost;

E. location;

F. condition and depreciation;

G. evaluation in conformity with insurance requirements.

Equipment acquired under a Federal award will vest upon acquisition to the Academy, subject to the following conditions:

A. The equipment shall be used for the authorized purposes of the award project during the period of performance or until the equipment is no longer needed for the purposes of the project.

B. The equipment shall not be encumbered without the approval of the Federal awarding agency or the pass-through entity.

C. The equipment may only be used and disposed of in accordance with the provisions of the Federal awarding agency or the pass-through entity and Board Policy and guidelines.

D. Property records shall be maintained that include a description of the equipment, a serial number or other identification number, the source of funding for the equipment (including the Federal Award Identification Number (FAIN), title entity, acquisition date, cost of the equipment, percentage of Federal participation in the project costs for the award under which the equipment was acquired, the location, use, and condition of the equipment, and ultimate disposition data, including date of disposal and sale price of the equipment.

E. A physical inventory of the property must be taken and results reconciled with property records at least once every two (2) years.

F. A control system shall be developed to provide adequate safeguards to prevent loss, damage, or theft of the property. Any such loss, damage, or theft shall be investigated.

G. Adequate maintenance procedures shall be implemented to keep the property in good condition.

H. Proper sales procedures shall be established to ensure the highest possible return, in the event the Academy is authorized or required to sell the equipment/property.

I. When original or replacement equipment acquired under a Federal award is no longer needed for the original project/program or for activities currently or previously supported by a Federal awarding agency, and except as otherwise provided by Federal statutes, regulations, or Federal awarding agency disposition instructions, the Academy shall request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment shall be made in accordance with the provisions of C.F.R. 200.313.

COMPUTER TECHNOLOGY AND NETWORKS

The Board of Directors is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of operations within the school system.

However, the use of the Academy's network and technology resources by students is a privilege, not a right. As a prerequisite, students and their parents must sign and submit a *Student Network and Internet Acceptable Use and Safety* form annually. (See also, Policy 7540.03)

The Educational Service Provider shall develop and recommend for approval by the Board a written School Technology Plan (STP). Procedures for the proper acquisition of technology shall be set forth in the STP. The STP shall also provide guidance to staff and students about making safe, appropriate and ethical use of the Academy's network(s), as well as inform both staff and students about disciplinary actions that will be taken if Board technology and/or networks are abused in any way or used in an inappropriate, illegal, or unethical manner.

Further safeguards shall be established so that the Board's investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Academy policy, and learning appropriate responses if they are victims of cyberbullying.

Social media shall be defined as internet-based applications (such as Facebook, My Space, Twitter, etc.) that turn communication into interactive dialogue between users. The Board authorizes the instructional staff to access social media from the Academy's network, provided such access has an educational purpose for which the instructional staff member has the prior approval of the School Leader.

However, personal access and use of social media, blogs, or chat rooms from the Academy's network is expressly prohibited and shall subject students and staff members to discipline in accordance with Board policy.

The Board authorizes the access and use of social media from the Academy's network to increase awareness of Academy programs and activities, as well as to promote achievements of staff and students, provided such access and use is approved in advance by the School Leader.

The Educational Service Provider shall review the STP and recommend the approval of any changes, amendments or revisions to the Board annually.

TECHNOLOGY PRIVACY

The Board of Directors recognizes the right to privacy of staff members in their personal lives. This policy serves to inform staff members of the Board's position regarding staff members' privacy in the educational workplace setting. The policy also serves to protect the Board's interests.

All computers, telephone systems, electronic mail (e-mail) systems, and voice mail systems are the Board's property and are to be used solely for business purposes. The Board retains the right to access and review all electronic and voice mail, computer files, data bases, and any other electronic transmissions contained within, or used in conjunction with, the Board's computer system, telephone system, electronic mail system, and voice mail system. Staff members should not expect any information contained on such systems to be confidential or private.

Review of such information may be done by the Board with or without the staff member's knowledge. The use of passwords does not guarantee confidentiality, and the Board retains the right to access information in spite of a password. All passwords or security codes must be registered with the Board. A staff member's refusal to permit such access may be grounds for discipline up to, and including, discharge.

Computers, electronic mail, and voice mail are to be used only for the Academy's business and educational purposes.

Personal messages via Board-owned technology should be limited, in accordance with the Educational Service Provider's Administrative Procedures.

Staff members are prohibited from sending offensive, discriminatory, or harassing messages via Board-owned technology: computer, electronic mail, or voice mail.

The Board requires the proper use of its resources. Review of computer files, electronic mail, and voice mail will be conducted only in the ordinary course of business and will be motivated by a legitimate business reason. If a staff member's personal information is discovered, the contents of such discovery will be limited to those who have a specific need to know that information. The discovered contents will not be reviewed by the Board, except to the extent necessary to determine if the Board's interests have been compromised. The administrators and supervisory staff members authorized by the Educational Service Provider have the authority to search and access information electronically.

All computers and any information or software contained therein are property of the Board. Staff members shall not copy, delete, or remove any information or data contained on the Board-owned computers or servers without the express permission of the School Leader or designee. Further, staff members shall not communicate any such information to unauthorized individuals. In addition, staff members may not copy software from or onto any Board computer and may not bring software from outside sources for use on Board equipment without the prior approval of the Educational Service Provider. Such pre-approval will include a review of any copyright infringements or virus problems associated with such outside software.

WEB CONTENT, SERVICES AND APPS

The Board of Directors authorizes the creation of websites by staff and students of the Academy to be published on the Internet. The creation of websites by students must be done under the supervision of a professional staff member. These websites must reflect the professional image of the Academy, its personnel, and students. The content of all pages shall be consistent with the Board's Mission Statement and subject to prior approval of the Educational Service Provider.

The Board intends that its websites shall be accessible to all and comply with Policies 2260 and 2260.01. While not all web pages can be made totally accessible, the Board will strive, to the extent technologically and economically feasible, to make its website(s) as accessible as possible. Individuals responsible for designing, developing and producing web pages, including any third party providers engaged by the Board, are expected to employ universal design principles to create websites that allow persons with disabilities to access the information and content.

The academy compliance officers identified in 2260.01 as Rukaya Al-fanharawi, Compliance Coordinator, shall be the web accessibility coordinator(s) and the reporting processes outlined therein should be followed if a person wishes to report a complaint about the academy website(s).

The purpose of such websites is to educate, inform, and communicate. The following criteria should be used to guide the development of websites:

A. Content should be suitable and usable for students and teachers to support the curriculum and the Board's educational goals and objectives as listed in the Board's Strategic Plan.

B. Content should inform the community about the Academy, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

C. Content should provide an avenue to communicate with the community.

The information contained on the Web site should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process. When the content includes a photograph or information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

All links included on the pages must also meet the above criteria and comply with State and Federal laws (e.g., copyright laws, Children's Internet Protection Act), ADA, Student Online Personal Protection Act (SOPPA) and Children's Online Privacy Protection Act (COPPA)). Nothing in this paragraph shall prevent the Academy from linking the Board's website to (1) recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites) or (2) to websites that are developed and hosted by outside commercial vendors pursuant to a contract with the Board. The Board recognizes that such third party websites may contain age appropriate advertisements that are inconsistent with the requirements of Policy 9700.01, AG 9700B, and State and federal Law.

Under no circumstances is a website to be used for commercial purposes advertising, political lobbying, providing financial gains or any solicitation for the benefit of any individual. Included

in this prohibition is the fact no webpages contained on the Academy's website may: (1) include statements or other items that support or oppose a candidate for public office or a ballot proposal, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue; (2) link to a website of another organization if the other website includes such a message; (3) communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization; or communicate a political position or advocate for an issue.

Under no circumstances is a staff member-created webpage/site, including personal webpages/sites, to be used to post student progress reports, grades, class assignments, or any other similar class-related material. The Board maintains its own website (e.g., [Progressbook]) that employees are required to use for the purpose of conveying information to students and/or parents.

Staff members are prohibited from requiring students to go to the staff member's personal webpages/sites (including, but not limited to, their Facebook or MySpace pages) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments.

If a staff member creates a webpage/site related to his/her class, it must be hosted on the Board's server.

Unless the webpage/site contains student personally identifiable information, Board websites that are created by students and/or staff members that are posted on the Internet should not be password protected or otherwise contain restricted access features, whereby only employees, student(s), or other limited groups of people can access the site. Community members, parents, employees, staff, students, and other website users will generally be given full access to the sites created pursuant to this policy.

Such websites should address both internal and external audiences who will view the information. Academy websites must be located on Board-affiliated servers.

The Board retains all proprietary rights related to the design of websites and/or pages hosted on the Board's servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's website must have written parental permission and must expressly license the display without cost to the Board. Prior written parental permission is necessary for a student to be identified by name anywhere on the Board's website.

The Educational Service Provider shall prepare Administrative Guidelines defining the standards permissible for website use.

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board provides Education Technology so that students can acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Directors provides students with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students. The Academy's Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with tis limited educational purpose.

This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of the Academy's computers, laptops, tablets, personal communication devices (as defined by Policy 5136), network, and Internet connection and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

This policy and its related administrative guidelines and the Student Code of Conduct also govern students' use of their personal communication devices (that is, according to Policy 5136, computers, laptops, tablets, e-readers, cellular/mobile telephones, smartphones, and any other web-enabled device), when connected to the Academy's network, the Academy's Internet connection, and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

First, and foremost, the Board may not be able to technologically limit access to services through its Educational Technology to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic

information resources that may not have not been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures which protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the School Leader, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Academy also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on students to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the School Leader. The Educational Service Provider may temporarily or permanently unblock access to websites or online education services containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using Education Technology. The Board supports and respects each family's right to decide whether to apply for independent student access to the Education Technology.

The technology protection measures may not be disabled at any time that students may be using the Education Technology, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;

B. the dangers inherent with the online disclosure of personally identifiable information;

© National Charter Schools Institute

C. the consequences of unauthorized access (e.g., "hacking") cyberbullying and other unlawful or inappropriate activities by students online, and

D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

The Board directs the Educational Service Provider to implement procedures regarding the appropriate use of technology and online safety and security as specified above. Furthermore, the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Education Technology. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students and staff members are responsible for good behavior on the Academy's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Education Technology that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Students shall not access social media for personal use from the Academy's network, but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users of the Board's Education Technology are personally liable, both civilly and criminally, for uses of the Education Technology not authorized by this Board policy and its accompanying procedures.

The Board designates the Educational Service Provider and Technology Coordinator as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Academy's Education Technology and the Internet for instructional purposes.

The Board of Directors provides staff with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students and to facilitate the staff's work. The Academy's Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

This policy and its related administrative guidelines and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Academy's computers, laptops, tablets, personal communication devices (as defined by Policy 7530.02), network and Internet connection and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their persona files, e-mails, and records of their online activity while on the network and Internet).

Staff are expected to utilize Education Technology in order to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by the Board's policy on Instructional Materials.

The Internet is a global information and communication network that brings incredible education and information resources to our students. The Internet connects computers and users in the Academy with computers and users worldwide. Through the Internet, students and staff can access relevant information that will enhance their learning and the education process. Further, the Education Technology provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Board may not be able to technologically limit access to services over its Education Technology to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted

procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, which protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or Educational Service Provider, the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The Board utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on Staff members to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the School Leader.

The technology protection measures may not be disabled at any time that students may be using the Education Technology, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures will be subject to disciplinary action, up to and including termination.

The Educational Service Provider or Director of Technology may temporarily or permanently unblock access to websites containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures. The Educational Service Provider or Director of Technology may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

The Educational Service Provider is directed to prepare procedures which address students' safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission.

The Board directs the Educational Service Provider to initiate professional development programs in accordance with the provisions of law and this policy. Training shall include:

A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;

B. the inherent danger of students disclosing personally identifiable information online;

© National Charter Schools Institute

C. the consequences of unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by students or staff online; and

D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

Furthermore, the Board directs the Educational Service Provider to cause to provide instruction for students regarding the appropriate use of technology and online safety and security as specified above, and the Educational Service Provider will implement monitoring procedures for the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

The Educational Service Provider is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Education Technology. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. All Internet users are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Staff will be assigned an Academy email address that they are required to utilize for all Academy-related electronic communications, including those to students and their parents and other staff members.

With prior approval from the Educational Service Provider, staff may direct students who have been issued Academy-assigned email accounts to use those accounts when signing up/registering for access to various online educational services including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

The Board expects all Academy personnel to be responsible for good behavior when using the Academy's Education Technology just as in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature.

Staff members shall not access social media for personal use on the Academy's network, and shall access social media for educational use only after submitting a plan for that educational use and securing the School Leader's approval of that plan in advance.

General Academy rules for behavior and communication apply. The Board does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures. Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users of the Academy's technology are personally responsible and liable, both civilly and criminally, for uses of the Education Technology not authorized by this policy and its accompanying procedures.

Social Media Use

Personal or private use of social media, such as Facebook, Twitter, MySpace, blogs, etc., may result in unintended consequences. While the Board respects employees First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the Academy's Mission, undermine staff relationships, or cause a substantial disruption to the school environment. This warning includes Academy personnel online conduct that occurs off school property, including from the Academy's personal or private computer. Postings to social media should be done in a manner sensitive to the staff member's professional responsibilities.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

The Board designates the Educational Service Provider and Technology Coordinator as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to the use of the Academy's Education Technology.

ELECTRONIC MAIL

The Board of Directors is committed to the effective use of electronic mail ("e-mail") by all school staff and Board members in the conduct of their official duties. This policy, as well as any procedures developed pursuant to it, are not meant to limit or discourage the use of e-mail for conducting the official business of the Academy, but rather, this policy and any corresponding procedures are intended to establish a framework for the proper use of e-mail as an official business tool.

When available, the Academy's e-mail system must be used by Educational Service Provider employees for any official Academy e-mail communications. Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time due to concerns for network security, SPAM, or virus protection. Furthermore, school staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

School staff shall not send or forward mass e-mails, even if the e-mails concern Academy business, without prior approval of the School Leader.

School staff may join list servs or other e-mail services (e.g. RSS feeds) that pertain to their responsibilities in the Academy, provided these list servs or other e-mail services do not exceed the staff member's e-mail storage allotment. Staff members are required to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a Litigation Hold, and purging all other e-mails that have been read. If the staff member is concerned that his/her e-mail storage allotment is not sufficient, s/he should contact the Academy's technology coordinator (IT staff). Similarly, if a staff member is unsure whether s/he has adequate storage or should subscribe to a list serv or RSS feed, s/he should discuss the issue with his/her School Leader or the Academy's technology coordinator. The site administrator is authorized to block e-mail from list servs or e-mail services if the e-mails received by the staff member(s) regularly exceed 100 megabytes.

Public Records

The Academy complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to school staff and Board members may be public records if their content concerns Academy business, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. E-mails that are student records should be maintained pursuant to Policy 8330 – Student Records. Finally e-mails may constitute electronically stored information ("ESI") that may be subject to a Litigation Hold pursuant to Policy 8315 – Information Management.

State and Federal law exempt certain documents and information within documents from disclosure, no matter what their form. Therefore, certain e-mails may be exempt from disclosure or it may be necessary to redact certain content in the e-mails before the e–mails are released pursuant to a public records request, the request of a parent or eligible student to review education records, or a duly served discovery request involving ESI.

© National Charter Schools Institute

E-mails written by or sent to school staff and Board members by means of their private e-mail account may be public records if the content of the e-mails concerns Academy business, or education records if their content includes personally identifiable information about a student. Consequently, staff shall comply with an Academy request to produce copies of e-mail in their possession that are either public records or education records, or that constitute ESI that is subject to a Litigation Hold, even if such records reside on a computer owned by an individual staff member, or are accessed through an e-mail account not controlled by the Academy.

Retention

Pursuant to State and Federal law, e-mails that are public records or education records, and e-mails that are subject to a Litigation Hold shall be retained.

E-mail retention is the responsibility of the individual e-mail user. E-mails sent or received using the Academy's e-mail service may only be retained for thirty (30) days on the server. This retention is for disaster recovery and not to provide for future retrieval. The Academy does not maintain a central or distributed e-mail archive of e-mail sent and/or received.

Unauthorized E-mail

The Board does not authorize the use of its proprietary computers and computer network ("network") to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e–mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk e-mail, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

Records within the Academy's control may be reviewed periodically to assure that this policy is being complied with. These may include Internet logs, cell phone records, or other similar documentation.

Questions regarding acceptable electronic communications or unwelcomed electronic communications from someone associated with the Academy should be submitted to Educational Service Provider.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI").[1] Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;

B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and

C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the School Leader may use a report

[1] Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.

© National Charter Schools Institute

received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

Individuals working in multiple districts or Academies may authorize the release of a prior criminal history records check with another district or Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's personnel record.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must submit, at no expense to the Academy, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to the CHRI by the School Leader or the Board. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The common calendar will identify the specific dates for each school year when the Academy will not be in session for at least a winter holiday break, and a spring break for at least the next five (5) school years, and may further describe them more generally for subsequent school years as long as the dates can be readily determined. The calendar shall provide for the instructional program of the academies, for orderly educational planning, and for the efficient operation of the Academy.

The Board shall determine annually the total number of days the Academy will be in session for instructional purposes. To avoid withholding of State school aid payments, the number of days and hours will be in accordance with Michigan law. The Board shall ensure the Academy is not in session for students before Labor Day, unless the Academy is statutorily exempt from this requirement or receives a waiver from the Superintendent of Public Instruction in compliance with State law.

CONTINUITY OF ORGANIZATIONAL OPERATIONS PLAN

The Continuity of Organizational Operations Plan (COOP) provides the Academy with the capability of conducting its essential operations under all threats and conditions with or without warning. Having a plan to recover from any type of disaster regardless of the severity and consequences of the emergency is critical to recovery of operations and can minimize the impact on the Academy's teaching and learning, personnel, facilities, technology, transportation, food service, and other functional resources.

Scope of the Continuity Plan

The primary objective of the COOP is to restore the Academy's critical operational functions and the learning environment as quickly as possible after a crisis or threat event has occurred. A COOP contains critical and sensitive information that is confidential and exempt from public disclosure.

Planning for the continuity of operations of a school system in the aftermath of a disaster is a complex task. The current changing threat environment and recent emergencies, including acts of nature, accidents, technological emergencies, and terrorist attacks and threats, have increased the need for viable continuity capabilities and plans that enable the Academy to resume and continue the essential functions in an all-hazards environment across a full spectrum of emergencies. Such conditions have increased the importance of having continuity plans in place that provide stability of essential functions across the various levels of public government and private enterprises.

The planning and development of continuity of an organizational operations plan, as well as the ongoing review and revision of such a plan, is important for the overall Academy and also for each Academy.

The Academy-wide plan describes how the Academy will respond as a total organization to a given emergency and describes the centralized resources and how they will be organized to implement command and control necessary to function during the life cycle of the event. Individual school and departmental plans contain the details related to the continuity plan for those specific sites and functional areas to prepare for an event, communicate throughout the duration of an event, assess the impact of an event on essential functions in the unit, respond to the event, and detail what will be done to recover from the event.

Preparation for, response to, and recovery from a disaster affecting administrative, educational, and support functions of the Academy's operations requires the cooperative efforts of external organizations, in partnership with the functional areas supporting the business of the Academy. This includes local government agencies, law enforcement, emergency management, medical services, and vendors necessary to Academy operations. The COOP outlines and coordinates all efforts by the Academy in cooperation with other local and State agencies and businesses to restore the essential functions of the Academy to the larger local community post-disaster.

The Educational Service Provider shall recommend the COOP for Board of Directors review and approval; however, the COOP shall be considered a confidential document not subject to release under State public records laws and accordingly no copies shall be provided for public review during the adoption process.

© National Charter Schools Institute

The Educational Service Provider shall conduct a periodic review of the COOP.

INFORMATION MANAGEMENT

Reference: Federal Rules of Civil Procedure 34, 37(f)

The Board of Directors recognizes its responsibility, in certain circumstances, to maintain information created, maintained or otherwise stored by the Academy outside the "Records Retention Schedule". In such situations, a "Litigation Hold" procedure will be utilized to identify and preserve information relevant to a specific matter. "Information" includes both paper documents and electronically stored information ("ESI"). When implementing the "Litigation Hold," the Academy will identify individuals in possession or custody of paper documents, ESI and electronic media containing ESI, and inform them of their obligation to preserve the documents and ESI outside the "Records Retention Schedule". The Academy will also identify third parties with custody or control over paper documents, ESI, or electronic media storing ESI, and request them to preserve that information. All information falling within a "Litigation Hold," which is under the control of the Academy, must be preserved in a readily accessible form and cannot be disposed of under the "Records Retention and Disposal" requirements. Failure to comply with a Litigation Hold notice may result in disciplinary action, up to and including possible termination.

Instances where the Board must maintain information outside the "Records Retention Schedule" include:

A. when the Board has specific information and/or written notice from an individual, parent or student of an intent to file an appeal of student discipline to State court;

B. when the Board has specific information and/or written notice that litigation is imminent even though the litigation has not yet been filed in Federal or State court;

C. when the Board is served with litigation, including, but not limited to, notice of a lawsuit in Federal or State court, or notice of a student disciplinary appeal to State court;

D. when the Board receives specific information and/or written notification from an employee, labor union, or other person of an intent to file a claim against the Board, its members, Educational Service Provider employees or agents at an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, Educational Service Provider employees or agents;

E. when the Board receives specific information and/or written notification from an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, Educational Service Provider employees or agents;

Initiation and Removal of a "Litigation Hold"

The Board or the Educational Service Provider may initiate a "Litigation Hold" under this policy. If the Educational Service Provider initiates a "Litigation Hold," s/he or the Board's legal counsel will notify the Board of the reason the Litigation Hold was instituted and its scope. RECEIPT OF LEGAL DOCUMENTS

Service of Process on the Board of Directors

In suits against the Board, only the Board President or Educational Service Provider accepts service on behalf of the Board.

Service of Legal Documents on Board Employees

Board employees may be served with legal documents (1) requesting not only public records (such as employees' personnel files), but also student education records and other documents and electronically stored information maintained by the Academy, or (2) directing them to testify at a deposition or hearing concerning issues that fall within the employees' employment responsibilities.

An employee served with legal documents in his/her official capacity as a Board employee shall immediately provide copies of those legal documents to his/her Principal or site administrator.

The Principal or site administrator shall immediately furnish copies to the Educational Service Provider and the Board attorney, and shall follow his/her directives.

Generally, confidential personnel records, student records, or personal observations or opinions about student behavior/academic performance do not have to be disclosed. The law makes an exception for a subpoena or court order.

Board policy requires the Principal or a site administrator to release only the documents specifically identified in the subpoena or order. In circumstances where, in responding to a subpoena or order, information is developed or summarized from the student's education records, a copy of that information and a statement of the purpose for which it was prepared shall be filed in the student's cumulative folder.

If doing so is in the Board's best interest, the Principal or site administrator or Board attorney shall accompany the employee to the deposition or hearing.

Actions Against the Board

In actions against the Board, it is not unusual for Board employees to be served with subpoenas and/or called as witnesses. Board legal counsel and the Educational Service Provider will assist Board employees in these matters.

Independent Legal Counsel

This policy does not prohibit Board employees from consulting with their own independent legal counsel, but they are prohibited from discussing or releasing student personally identifiable information to a third party except as expressly authorized by Board Policy (Policy 8330).

MCL 380.1135
Letter, April 6, 2004 Jeremy Hughes, Deputy Supt. Department of Education

Section 444 of subpart of part C of the General Education Provisions Act
Title IV of Public Law 90-247
20 USC, Section 1232f through 1232i (FERPA)
20 USC 1400 et seq., Individuals with Disabilities Education Improvement Act
20 USC 7165(b)
26 USC 152
20 USC 7908

In order to provide appropriate educational services and programming, the Board of Directors must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

After June 26, 2021, if the parent or legal guardian of a student provides the Academy with notice that s/he/they have received a participation card issued by the attorney general under the address confidentiality program act, the Academy shall not disclose the confidential address of the student, regardless of any other provision of this policy. The Educational Service Provider, or his or her designee, shall develop a process to ensure that a student's participation in the address confidentiality program act is appropriately noted to avoid disclosure of this information to any person or entity.

Student "personally identifiable information" ("PII") includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the Academy reasonably believes knows the identity of the student to whom the education record relates.

The Board of Directors is responsible for maintaining records of all students attending this Academy. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the Academy or specifically permitted by this Board will be compiled by employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

A. observations and ratings of individual students by professional staff members acting within their sphere of competency

B. information obtained from professionally acceptable standard instruments of measurement such as:

    1. achievement tests

    2. standardized intelligence tests

C. authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record

D. verified reports of serious or recurrent behavior patterns

E. rank in class and academic honors ear

F. psychological tests

G. attendance records

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated Academy officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term "parents" includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term "eligible student" refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the Educational Service Provider as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board; The Board further designates the following individuals as entities as "school officials" for the purpose of FERPA:

A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);

B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an "Academy official" for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.

"Legitimate educational interest" shall be defined as a "direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy" or if the record is necessary in order for the Academy official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student's family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that Academy officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this Academy seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;

B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such

records shall be transferred within one (1) school day of the enrolling school's request;

C. provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;

D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and Academy officials for their consideration;

E. release de-identified records and information in accordance with Federal regulations;

F. disclose personally identifiable information from education records, without consent, to organizations conducting studies "for, or on behalf of" the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instruction;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member's social security number(s); religion; political party affiliation; voting history; or biometric information.

This written agreement must include:

1. specification of the purpose, scope, duration of the study, and the information to be disclosed;

2. a statement requiring the organization to use the personally identifiable information only to meet the purpose of the study;

3. a statement requiring the organization to prohibit personal identification of parents and students by anyone other than a representative of the organization with legitimate interests; and

4. a requirement that the organization destroy all personally identifiable information when it is no longer needed for the study, along with a specific time period in which the information must be destroyed.

While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

H. request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information.

The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Upon written request by a student's parent or legal guardian, the Academy shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records.

If the Academy provides any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records to any person, agency, or organization, then the Academy shall disclose to the student's parent or legal guardian upon his or her written request:

A. The specific information that was disclosed.

B. The name and contact information of each person, agency, or organization to which the information has been disclosed.

C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the Academy receives the written request and without charge to the parent or legal guardian.

The Academy is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the Academy as part of the student's education records and is provided to any person, agency, or organization in any of the following situations:

A. Provision of such information to the Michigan Department of Education or CEPI.

B. Provision of such information to the student's parent or legal guardian.

C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.

D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the Academy or its students pursuant to a written agreement.

E. Provision of such information to a person, agency, or organization with written consent from the student's parent or legal guardian or, if the student is at least age 18, the student.

F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.

G. Provision of such information as necessary for standardized testing that measures the student's academic progress and achievement.

H. Provision of such information that is covered by the opt-out form described above, unless the student's parent or legal guardian or, if the student is at least age 18 or is an emancipated minor,

the student has signed and submitted the opt-out form referenced below.

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and Administrative Procedures and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Directory Information

Each year the Educational Service Provider shall provide public notice to students and their parents of the Academy's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

A. a student's name;

B. address (except for students participating in the address confidentiality program act);

C. telephone number;

D. date and place of birth;

E. participation in officially recognized activities and sports;

F. dates of attendance;

G. date of graduation;

H. awards received;

I. honor rolls;

J. scholarships;

K. telephone numbers for inclusion in school or PTO directors.

The Academy designates Academy-assigned email accounts as "directory information" for the limited purpose of facilitating students' registration for access to various online educational services, including mobile application/apps that will be utilized by the student educational purposes and for inclusion in internal email address books. Academy-limited purpose(s) and to any person or entity but the specific online Educational Service Provider and internal users of the Academy's Education Technology.

The Educational Service Provider will also develop a list of uses for which the Academy commonly would disclose a student's directory information and develop an opt-out form that lists all of the uses or instances and allows a parent or legal guardian to elect not to have his or her child's directory information disclosed for 1 or more of these uses.

Each student's parent or legal guardian will be provided with the opt-out form within the first 30 days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the Academy by a student's parent or legal guardian, the Academy shall not include the student's directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age 18 or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to allow the Academy to disclose any or all of such "directory information" upon written notification to the Academy within ten (10) days after receipt of the Academy's public notice.

Armed Forces Recruiting

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, Academy-assigned email addresses (if available) (except for students participating in the address confidentiality program act) and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. "Armed forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student's directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student's directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all "directory information" including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.

Requests to the Academy Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student's education records or for the release of "directory information", either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the School Leader shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose "directory information" on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Academy shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student's education records. This does not apply to any of the following situations:

A. Providing the information to an educational management organization with which the Academy has a management agreement.

B. Providing the information as necessary for standardized testing that measures the student's academic progress and achievement.

C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the Academy.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed to a student. Personal information for this section is defined as individually identifiable information including a student or parent's first and last name, a home or other physical address (including street name and the name of the city or town, unless a parent is prohibited from doing so due to a student's participation in the address confidentiality program act), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least five (5) work days before the scheduled date of the activity. The instrument will be provided to the parent within two (2) business days of the principal receiving the request.

The Educational Service Provider shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

This section does not apply to the collection, disclosure or use of personal information collected from students from the exclusive purpose of developing, evaluating, or providing educational products or service for, or to, students or educational institutions, such as the following:

A. college or other postsecondary education recruitment, or military recruitment;

B. book clubs, magazines, and programs providing access to low-cost literary products;

C. curriculum and instructional materials used by elementary and secondary schools;

D. tests and assessments used by elementary and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;

E. the sale by students of products or services to raise funds for school-related or education-related activities; and

F. student recognition programs.

The Board may establish online access for the parents or the eligible student to the student's confidential academic and attendance record. To authorize such access, the parents or the eligible student must sign a release (see Form 8330 F10). This release shall remind the parents or eligible student that the account and confidential information about the student is only as secure as they keep their account information. Neither the Educational Service Provider nor its employees will be held responsible for any breach of this policy by the parent/eligible student or any unauthorized party.

The Educational Service Provider shall prepare Administrative Procedures to ensure that students and parents are adequately informed each year regarding their rights to:

A. inspect and review the student's education records;

B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's rights;

C. consent to disclosures of personally-identifiable information contained in the student's education records, except to unauthorized disclosures allowed by the law;

D. challenge the Board's noncompliance with a parent's request to amend the records through a hearing;

E. file a complaint with the United States Department of Education;

F. obtain a copy of the Board's policy and Administrative Procedures on student records.

The Educational Service Provider shall also develop procedural guidelines for the proper storage and retention of records including a list of the type and location of records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or Educational Service Provider employees of this Academy specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.

Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Directors delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Directors. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.

LETTERS OF REFERENCE

Reference: MCL 423.452, 380.1230(b)
Section 8546 of the Every Student Succeeds Act (ESSA)

The Board of Directors recognizes any current or former Educational Service Provider employee's request to an administrator for a letter of reference is an opportunity to share information about the staff member's performance with a prospective employer. The Board, however, does not require such references to be provided. A current or former staff member should not expect a letter of reference will be written upon request. The decision to comply with such a request shall be solely at the discretion of the administrator and the Educational Service Provider.

However, if an administrator decides to prepare such a letter, the Board expects that administrator to provide specific and truthful comments concerning the employee's actual performance, which can be substantiated by the individual's personnel file. The letter must be reviewed by the Educational Service Provider before it may be released.

In accordance with State law, an administrator who provides such a letter of reference is entitled to at least a qualified privilege for statements made in the letter, provided such statements were made in good faith, without malice.

All Academy employees, including but not limited to an administrator who prepares a letter of reference or provides an employment reference pursuant to this policy, are prohibited from assisting an Academy employee, contractor or agent in obtaining a new job if s/he knows or has reasonable cause to believe that such Academy employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of State or Federal law. "Assisting" does not include the routine transmission of administrative and personnel files. The only exceptions permitted are those authorized by the Every Student Succeeds Act, such as where the matter has been investigated by law enforcement and the matter was officially closed due to lack of probable cause or where the individual was acquitted or otherwise exonerated of the alleged misconduct.

This policy does not excuse the Academy from providing responses to requests for information about unprofessional conduct, as required by State law.

MCL 445.83, 445.84

Neither the Educational Service Provider nor any of its employees shall divulge confidential information contained in the records and files of this Board, except to employees who may need such information in connection with their duties and to parties authorized in accordance with proper procedures.

When the Academy, in trust from public agency, receives information identified to be confidential or exempt from disclosure under the Freedom of Information Act, Common Law, Privilege Case Law, or Federal Law, the Board will maintain the confidentiality of said information to the maximum extent permitted by the law.

The Educational Service Provider shall not permit the release of the social security number of an employee, student, or other individual, except as authorized by law (see AG 8350). Access to documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Freedom of Information Act requests shall only be responded to in accordance with the Academy's Policy.

If the Educational Service Provider is approached to provide information inappropriately, the Educational Service Provider refuse to release the requested information and shall refer the requestor to the Academy's legal counsel.

To prohibit the unauthorized disclosure of information identified as confidential by a sending public agency, the Board may seek to obtain court protection by denying requests for release of such information (absent subpoena or court order) or by pursuing motions to quash or protective orders to prohibit unauthorized disclosure.

When possible, the Educational Service Provider will attempt to notify the sending public agency about the request for release of such information prior to complying with the request.

The Board shall hold the Educational Service Provider accountable for any inappropriate release of information or for any uses of confidential information for personal reasons.

Any person who intentionally violate this policy are subject to discipline up to, and including, discharge.

The Educational Service Provider shall assure that employees receive a copy of, and have readily available access to, this policy and its Administrative Procedures.

BREACH OF CONFIDENTIAL INFORMATION

Reference: MCL 445.61 et. seq.

A "breach" means the unauthorized access and acquisition of data that compromises the security or confidentiality of personal information maintained by the Academy. Unauthorized access may be considered incidental access by an employee or other individual if the access meets all of the following:

A. The individual acted in good faith in accessing the data;

B. The access was related to the activities of the agency or person

C. The individual did not misuse any personal information or disclose any personal information to an unauthorized person.

Personal information for purposes of this policy means the person's last name with either the first name or initial when linked to one of more of the following:

A. Social security number

B. Driver's license

C. Demand deposit or other financial account numbers (including credit/debit card numbers, when combined with access code, security code or password which would allow access to the financial accounts)

Upon determining that a breach has occurred, the individual shall notify the Educational Service Provider in writing. The Educational Service Provider shall promptly determine and implement the steps necessary to correct the unauthorized access and notify those individuals whose personal information may have been compromised.

Individuals who intentionally violate this policy shall be reported to the appropriate law enforcement agency and may be subject to criminal penalties.

ANIMALS ON ACADEMY PROPERTY

Reference: 28 C.F.R. 35.104
Section 504 of the Rehabilitation Act of 1973, as amended (Section 504)
The Americans with Disabilities Act, as amended (ADA)
The Individuals with Disabilities Education Improvement Act (IDEIA)

Introduction

The Board of Directors recognizes that there are many occasions when animals are present on Academy property and many reasons for those animals' presence. Animals are commonly utilized by teachers during classroom presentations and are often housed in classrooms and other locations on campus. Additionally, employees, students, parents, vendors, and other members of the public may be accompanied at the Academy by a service or therapy animal in accordance with Federal and State law and this policy.

This policy applies to all animals on Academy property, including service animals.

Definitions

A. "Animal": includes every vertebrate other than a human.

B. "Service animal": pursuant to 28 C.F.R. Section 35.104, "means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition."

The Americans with Disabilities Act (ADA) also defines a miniature horse as an animal that can serve as a service animal, so long as the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. To better determine whether the Board must allow for the use of a miniature horse or make modifications to buildings, the Board should refer to Section 35.136 (c) through (i) of the ADA.

Non-Service Animals in the Academy and Elsewhere on Academy Property

Animals permitted in the Academy and elsewhere on Academy property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder**)**, seizure disorder, those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some non-service animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the Educational Service Provider may permit animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

A. the staff member seeking approval to have a non-service animal in his/her classroom shall:

1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;

2. take precautions deemed necessary to protect the health and safety of students and other staff;

3. ensure that the animal is treated humanely, keeping it in a healthy condition and in appropriate housing (e.g., a cage or tank) that is properly cleaned and maintained; and,

4. keep the surrounding areas in a clean and sanitary condition at all times;

B. other staff members and parents of students in areas potentially affected by animals have been notified in writing and adjustments have been made to accommodate verified health-related or other concerns.

Except where required by law, the presence of a non-service animal shall be disallowed if documented health concerns of a student or staff member cannot be accommodated.

Service Animals for Students

A service animal is permitted to accompany a student with a disability to whom the animal is assigned anywhere on the Academy campus where students are permitted to be.

A service animal is the personal property of the student and/or parents. The Board does not assume responsibility for training, daily care, or healthcare of service animals. The Board does not assume responsibility for personal injury or property damage arising out of or relating to the presence or use of service animals on Academy property or at Academy-sponsored events.

A service animal that meets the definitions set forth in the ADA and this policy shall be under the control of the student with a disability, or a separate handler if the student is unable to control the animal. A service animal shall have a harness, leash, or other tether, unless either

© National Charter Schools Institute

the student with a disability is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case the service animal must be otherwise under the student's control (e.g., voice control, signals, or other effective means), or under the control of a handler other than the student.

If the student with a disability is unable to control the service animal and another person serves as the animal's handler, that individual shall be treated as a volunteer and, as such, will be subject to Policy 4120.09.

Removing and/or Excluding a Student's Service Animal

If a service animal demonstrates that it is not under the control of the student or its handler, the School Leader is responsible for documenting such behavior and for determining if and when the service animal is to be removed and/or excluded from the Academy.

Similarly, in instances when the service animal has demonstrated that it is not housebroken, the Principal shall document such behavior and determine whether the service animal is to be removed and/or excluded from Academy property.

The Educational Service Provider shall be notified when a service animal is removed and/or excluded, and, immediately subsequent to such notification, document the reasons for the removal and/or exclusion.

The Educational Service Providers decision to remove and/or exclude a service animal from Academy property may be appealed in accordance with the complaint procedure set forth in Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity.

The procedures set forth in Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity do not to interfere with the rights of a student and his/her parents or an eligible student to pursue a complaint with the United States Department of Education's Office for Civil Rights or the Department of Justice.

Eligibility of a Student's Service Animal for Transportation

A student with a disability shall be permitted to access Academy transportation with his/her service animal. There may also be a need for the service animal's handler, if the handler is someone other than the student, to also access Academy transportation.

When a service animal is going to ride on a school bus or other Board-owned or leased vehicle, the student and his/her parents, or eligible student, and the handler, is s/he is someone other than the student, shall:

A. Meet with the Educational Service Provider and the Transportation Supervisor to discuss critical commands needed for daily interaction and emergency/evacuation, and to determine whether the service animal should be secured on bus/vehicle with a tether or harness.

B. At the discretion of the Educational Service Provider and the Transportation Supervisor an orientation will take place for students and staff who will be riding the bus/vehicle with the service animal regarding the animal's functions and how students should interact with the animal.

© National Charter Schools Institute

The service animal shall board the bus by the steps with the student, not a lift, unless the student uses the lift to enter and exit the bus. The service animal must participate in bus evacuation drills with the student.

While the bus/vehicle is in motion, the service animal shall remain positioned on the floor, at the student's feet.

Situations that would cause cessation of transportation privileges for the service animal include:

A. the student, or handler, is unable to control the service animal's behavior, which poses a threat to the health or safety of others; or

B. the service animal urinates or defecates on the bus.

The student and his/her parents shall be informed of behaviors that could result in cessation of transportation privileges for the service animal, in writing, prior to the first day of transportation.

If it is necessary to suspend transportation privileges for the service animal for any of the above reasons, the decision may be appealed to the Educational Service Provider.

Although transportation may be suspended for the service animal, it remains the Academy's responsibility to transport the student. Furthermore, unless the behavior that resulted in the service animal's removal from the bus is also documented during the school day, the service animal may still accompany the student in school.

Service Animals for Employees

In accordance with Policy 1623, Policy 3123, and Policy 4123 - Section 504/ADA Prohibition Against Disability Discrimination in Employment, the Board provides qualified individuals with disabilities with reasonable accommodation(s). An employee with a disability may request authorization to use a service animal while on duty as such an accommodation. The request will be handled in accordance with the ADA mandated interactive process.

Service Animals for Parents, Vendors, Visitors, and Others

Individuals with disabilities who are accompanied by their service animals are permitted access to all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, as vendors, or as invitees, are permitted to go. Individuals who will access any area of the Academy's facilities with their service animals should notify the Educational Service Provider that their service animal will accompany them during their visit.

An individual with a disability who attends an Academy event will be permitted to be accompanied by his/her service animal in accordance with Policy 9160 - Public Attendance at Academy Events.

ACADEMY SAFETY INFORMATION

Reference: Title IX, Section 9532 of the Elementary and Secondary Education Act, as amended
MCL 380.1241, 380.1308, 380.1308a, 380.1310a, 752.913, 771.2a

The Board of Directors is committed to maintaining a safe academy environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the academy, at an academy-sponsored activity or while en route to or from the academy or an academy-sponsored activity. The Board also believes the first step in addressing academy crime and violence is to assess the extent and nature of the problem(s), then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

Federal law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any academy property in relation to weapons and drugs. Individuals are prohibited from possessing or using weapons or drugs at any time on academy property, within the Student Safety Zone, or at any academy-related event.

The Academy will work with local officials in arranging signage defining the 1,000 foot boundary.

The Educational Service Provider shall hold a meeting for the purpose of conferring regarding the *School Safety Information Policy Agreement* and making modifications deemed necessary and proper; discussing additional training that might be needed; and, discussing any other such related matters as may be deemed to be necessary by the participants. Participants in this meeting shall include the Educational Service Provider, members of the Board of Directors, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. The following may also be invited to participate in the meeting:

A. building administrators;

B. teachers;

C. parents;

D. Fire Marshal or his/her designee;

E. representative(s) from county emergency management service agency;

F. Academy Resource Officer;

The Educational Service Provider shall make a report to the Board about all such reviews and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the Educational Service Provider as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, including receipt of information

© National Charter Schools Institute

provided from the Michigan State Police relating to the student safety act hotline ("OK2Say"). The current contact information for School Leader shall be provided to the Michigan State Police in the manner and frequency required by law.

The Academy contact person shall notify the School Leader of the academy of attendance of a student about whom information is received from law enforcement officials, prosecutors, or court officials within twenty-four (24) hours of the receipt of that information. The School Leader shall, in turn, notify the building staff members who s/he determines have a need to know the information that has been received within twenty-four (24) hours of receipt of that information.

The Educational Service Provider shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the *School Safety Information Policy Agreement* and shall report all information that is required to be reported to State or local law enforcement agencies and prosecutors. Reporting such information is subject to 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident that is reported to law enforcement officials pursuant to the Academy's *School Safety Information Policy Agreement*, then, upon request by academy officials, the student's parent or legal guardian shall execute any waivers or consents necessary to allow academy officials access to academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The Educational Service Provider shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The Educational Service Provider shall post a report on the Academy website at least annually, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime, disaggregated by academy building, shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

A. physical violence;

B. gang related acts;

C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;

D. trespassing;

E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The Educational Service Provider shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

© National Charter Schools Institute

Additionally, the Academy shall report all incidents of and attempted commissions of the crimes listed above to the Michigan State Police, in the form and manner prescribed by the Michigan State Police, within twenty-four (24) hours after the incident occurs.

Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of academy property through the Law Enforcement Information Network (LEIN).

Threat Assessment

The primary purpose of a threat assessment is to minimize the risk of targeted violence at the academy. This policy is designed to be consistent with the process for identifying, assessing, and managing students who may pose a threat as set forth in the joint U.S. Secret Service and Department of Homeland Security publication, Enhancing School Safety Using a Threat Assessment Model: An Operational Guide for Preventing Targeted School Violence. The goal of the threat assessment process is to take appropriate preventive or corrective measures to maintain a safe school environment, protect and support potential victims, and provide assistance, as appropriate, to the student being assessed.

The threat assessment process is centered upon an analysis of the facts and evidence of behavior in a given situation. The appraisal of risk in a threat assessment focuses on actions, communications, and specific circumstances that might suggest that an individual intends to cause physical harm and is engaged in planning or preparing for that event.

The Board of Directors authorizes the Educational Service Provider to create building-level, trained threat assessment teams. Each Team shall be headed by the School Leader and include an academy counselor, academy psychologist, instructional personnel, and, where appropriate, the Academy Resource Officer. At the discretion of the Educational Service Provider, a threat assessment team may serve more than one (1) academy when logistics and staff assignments make it feasible.

The Team will meet, as needed, when the School Leader learns a student has made a threat of violence or engages in concerning communications or behaviors that suggest the likelihood of a threatening situation.

The Team is empowered to gather information, evaluate facts, and make a determination as to whether a given student poses a threat of violence to a target. If an inquiry indicates that there is a risk of violence in a specific situation, the Team may collaborate with others to develop and implement a written plan to manage or reduce the threat posed by the student in that situation.

The Board authorizes the Educational Service Provider to create guidelines for the purpose of:

A. identifying team participants by position and role;

B. requiring team participants to undergo appropriate training;

© National Charter Schools Institute

C. defining the nature and extent of behavior or communication that would trigger a threat assessment and/or action pursuant to a threat assessment;

D. defining what types of information may be gathered during the assessment;

E. stating when and how parents/guardians of the student making the threat shall be notified and involved;

F. designating the individuals (by position) who would be responsible for gathering and investigating information;

G. identifying the steps and procedures to be followed from initiation to conclusion of the threat assessment inquiry or investigation.

Board employees, volunteers, and other academy community members, including students and parents, shall immediately report to the Educational Service Provider any expression of intent to harm another person or other statements or behaviors that suggest a student may intend to commit an act of violence.

Nothing in this policy overrides or replaces an individual's responsibility to contact 911 in an emergency.

Regardless of threat assessment activities or protocols, disciplinary action and referral to law enforcement shall occur as required by State law and Board policy.

Threat assessment team members shall maintain student confidentiality at all times as required by Board Policy 8330 – Student Records, and State and Federal law.

Persistently Dangerous Schools

The Board recognizes that State and Federal law requires that the Academy report annually incidents which meet the statutory definition of violent criminal offenses that occur in the Academy, on academy grounds, on an academy conveyance, or at an academy-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not an academy is considered "persistently dangerous," as defined by State policy.

Pursuant to the Board's stated intent to provide a safe school environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the Educational Service Provider shall discuss this at the annual meeting for the purpose of reviewing the Academy Safety Plan so that a plan of corrective action can be developed and implemented in an effort to reduce the number of these incidents in the subsequent year.

The Educational Service Provider shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board of Directors recognizes its responsibility relative to student, staff, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on school property and at school-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The Educational Service Provider shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of school facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of a Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.

B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.

C. Procedures that address the safety and health of students during transportation to the school, in the school, on school property, and during participation in school-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of school traffic patterns; operating school clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.

D. Procedures that relate to employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.

E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.

F. Procedures that detail plans for foreseeable emergencies and fire prevention.

Phase-out/Banned Products

The Educational Service Provider shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

Indoor Environmental Quality (IEQ)

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

A. roof leaks;

B. structural defects in the building;

C. improperly controlled humidity levels;

D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;

B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;

C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;

D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the Educational Service Provider shall develop Administrative Procedures for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.

Diesel Exhaust and School Bus Idling

In accordance with the Environment Protection Agency's initiative to reduce pollution caused by buses on school property, the Board will take the recommended steps to reduce the negative effects of diesel exhaust on indoor and outdoor air quality on school campuses, including, but not limited to, reducing bus idling time and reinforcing smart driving practices.

The Educational Service Provider shall develop the Administrative Procedures necessary to establish these practices in the Academy (see AG 8615).

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316 [This policy applies to all pest control activities and pesticide use in the school building and related facilities including grounds. Recipients of this policy include faculty, other staff, or any employees or independent contractors monitoring or treating pest problems. Each recipient is required to follow this policy.]

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy's IPM program written under this policy states the Academy's goals regarding the management of pests and the use of pesticides. It reflects the Academy's site-specific needs and includes the following elements as required by law:

A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;

B. Consideration of the relationship between pest biology and pest management methods;

C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;

D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and

E. Continued evaluation of the integrated pest management program.

The Educational Service Provider or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.

Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, school staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the school environment.

© National Charter Schools Institute

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The School Leader or IPM Coordinator of the Academy is responsible for timely pre-notification to students' parents or guardians and the school staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on school grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as school staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Evaluation

Annually, the Educational Service Provider will report to the Academy Board on the effectiveness of the IPM plan and make recommendations for improvement as needed.

The Educational Service Provider is responsible to develop Administrative Procedures for the implementation of this policy.

20 USC 4022
20 USC 4014
20 USC 4011
20 USC 4011 et. seq.
Asbestos Hazard Emergency Response Act of 1986 (AHERA)
Asbestos School Hazard Abatement Act of 1984
Asbestos School Hazard Abatement Reauthorization Act of 1990

The Board of Directors is concerned for the safety of the students and staff members and will comply with all Federal and State statutes and regulations concerning hazards resulting from industrial accidents beyond the control of Academy officials and/or from the presence of asbestos materials used in previous construction.

Toxic Hazards

These hazards exist in chemicals, pesticides, and other substances used in school settings such as laboratories, science classrooms, and kitchens. Such toxins are also found in the cleaning supplies for the school's rooms and equipment. The Educational Service Provider will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will be responsible for the following:

A. *Hazard Determination*

Identifying potential sources of toxic hazards, in cooperation with material suppliers, who shall supply the Toxic Hazard Preparedness Officer with Material Safety Data Sheets (MSDSs). The School Leader will rely on MSDSs from material suppliers to meet hazard determination requirements.

B. *Labeling*

Ensuring that all incoming materials are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party and making certain that any containers to which the materials are transferred are also properly labeled.

C. *Material Safety Data Sheets*

Maintaining a current file of MSDSs for all hazardous materials present on school property. The MSDS files will be kept at the school office, with additional copies for employees' use will be located on school premises.

MSDSs will be available for review by all employees. Copies will be available upon request of the Toxic Hazard Preparedness Officer. Posters will be displayed, identifying the person responsible for monitoring MSDSs and where MSDSs are located at the school office. When new MSDSs are received, notification posters for employees will be displayed in the same location.

© National Charter Schools Institute

The Toxic Hazard Preparedness Office shall contact the supplier, in writing, if a required MSDS is not received and shall promptly procure the MSDS before releasing the material for use.

If he/she is unable to obtain an MSDS from a supplier, he/she should contact MIOSHA's Occupational Health Division (OHD) or General Industry Safety Division for assistance in obtaining the MSDS.

Multi-Employer Work Sites – Informing Contractors

Informing contractors and their employees of any hazardous substances to which they may be exposed; determining measures to be employed to control or eliminate exposure; labeling system for container and pipes used onsite; and informing staff where applicable MSDSs can be reviewed or obtained. Whenever employees may potentially be exposed to hazards brought on site by contractors, the THP Officer will obtain information from the contractor pertaining to the chemicals brought on-site, and the measures that should be taken to control or eliminate exposure the chemicals.

Employee Information and Training

Providing information and conducting a training program for all employees on topics such as detection of hazards, explanation of the health hazards to which they could be exposed in their work environment, and the plan for communication and labeling. Information given to employees shall include the following:

A. regulations of MIOSHA's hazardous communication standard;

B. all operations in the employee's work area in which hazardous chemicals are present;

C. location and availability of written hazardous communication policy and program, with the list of hazardous chemicals and the MSDSs in the Academy.

Employee training should include the following:

A. techniques used to detect the presence or release of hazardous chemicals in a work area;

B. physical and health hazards of hazardous chemicals;

C. measures the employees should take to protect themselves from these hazards;

D. details of the hazardous communication program including an explanation of the labeling system and MSDSs and how employees can obtain and use hazard information.

Employees shall be informed of the employer's anti-discrimination/discharge policy for employees accessing hazard information and how the employee can contact the Michigan Department of Industry and Consumer Services, Bureau of Safety Regulation and Occupational Health for assistance in obtaining an MSDS if he/she is unable to obtain the MSDS from the employer.

© National Charter Schools Institute

Records of each employee's hazardous communication training should be maintained, and all new employees should receive training regarding any hazardous chemicals with which they may potentially have contact as part of their job.

Hazardous non-routine tasks

Before an employee is required to start a non-routine task (e.g., enter confined space), the employee will be given information about the hazards of the area, including specific chemical hazards, the procedures for protection or safety to lessen the hazard, and measures the company has taken to eliminate or control the hazard.

Any staff member or contractor who applies pesticides on school property shall meet the requirements of AG 8413A, in addition to requirements established by the State. He/She shall provide written notification each year, prior to any application, to all parents and staff members regarding the pesticide to be applied; the type of pesticide; its potential side effects; the location of the application; and the scheduled date of the application.

In fulfilling these responsibilities, the THP Officer may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard.

Asbestos

In its efforts to comply with Asbestos Hazard Emergency Response Act (AHERA) and the Michigan Occupational Safety and Health Act (MIOSHA), the Board recognized its responsibility to:

A. inspect the building for the existence of asbestos or materials containing asbestos;

B. take appropriate actions, in accordance with State Law and EPA regulations, based on the inspections;

C. establish a program for dealing with friable asbestos, if found;

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that may be a consequence of an accident, an equipment failure, a negligent act, or a deliberate act beyond the control of the Board or its officers and Educational Service Provider employees.

However, the Board may provide legal representation and indemnification against civil liability regarding claims or actions resulting from, or arising out of, negligence (or alleged negligence) of persons responsible for inspecting, monitoring, removing, treating asbestos or material containing asbestos or supervising these activities -- provided the employee was performing the duties while in the course of his/her employment or while acting within the scope of his/her authority. The Board reserves the right to deny representation and indemnification in those circumstances wherein the employee's actions demonstrate gross negligence or willful and wanton misconduct.

This policy may apply to work performed by authorized employees prior to the date of its adoption.

REPORTING ACCIDENTS

The Board of Directors directs all reasonable efforts shall be made to ensure a safe learning and working environment for the students and employees. The Board requires that accidents be reported to the School Leader and evaluated. Any accident resulting in an injury, however slight, to a student, staff member or visitor to the Academy must be reported promptly, in writing, to the School Leader. Injured persons shall be referred immediately to the appropriate personnel for medical attention.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

The Board of Directors recognizes control of communicable diseases spread through casual contact is essential to the well-being of the community and the efficient operation of the Academy.

For purposes of this policy, *casual-contact communicable disease* shall include the following:

A. diphtheria;

B. scarlet fever and other strep infections;

C. whooping cough;

D. mumps;

E. measles;

F. rubella;

G. and others diseases designated by the Michigan Department of Community Health.

To protect the health and safety of students, personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations pertaining to immunization and other means for controlling casual contact communicable diseases spread through normal interaction (casual contact) in the school setting.

If a student exhibits symptoms of a communicable disease, the School Leader will isolate the student in the building and contact the parents/guardians. Protocols established by the County Health Department shall be followed.

The Educational Service Provider shall develop Administrative Procedures for the control of casual-contact communicable diseases to provide for the following:

A. instruction of professional staff members about the detection of these common diseases and the measures to be taken for their prevention and control;

B. removal of students from school property and into the care of a responsible parent;

PROTECTIVE FACIAL COVERINGS DURING PANDEMIC/EPIDEMIC EVENTS

During times of elevated communicable disease community spread (pandemic or epidemic), the Educational Service Provider will issue periodic guidance through Board of Directors plans/resolution(s) in alignment with public health officials and/or in accordance with government edicts and including any Pandemic Plan developed by the Academy's Pandemic Response Team.

Academy settings can be a source of community spread. Wearing face masks/coverings is especially important during these times and can help mitigate the risk of exposure from person to person.

As such, during times of elevated communicable disease community spread, the Educational Service Provider may activate this policy by notifying the academy community, requiring all academy staff, volunteers and visitors (including vendors) to wear appropriate face masks/coverings on academy grounds unless it is unsafe to do so or where doing so would significantly interfere with the Academy's educational or operational processes.

Face masks/shields will be provided by the Academy to employees. Alternatively, employees may elect to wear their own face coverings if they meet the requirements of this policy as well as any requirements issued by State or local health departments.

In addition, the Board may require that students in 6TH grade and higher shall wear a face mask unless they are unable to do so for a health or developmental reason. Efforts will be made to reduce any social stigma for a student who, for medical or developmental reasons, cannot and should not wear a mask.

If face masks/coverings are required, and no exception is applicable, students shall be subject to disciplinary action in accordance with the Student Code of Conduct/Student Discipline Code, and in accordance with policies of the Board and/or may be reassigned by the Educational Service Provider to an online/virtual learning environment if the Educational Service Provider determines that reassignment is necessary to protect the health and safety of the student or others.

During times of elevated communicable disease community spread as determined by the Board in consultation with health professionals, all students are required to wear masks while being transported on academy school buses or other modes of academy transportation or while waiting for an academy bus outdoors and unable to maintain a distance in accordance with CDC Guidelines from individuals who are not members of their household.

<u>Use of Mask/Face Covering</u>

Face coverings/masks should:

A. fully cover the mouth, nose, and chin;

B. fit snugly against the side of the face so there are no gaps;

C. not create difficulty breathing while worn; and

D. be held securely through either a tie, elastic, etc. to prevent slipping.

© National Charter Schools Institute

Facial masks/coverings generally should not include surgical masks or respirators unless medically indicated (as those should be reserved for healthcare workers) or masks designed to be worn for costume purposes.

All employee facial masks/coverings shall meet the requirements of the appropriate dress/staff grooming policies. All student facial masks/coverings shall meet the requirements of the appropriate Student Code of Conduct/Student Discipline Code and Policy 5511 Dress and Grooming.

Any person may be required to temporarily remove a face mask or covering when instructed to do so for identification or security purposes. Failure to comply with such a request violates this policy and may lead to disciplinary or other action.

Exceptions to the use of masks/face coverings include when:

A. facial masks/coverings in the academy setting are prohibited by law or regulation;

B. facial masks/coverings are in violation of documented industry standards;

C. facial masks/coverings are not advisable for health reasons;

D. facial masks/coverings are in violation of the academy's documented safety policies;

E. facial masks/coverings are not required when the individual works alone in an assigned work area;

F. there is a functional (practical) reason for a staff member or volunteer not to wear a facial mask/covering in the workplace;

G. settings where masks might present a safety hazard (i.e. science labs);

H. individuals have difficulty wearing a face covering;

I. the individual is communicating with students who are hearing impaired or otherwise disabled, where an accommodation is appropriate or necessary;

J. the individual is actively participating in outdoor recess and/or physical activity where students are able to maintain a distance of six (6) feet or more or athletic practice, scrimmage, or competition that is permitted under a separate Department of Health order;

K. the individual is seated and actively consuming food or beverage;

L. students and staff can maintain distancing of at least six (6) feet and removal of the facial covering is necessary for instructional purposes, including instruction in foreign language, English language for non-native speakers, and other subjects where wearing a facial covering would prohibit participation in normal classroom activities, such as playing an instrument;

M. students are able to maintain a distance of six (6) feet or more and a mask break is deemed necessary by the educator supervising the educational setting;

© National Charter Schools Institute

N. an established sincerely held religious requirement exists that does not permit a facial covering.

The Board may be required to provide written justification to the local health officials upon request explaining why a staff member is not required to wear a facial covering in the academy. Therefore, if any exceptions are made to the requirement for facial coverings, the request for such exception must be submitted in writing to the individual's supervisor with appropriate documentation provided. A decision on the request will be provided in writing.

Use of Face Shields

Face shields that wrap around the face and extend below the chin may be permitted as an alternative to face masks/coverings with permission of the Educational Service Provider as the Board recognizes that face shields may be useful in some situations, including:

A. when interacting with students, such as those with disabilities, where communication could be impacted;

B. when interacting with English-language learners or when teaching a foreign language;

C. settings where masks might present a safety hazard (i.e. science labs); or

D. for individuals who have difficulty wearing a face covering.

If employees receive approval from the Educational Service Provider after discussing their request not to wear a face mask/covering/shield due to a physical, mental or developmental health condition, and/or if wearing a mask/covering/shield would lead to a medical emergency or would introduce significant safety concerns, the Educational Service Provider may also discuss other possible accommodations for the staff member. Such discussion shall follow Board policies and guidelines under the ADA.

DIRECT-CONTACT COMMUNICABLE DISEASES

Reference: MCL 380.1169

The Board of Directors directs the Educational Service Provider to provide a safe, healthy environment for students and staff. This can best be accomplished when all persons within the Academy community understand the method of transmission and prevention of diseases not contracted through air-borne pathogens, but rather through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board also assures the confidential status of individuals who may be diagnosed with a blood-borne communicable disease.

For purposes of this policy, these *direct-contact communicable diseases* shall include the following: HIV (human immunodeficiency virus); AIDS (acquired immune deficiency syndrome); AIDS-related complex (condition); HAV, HBV, HCV (Hepatitis A, B, C); and other diseases specified by the Michigan Department of Community Health as contact communicable diseases.

Staff members will have access to leave policies in accordance with Administrative Procedures and opportunities for reasonable accommodation, as described by the Americans with Disabilities Act. Should a student be unable to attend school as a result of illness, an alternative education program shall be provided, in accordance with the Board's policy and Administrative Procedures dealing with Homebound Instruction.

Additionally, the Board directs the Educational Service Provider to develop an educational program in accordance with Michigan law to ensure proper instruction by guidance counselors, nurses (need not be included if the nurse is licensed), teachers, and/or other school personnel who teach students about HIV and AIDS. Such an educational program shall include information about the following:

B. its causes and effects;

WELLNESS

Reference: 42 USC §§ 1751, Sec. 204 42 USC § 1771
7 CFR Parts 210 and 220

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the Academy's students. Furthermore, research concludes that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

The Board, however, believes this effort to support the students' development of healthy behaviors and habits with regard to eating and exercise cannot be accomplished by the schools alone. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

A. With regard to nutrition education, the Academy shall:
(*Specific goals need to be inserted here. See Appendix A.)*

B. With regard to physical activity, the Academy shall:
(Specific goals need to be inserted here. See Appendix B.)

C. With regard to other school-based activities the Academy shall:
(Specific goals need to be inserted here. See Appendix C.)

D. With regard to nutrition promotion, the Academy shall:
(*Specific goals need to be inserted here. See Appendix D.)*

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

(Specific guidelines need to be inserted here. See Appendix E.)

The Board designates the Educational Service Provider as the individual(s) charged with operational responsibility for verifying that the Academy meets the goals established in this policy.

The Educational Service Provider shall appoint an Academy wellness committee that includes parents, students, representatives of the Academy food authority, educational staff (including health and physical education teachers), mental health and social services staff, school health professionals, members of the public and Academy administrators to oversee development, implementation, evaluation and periodic update of the wellness policy. The Wellness Committee shall be an ad hoc committee with members recruited and chosen annually. Academy-level health advisory teams may assist in the planning and implementation of these Wellness initiatives.

© National Charter Schools Institute

The Wellness Committee shall be responsible for:

A. assessment of the current Academy environment;

B. review of the Academy's wellness policy;

C. presentation of the wellness policy to the Board for approval;

D. measurement of the implementation of the policy;

E. recommendation for the revision of the policy, as necessary.

Before the end of each school year the Wellness Committee shall recommend to the Educational Service Provider any revisions to the policy it deems necessary and/or appropriate. In its review, the Wellness Committee shall consider evidence-based strategies in determining its recommendations.

The Educational Service Provider shall report annually to the Board on the progress of the Wellness Committee and on its evaluation of policy implementation and areas for improvement, including status of compliance by individual schools and progress made in attaining goals of policy.

The Educational Service Provider is also responsible for informing the public, including parents, students and community members, on the content and implementation of this policy. In order to inform the public, the Educational Service Provider shall distribute information at the beginning of the school year to families of Academy children, include information in the student handbook and post the policy on the Academy's website, including the Wellness Committee's assessment of the implementation of the policy.

The Academy shall assess the Wellness Policy at least once every three (3) years on the extent to which Academies are in compliance with the Academy policy, the extent to which the Academy policy compares to model wellness policies, and the progress made in attaining the goals of the Academy Wellness Policy. The assessment shall be made available to the public on the Academy website.

Staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The Academy shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. Distribution of such materials on school property by any party shall be prohibited in accordance with Policy and Administrative Procedures 7510 - Use of School Facilities and 9700 - Relations with Special Interest Groups.

The Board acknowledges that it is prohibited from adopting any policy or rule respecting or promoting the establishment of religion or prohibiting any person from the free, individual, and voluntary exercise or expression of the individual's/person's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when individuals are free to associate.

Observance of religious holidays through devotional exercises or acts of worship is also prohibited. However, acknowledgement, explanation, and instruction about the special holidays of various religions are encouraged. Celebration activities, involving nonreligious decorations and use of secular works, are permitted. Nonetheless, faculty members have the responsibility to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on minority groups or individuals, and do not interfere with the educational program of the Academy.

The Board shall not conduct or sanction a baccalaureate service in conjunction with graduation ceremonies.

<u>The United States Flag and Pledge of Allegiance</u>

The flag of the United States shall be raised above each public school building operated by the Academy at all times during school hours, weather permitting. This flag shall measure at least 4 feet 2 inches by 8 feet. A United States flag shall also be displayed in every classroom or other instructional site in which students recite the Pledge of Allegiance.

© National Charter Schools Institute

All students in attendance at school will be provided an opportunity to recite the Pledge each day that school is in session. However, no student shall be compelled to recite the Pledge of Allegiance. No student shall be penalized for failure to participate in the Pledge and the professional staff shall protect any such students from bullying as a result of their not participating in the Pledge.

The building principal or administrator shall be responsible for determining the appropriate time and manner for reciting the Pledge, with due regard to the need to protect the rights and the privacy of a nonparticipating student.

ANTI-FRAUD

This policy is implemented to advise Academy personnel about activities which may be fraudulent, illegal or otherwise unethical. The Board will not tolerate such activities and disciplinary measures will be implemented as appropriate.

Scope

This policy applies to any fraud, or suspected fraud, involving Academy personnel as well as consultants, vendors, contractors, outside agencies doing business with employees of such agencies, and any other parties with a business relationship with the Academy.

Policy

Fraud and fraudulent activity is strictly prohibited.

Academy personnel shall be responsible for reporting any observed or suspected fraud or fraudulent activity to the School Leader or Board President.

All administrators shall be vigilant for any conduct that may appear to constitute fraud within the areas of their responsibility.

All reporting and investigation shall be done in accordance with the Academy's guidelines on this subject.

Fraud – Definitions

Fraud is defined as the intentional, false representation or concealment of a material fact for the purpose of inducing another to act upon his/her injury.

The following are examples of prohibited acts:

A. Falsification of any record with the intent to conceal information to the Academy's detriment or the individual's advantage, particularly financial records;

B. Forgery of a check, bank draft, wire transfer or any other financial document;

C. Unauthorized alteration of a financial document or account belonging to the Academy;

D. Misappropriation of funds, supplies or other assets of the Academy;

E. Impropriety in the handling or reporting of money or financial transactions;

F. Disclosing confidential and proprietary information to outside parties for personal gain (either directly or indirectly);

© National Charter Schools Institute

H. Unauthorized destruction, removal, or use of records, furniture, fixtures and/or equipment for personal gain (either directly or indirectly);

I. Misuse of State or Federal funds for other than their designated purposes.

This list is meant to illustrate the types of activities that are prohibited. It is not comprehensive. Other misconduct of a similar nature is similarly prohibited.

Confidentiality

The Academy will maintain confidentiality with regard to the reports of suspected misconduct and the investigation, to the extent consistent with the conduct of an appropriate investigation and its obligations under the Freedom of Information Act. However, absolute confidentiality for reporting witnesses and investigation results cannot be guaranteed.

Except as authorized by the School Leader or his/her designee, the reporting witness and others interviewed are not to discuss the allegations or investigation with other Academy personnel or officials, vendors or contractors. Such discussions may interfere with the investigation. Further, because of the nature of the alleged misconduct, unsubstantiated allegations which are not privileged could harm an innocent individual's reputation and result in potential civil liability.

Non-Retaliation

Those who, in good faith, report suspected fraudulent activity will not be subject to any retaliation as a result of bringing the suspected misconduct forward.

PUBLIC COMPLAINTS

Reference: 20 USC 1232 (h)

Any person or group having a legitimate interest in the operations of this Academy shall have the right to present a request, suggestion, or complaint concerning staff, the curriculum, or operations of the Academy. At the same time, the Board of Directors has a duty to protect staff from unnecessary harassment. The purpose of this policy is to provide the means for judging each public complaint in a fair, impartial manner and to seek a remedy, when appropriate.

The Board desires to rectify any misunderstandings between the public and the Academy by direct, informal discussions among the interested parties. More formal procedures shall be employed only when such informal meetings fail to resolve the differences.

Any requests, suggestions, or complaints reaching the Board, Board members, and/or the administration shall be referred to the Educational Service Provider for consideration, according to the procedures detailed below.

Matters Regarding a Staff Member

First Step

The complainant must first address the matter to the staff member, who shall discuss it promptly with the complainant and shall make every effort to provide a reasoned explanation or take appropriate action within his/her authority and Administrative Procedures.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by Academy officials.

As appropriate, the staff member shall report the complaint to the School Leader and explain whatever action may have been taken.

Second Step

If the complaint cannot be satisfactorily resolved, the complainant shall discuss it with the staff member's supervisor and/or School Leader.

Third Step

If a satisfactory solution is not achieved by discussion with the School Leader, the complainant may submit a written request for a conference to the Educational Service Provider. This request should include the following:

A. the specific nature of the complaint and a brief statement of the factors giving rise to it;

B. the manner in which the complainant (or child of the complainant) alleges he/she has been affected adversely;

© National Charter Schools Institute

C. the reason(s) the matter could not be resolved in discussions with the School Leader;

D. the relief sought by the complainant and the reasons such relief is needed.

Should the matter be resolved in conference with the Educational Service Provider, the Board shall be advised of the matter and its resolution.

Fourth Step

If the matter is still unresolved or still requires a Board decision or action, the complainant shall request, in writing, a hearing by the Board.

After reviewing all material relating to the case, the Board may grant a hearing before a committee of the Board.

The complainant shall be advised, in writing, of the Board Committee's decision no more than fifteen (15) business days following the Board's decision or action. The Board's decision will be final on the matter, and the Board will not provide a meeting to other complainants on the same issue.

If the complainant contacts an individual Board member to discuss the matter, the Board member shall inform the complainant that he/she has no authority to act in his/her individual capacity and that the complainant must follow the procedure described in this policy.

Matters Regarding the School Leader

First Step

The complainant must first address the matter to the School Leader, who shall discuss it promptly with the complainant and shall make every effort to provide a reasoned explanation or take appropriate action within her/his authority and the Academy's Administrative Procedures.

Second Step

If the complaint regarding the School Leader cannot be resolved through discussion, the complainant may submit a written request to the Educational Service Provider for a conference. This request should include the following:

A. the specific nature of the complaint and a brief statement of the facts giving rise to it;

B. the manner in which the complainant (or child of the complainant) alleges he/she has been affected adversely;

C. the reason(s) the matter was not able to be resolved with the School Leader;

D. the relief sought by the complainant and the reasons such relief is needed.

© National Charter Schools Institute

The complainant shall be advised, in writing, of the Educational Service Provider's decision within ten (10) business days.

Matters Regarding the Educational Service Provider

Should the matter be a concern regarding the Educational Service Provider or the Education Service Provider's decision regarding a complaint with the School Leader which cannot be resolved through discussion with the Educational Service Provider, the complainant may submit a written request for a conference to the Board. This request should include:

A. the specific nature of the complaint and a brief statement of the facts giving rise to it;

B. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;

C. the reason that the matter was not able to be resolved with the Educational Service Provider; and

D. the relief which the complainant seeks and the reasons why it is felt that such relief is needed.

The complainant shall be advised, in writing, of the Board's decision with ten (10) business days, following the next regular meeting of the Board. The Board's decision will be final and not subject to appeal.

Matters Regarding the Educational Program, Services, or Operations

If the request, suggestion, complaint, or grievance relates to a matter of educational program, services, or operations, it should first be addressed to the School Leader. Should the matter still not be resolved, or if it is one beyond the School Leader's authority and requires an Educational Service Provider decision or action, the complainant shall request, in writing, a hearing by the Educational Service Provider.

After reviewing all material relating to the case, the Educational Service Provider may recommend a hearing, before the Board or a committee of the Board.

After reviewing all material related to the case, the complainant shall be advised, in writing, of the Board's decision no more than fifteen (15) business days following the next regular meeting. The Board's decision will be final on the matter, and the Board will not provide a meeting to other complainants on the same issue.

If the complainant contacts an individual Board member to discuss the matter, the Board member shall inform the complainant that s/he has no authority to act as an individual member of the Board and that the complainant must follow the procedure described in this policy

Matters Regarding Instructional Materials

The Educational Service Provider shall prepare Administrative Procedures to ensure students and parents are adequately informed each year regarding their right to inspect instructional materials and regarding the procedure for completing such an inspection per Policy 2210.01.

If the request, suggestion, complaint, or grievance relates to instructional materials such as textbooks, library books, reference works, and other instructional aids used in the Academy, the following procedure shall be followed:

A. The criticism is to be addressed to the Educational Service Provider, in writing, and shall include:

   1. author;

   2. title;

   3. publisher;

   4. the complainant's familiarity with the material;

   5. sections objected to, by page and item;

   6. reasons for each objection.

B. Upon receipt of the information, the Educational Service Provider shall appoint a review committee, consisting of any/all of the following:

   1. one (1) or more professional staff members;

   2. one (1) or more Board member;

   3. one (1) or more lay persons knowledgeable in the area;

   4. The School Leader (as an ex official member of the committee).

C. In evaluating the questioned material, the committee shall be guided by the following criteria:

   1. the appropriateness of the material for the age and maturity level of the students with whom it is being used;

   2. the accuracy of the material;

   3. the objectivity of the material;

   4. the instructional use being made of the material.

D. The material in question may be withdrawn from use, pending the committee's recommendation to the Educational Service Provider.

© National Charter Schools Institute

The committee's recommendation shall be reported to the Educational Service Provider, in writing, within thirty (30) business days following the formation of the committee. Within thirty (30) business days, the complainant may appeal this decision to the Board, through a written request. The School Leader shall forward to the Board all written material relating to the matter.

The Board shall review the case and advise the complainant, in writing, of its decision within ten (10) business days.

No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.

ACADEMY VISITORS

The Board of Directors welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the school, it is necessary to establish visitor procedures.

The Educational Service Provider has the authority to prohibit the entry of any person to the school to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the Academy. If such an individual refuses to leave the school grounds or creates a disturbance, the School Leader is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Parents/Guardians, who are registered sex offenders and wish to participate in their child's school activities, may be allowed on campus at the discretion and under the direction of the School Leader. Conditions may be imposed, including but not limited to the following: must have prior permission, must check in, must have approved escort in building or at event, must leave premises immediately upon conclusion of business, and may not visit while school is in session.

Nonstaff access to students and classes must be limited and only in accordance with a schedule which has been determined by the School Leader after consultation with the teacher whose classroom is being visited. Classroom visitations must be nonobtrusive to the educative process and learning environment and should not occur on an excessive basis.

Parent concerns about any aspect of his/her child's educational program should be presented through the procedure set forth in Board Policy 9130 - Public Complaints, a copy of which is available at the office.

Except as set forth in Academy policy, canines brought on the premises by law enforcement personnel for law enforcement purposes, or in the case of "service animals" required for use by a person with a disability.

The Educational Service Provider shall promulgate such Administrative Procedures as are necessary to protect students and employees from disruption to the educational program or the efficient conduct of their assigned tasks.

Rules regarding entry of persons other than students, staff, and faculty upon school grounds or premises shall be posted conspicuously at or near the entrance to such grounds or premises if there are no formal entrances, and at the main entrance.

Individual Board members who are interested in visiting schools or classrooms on an unofficial basis shall make the appropriate arrangements with the School Leader. In keeping with Board bylaws, such Board member visits shall not be considered to be official unless designated as such by the Board.

The Board member shall be visiting as an interested individual in a similar capacity of any parent or citizen of the community. These visits should not be considered to be inspections nor as supervisory in nature.

© National Charter Schools Institute

If, during a visit to a school or program, a Board member observes a situation or condition which causes concern, s/he should discuss the situation first with the School Leader as soon as convenient or appropriate. Such a report or discussion shall not be considered an official one from the Board.

If the Board member believes the situation or condition serious enough, s/he may wish to also inform the Educational Service Provider.

PUBLIC ATTENDANCE AT ACADEMY EVENTS

Reference: 28 C.F.R. Part 35

The Board of Directors welcomes the attendance of members of the community at athletic and other public events held by the schools in the Academy, but the Board also acknowledges its duty to maintain order and preserve the facilities of the Academy during the conduct of such events. The Board retains the right to bar the attendance of or remove any person whose conduct may constitute a disruption at an Academy event. Academy administrators are expected to call law enforcement officials if a person violates posted regulations or does not leave Academy property when reasonably requested. In accordance with Board Policy 7440 administrators may use metal detectors and other devices to protect the safety and well-being of participants and visitors.

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto.

If a student or adult is asked to leave or is removed from a school event, no admission fees shall be refunded.

Individuals with disabilities shall have an equal opportunity to purchase tickets for events that have been sanctioned or approved by the Board in accordance with the provisions of the Americans with Disabilities Act, as amended.

Further, in accordance with the provisions of the Americans with Disabilities Act, as amended, the Board shall permit individuals with disabilities to be accompanied by their service animals in all areas of the Academy's facilities where members of the public, as participants in services, programs or activities, or as invitees, are allowed to go. (See also Policy 8390)

Smoking and/or the use of tobacco and/or tobacco substitute products is prohibited at any time within any enclosed facility owned or leased or contracted for by the Board, and in areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. Such prohibition also applies to Academy grounds and any Academy-related event.

The Board is aware of the increasing desire of many parents and other members of an audience to make audio and/or video recordings of school events.

Such recordings can be made by parents or other members of the audience without restriction if the performance is not of copyrighted material. However, if the performance is of copyrighted material, recording can be made if the appropriate license authorizing such recordings has been secured in advance by the Academy. If the performance is of

copyrighted material and the necessary license has not been secured in advance by the Academy, the audience shall be advised before the performance begins that audio and/or video recordings that will be re-broadcast or distributed in any way, such as posting on the Internet, are prohibited.

The Board authorizes the Educational Service Provider to establish rules and procedures governing the use of non-school audio/visual recording equipment at any school sponsored event or activity. Such rules are to be distributed in such a manner that members of the audience who wish to record the event are aware of the rules early enough to make proper arrangements to obtain their recordings without causing delay or disruption to an activity.

Any person or organization seeking to film students or a school activity which is not a public event shall obtain prior permission from the School Leader.

The School Leader shall ensure that all notices, signs, schedules, and other communications about school events contain the following statement:

"Upon request to the School Leader the Academy shall make reasonable accommodation for a disabled person to be able to participate in this activity."

ACADEMY SUPPORT ORGANIZATIONS

The Board of Directors appreciates the formation and efforts of organizations whose objectives are to enhance the educational experiences of students in the Academy, to help meet educational needs of students, and/or provide extra educational benefits not currently provided for by the Board.

The Board recognizes that parent-teacher organizations and other school-related organizations are channels through which Academy personnel, parents, and other citizens may discuss educational concerns, problems, and needs and then work together toward solutions.

No organization may hold itself out as affiliated in any manner with the Academy unless directly approved to do so by the Academy Board of Directors, and then only as a “booster” or PTA/PTO organization for support purposes. No support organization shall be, or hold itself out as, an agent of the Academy for any purpose whatsoever.

PARENT/LEGAL GUARDIAN REVIEW OF INSTRUCTIONAL MATERIALS AND OBSERVATION OF INSTRUCTIONAL ACTIVITIES

Reference: MCL 380.1137

Where the term “parent” or “parents” is used in this policy, it shall include legal guardians.

Parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. “Instructional materials” includes curricula, textbooks, teaching materials and other instructional content, regardless of format, that is provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as material accessible through the Internet). “Instructional materials” does not include academic tests or academic assessments.

Parents also have the right to be present, to a reasonable degree, and at reasonable times and subject to reasonable restrictions, to observe instructional activity (excluding testing) in a class or course in which the parent’s pupil is enrolled and present.

The Educational Service Provider shall develop Administrative Procedures for addressing the rights of parents and to assure timely response to parental requests to review instructional material or to observe instructional activity. The procedures also shall address reasonable notification to parents and students of their rights pursuant to this policy.

This policy shall not supersede any rights provided under the Family Educational Rights and Privacy Act.

PARTNERSHIPS WITH BUSINESS

The Board of Directors is well aware of the role that education plays in increasing the nation's productivity and future well-being. To ensure success requires the combination of talent and resources within the region between business and education. The Board also recognizes the Academy needs to operate as an integral part of the economic community, if students are to receive the type of education and training they will need to function effectively in the twenty-first century.

The Board may establish partnerships between the Academy and individual companies. The purpose of such partnerships will be to seek opportunities for students and staff to share in new strategies and technologies being created in the business world and to offer, in exchange, the knowledge and skill of school personnel in creating more effective continuing education for employees and members of the community. Properly planned and implemented, such partnerships could have significant impact on the nature and content of the curriculum and on the manner in which students are taught to learn.

The Educational Service Provider is authorized to actively seek and present such partnerships for Board approval.

ADVERTISING AND COMMERCIAL ACTIVITIES

The purpose of this policy is to provide procedures for the appropriate and inappropriate use of advertising or promoting of commercial products or services to students and parents in the schools.

"Advertising" comes in many different categories and forums and is defined as an oral, written or graphic statement made by the producer, manufacturer, or seller of products, equipment, or services which calls for the public's attention to arouse a desire to buy, use or patronize the product, equipment, or services. This includes the visible promotion of product logos for other than identification purposes. Brand names, trademarks, logos or tags for product or service identification purposes are not considered advertising.

It is the policy of the Board of Directors that advertising shall not be permitted in school facilities or on school property and that the Academy's name, students, staff members and school facilities shall not be used for any commercial advertising or otherwise promoting the interests of any commercial, political, nonprofit or other non-school agency or organization, public or private.

The School Leader shall be responsible for recruiting volunteers, reviewing their capabilities, and making appropriate placements. He/She shall not place or assign volunteers whose abilities are not in accord with Academy needs.

Any individual who volunteers to work in the Academy or on any school sponsored activity shall submit to a criminal history records check, prior to being allowed to participate in any activity or program.

Any volunteer who works with or has access to students shall submit to a criminal history records check, prior to being allowed to participate in any activity or program.

Any person who volunteers to work with the Academy shall be screened through the Internet sites for the Sex Offenders Registry [SOR] list, the Internet Criminal History Access Tool [ICHAT] criminal history records check and the Offender Tracking Information System [OTIS] prior to being allowed to participate in any activity or program.

Any volunteer who works with or has access to students shall be screened through the Internet sites for the Sex Offenders Registry [SOR] list, the Internet Criminal History Access Tool [ICHAT] criminal history records check and the Offender Tracking Information System [OTIS] prior to being allowed to participate in any activity or program.

The School Leader shall conduct criminal background checks on all volunteers in the same manner as required for other professional staff.

The School Leader is to inform each volunteer about his/her requirements and responsibilities. Volunteers are expected to agree to the following conditions:

A. abide by all Board policies and Academy procedures while on duty as a volunteer, including signing, if appropriate, the Academy's Network and Internet Access Agreement Forms;

B. be covered under the Academy's liability policy. (However, volunteers shall be informed that the Academy cannot provide any type of health insurance to cover illness or accident incurred while serving as a volunteer, nor is the volunteer eligible for worker's compensation);

The School Leader shall also demonstrate to each volunteer the Academy's appreciation for his/her time and efforts in assisting the operation of the Academy.
